RESIDENTS WHO WISH TO ADDRESS COUNCIL

Veronica Winkelman- Ms. Winkelman spoke regarding benefits included in the 2026 budget, specifically including the council in retirement benefits and the city funded 401a match. Under the city's HR policies, this benefit is reserved for full-time employees. Ms. Winkelman feels that including this benefit in the budget without a formal policy change and a public discussion raises both legal and ethical concerns. She urged the council to remove the 401a match and PERF from the 2026 budget until there is public discussion, and they explore lawful eligibility before taking action. The public deserves transparency, accountability, and a clear adherence to this policy.

Reagan Graman- Ms. Graman believes the proposed 2026 budget should not be approved tonight. She has concerns about the impact of SEA-1 and the limited detail available to the public about the budget. It appears the city is planning to spend more than ever before, yet we are being told cutbacks are necessary. While she appreciates the effort to address revenue losses, she does not feel the public was given the budget details. Ms. Graman requested that council delay the vote, to provide everyone with an additional two weeks, to receive and review more detailed information. She suggested having a public listening session where the public could come and hear a full presentation of the budget and ask questions. This would ensure transparency and allow the community to better understand the budget's implications.

Deidre Mortensen- Ms. Mortensen stated she wanted to talk and comment about financial reporting. She moved here from Fishers because, at the time, she felt Fishers was growing too fast and was concerned about their government integrity. When cities grow too fast, true transparency is not apparent. It can cause concern for the political landscape, which is what Ms. Mortensen feels may be happening to Westfield. If the goal is to become one of the best cities in America, we need to make sure that our growth does not fuel deficits. Self-enrichment of government leaders and potentially business counterparts, or cronyism can not happen. Population growth has to be managed to ensure property values and quality of life are being maintained. Political power can not derail our integrity. This is what we trust our government officials to do. Fishers has sustained their growth while excelling in financial reporting. Their controller's office consistently receives certificates of achievement for excellence in their financial reporting year after year from the GFOA, which is a nationally recognized organization. This is what Westfield should strive for, not just growth, but being the best in government reporting, publishing the full budget books, and full transparency.

Michael Mortensen- Mr. Mortensen said like many residents that have chosen Westfield, he expects high standards, fiscal responsibility and full transparency. On major fiscal items, residents should have ample advance notice and clear accessible materials to review and be able to respond or comment on, prior to a vote being taken. Large contracts have been awarded prior to independent pre-award reviews visible to the public. Oversight tends to come after the fact through state audits, rather than before commitments are made. Our city officials have the duty and responsibility to manage our resources wisely and with transparency. Mr. Mortensen asked the administration to consider: open budget work sessions with materials posted in advance, at least 14 days public notice prior to major votes beyond the legal minimum, use of nationally recognized transparency benchmarks like GFOA and best practices awards to guide how budgets and performances are presented, an independent review of major contracts before they are awarded and public scorecards after showing on time, on budget, results and outcome. Regarding the topic of council benefits, please commit to a full open discussion with clear cost alternatives and justification prior to a vote. Transparency and fiscal responsibility should not be a talking point. Westfield's governance should aspire to high standards.

Linda Naas- Ms. Naas prepared and handed to the council a spreadsheet comparing the budgets from 2020 to 2026. The budget has gone from \$43M to a proposed \$165M this year. The largest increase came in 2025, when the current administration took over. According to Indiana Stats, our population is 62,944, Carmel's is 103,606, Fishers is 107,000, and Noblesville is 75,239. The state and county follow the per capita tax breakdowns and tax burden. Westfield, by far, has the highest per capita tax burden with this proposed budget (\$2621.11 per person). Carmel's per capita burden is \$2332.45, Fishers is \$1573.92, and Noblesville is \$1668.66. If you compare the rates, our budget runs \$20M more than Carmel, \$66M more than Fishers, and \$60M more than Noblesville. It does not seem our budget is inline. Ms. Naas commented that she had requested the Sustainability Report, which is a document paid for by the taxpayers. The document is approximately 175 pages and shows digital revenues from the past ten years, and has been available until this administration. *spreadsheet is attached*

MISCELLANEOUS BUSINESS/SPECIAL RECOGNITION

Proclamation- Domestic Violence Awareness Month

Mayor Willis presented Tammy Wanninger from Prevail a proclamation claiming October Domestic Violence Awareness Month.

Proclamation- National Disability Awareness Month

Mayor Willis presented a proclamation declaring October National Disability Awareness Month to Nicole Southerland, Chair of WMCD.

Presentation- John Nail, Public Works Update

John Nail gave a presentation on the Public Works Department. The Public Works Department is split into two smaller departments. One side is the Street Maintenance/Street Department, the other side is the Engineering Department. The street department is responsible for maintaining all city assets in our public right-of-way. This includes pothole filling and pavement resurfacing, and sidewalk repairs. They are also responsible for snow removal. The engineering side is responsible for asset management planning, which includes the annual resurfacing program, and pavement preservation, as well as long-term capital improvement planning. The Stormwater Department falls within the engineering side. They are responsible for dealing with any flooding issues. Wes Rood, who is the Stormwater Coordinator, runs the department and stormwater utility billing falls into that group. Additional responsibilities that fall under Public Works were discussed. An overview of the completed and ongoing construction projects for 2025 was presented. Highlights are that 3 new roundabouts have been completed so far with 2 more ongoing. East-West traffic on SR32 from Union to Poplar is expected to be open October 28th, (one lane in each direction). Upcoming projects include the Monon Tunnel under 161st Street, slated to start in the spring of 2026, the widening of Mule Barn Road (Spring 2026), and the Monon Bridge over 191st Street (2026). Grand Park Blvd. & 181st Street RAB (summer 2026), and Grand Park Blvd & John Dippel RAB (Fall 2026, which will also be the entrance to the new police station), and Westfield Blvd. Connector (2026).

Director Nail recognized the Street Department for doing demolition work of structures on Park Street and putting in temporary parking lots to serve the Grand Junction area. In-house CDL training certification is starting instead of using an outside service. All of these are huge cost savings for the city.

Kurt Wanninger and Mayor Willis commended Director Nail and the Public Works team for all their hard work and response times, keeping the city maintained.

Ordinance 25-62: Westfield Washington Public Library 2026 Budget Approval

Presented by: Sheryl Sollars

First Reading & Public Hearing: September 22, 2025

Adoption Consideration: October 13, 2022

Sheryl Sollars presented. The state requires local libraries to come before the council for their budget approval. This was the second reading and Ms. Sollars requested that the council approve the 2026 Westfield Washington Public Library budget.

Motion to approve made by: Kurt Wanninger

Vote: Yes-6; No-0. Motion carried.

Ordinance 25-46: Lantern Commons PUD Amendment

Presented by: Lauren Gillingham-Teague/Council Sponsor: Noah Herron

First Reading: July 22, 2025

APC Public Hearing: August 4, 2025

APC Workshop: September 15, 2025

APC Recommendation: October 6, 2025

Adoption Consideration: October 13, 2025

Lauren Gillingham-Teague presented. This is an amendment to the Lantern Commons PUD located at the northwest corner of 161st St. and Westfield Blvd. The amendment proposes a mixed-use development comprised of two four-story mixed-use buildings, with approximately 100 units, several plaza spaces, and a standalone restaurant anchoring the corner right at the roundabout.

Councilor McCarty gave some background information on the Lantern Commons project that was originally approved in 2007 and the changes made to get to what is being proposed currently. There are some concerns regarding the intersection at Westfield Blvd. and Union St. Councilor Tamm expressed that he does not like this intersection. Councilor Wanninger stated that overall he feels this is a good use for this parcel. He likes the concept, architecture and design, but is disappointed with the intersection where Westfield Blvd. and South Union tie in, and he does not like the entrance to the development.

Councilor Wanninger spoke to public works and administration about these issues, and they will be monitoring the intersection, but they feel once Westfield Blvd. is completed up to 169th Street continuing to SR32, there will be significant reduction in traffic on Union Street. There are plans to potentially add additional stop signs along Union once that roadway is completed. The long-term goal is to make Union Street pedestrian-friendly with a lower speed limit.

Motion to approve made by: Kurt Wanninger

Seconded by: Chad Huff

Vote: Yes-6; No-0. Motion carried.

Ordinance 25-47: UDO Amendment/Grand Junction Overlay District (Park & Jersey Street Overlay District)

Presented by: Kevin Todd

First Reading: August 11, 2025

APC Public Hearing: September 2, 2025

APC Workshop: Waived

APC Recommendation: October 6, 2025

Adoption Consideration: October 13, 2025

Lauren Gillingham-Teague presented. This update to the UDO adds a new overlay to a portion of downtown. The idea behind the overlay is to ensure that development and redevelopment in this area stays consistent with the city's plan and vision, establishing the district as a pedestrian-focused dining and shopping area within downtown. Since this item was introduced, there have been no material changes except for a new change. The name previously was the Park and Jersey Street Overlay District but is now being called the Grand Junction Overlay District to better align with other planning documents the city has going on at this time.

Mayor Willis stated the overlay will protect the Park St. Corridor. If someone purchases the land and decides to tear a building down, it ensures that they have to rebuild using the basic architecture and design that is currently established along Park Street today. Councilor McCarty added that creating the overlay district simplifies the process for those that want to invest in this district in the future.

Ordinance 25-60: 2026 City Budget Approval

Presented by: Danielle Carey-Tolan

First Reading & Public Hearing: September 22, 2025

Adoption Consideration: October 13, 2025

Mayor Willis presented. The mayor reviewed the budget timeline, stating the timeline puts us inline with the timeline mandated by the state, and any delay from this point would put us in jeopardy of hitting the statutory requirements. The tax rate will be dropping for the second consecutive year. Despite what was said by a resident earlier in the meeting, our tax rates are the ninth or tenth lowest in the state, with Fishers being the only city in Hamilton County that is lower than Westfield, according to the mayor. Being the sixth-fastest growing city in America, and continuing to keep our tax rates low is big. The mayor gave kudos to the previous mayor, administration, and council, and now this administration and council. Public safety and infrastructure remain the city's biggest priorities. Every department in the city, minus fire and police, made cuts in their budget. Public Works and Council made budget cuts, but with salary increases, their budget remained even. Residents have inquired about the city's fiscal solvency, where we stand as a city and are we being responsible. The mayor reported at the end of the year, including what is going back in the 2026 budget rainy day fund, there will be over \$56 million in cash reserves.

Councilor Wanninger noted that he did not support vehicle allowances when the Council approved the budget last year. He is now requesting that vehicle allowances for certain employees be removed from the salary ordinance, and that the approval of their removal be reflected in the approval of tonight's budget. For clarification, this pertains to two positions in city administration, and one elected official. Councilor McCarty commended the Public Works and Community Development Departments for a successful bulk trash day, and Westfield Welcome for Barkfest. Councilor McCarty is not in support of expanding departments in order to meet the needs of today. He feels we are already there and does not like adding additional positions in 2026. Mayor Willis replied, "The mayor's office makes staffing decisions, not the council. You can not approve the funding of it, but it is by statute the mayor's responsibility". There have been discussions about hiring another legal officer in 2026 to reduce legal fees. This position reduces the budget when you look at what is being spent on consulting services. If department heads can show they can reduce their budgets by hiring someone, then the mayor stated he would support it.

Councilor Wanninger made the motion to remove the vehicle allowances from the budget for the two positions within city administration, and one within the clerk-treasurer's office. The mayor clarified that this basically takes \$15,000 out of the general budget and puts it into the rainy day fund, unless the council wants to appropriate it somewhere else. There was discussion as to what the amendment needed to be and if the motion needed to include where the money was to be allocated. Ben Roeger, stated the \$15,000 would be taken out of the budget. Kaitlin Glazier advised that the motion should state where the money is being taken out of and if it was not totally removed from the budget, where the money was being allocated to. Deputy Mayor Tolan stated the money would be unappropriated, but it would remain in the total budget to expend.

Councilor Herron asked Councilor Wanninger who he had spoken to regarding removing the 3 car allowances, stating he was unaware of this happening tonight. Councilor Wanninger stated he had spoken with the Mayor earlier today, and President Tamm prior to the start of the meeting.

Councilor Wanninger restated his motion: motion to remove \$15,000 from the budget regarding the vehicle allowance for two city administration positions and one elected official position, and the funds would stay appropriated within the budget.

Seconded by: Patrick Tamm. Vote Yes-4; No-2 (J. Duepner, N. Herron). Motion carried.

The motion to approve Ordinance 25-60 as amended was made by: Kurt Wanninger

Seconded by: Chad Huff

Vote: Yes-6; No-0. Motion carried.

Resolution 25-154: 2026 Growth Levy Appeal

Presented by: Danielle Carey-Tolan

Adoption Consideration: October 13, 2025

Danielle Carey-Tolan presented. This resolution authorizes the city to pursue an AV growth levy appeal with the DGLF. We are estimating \$4.8 million for the growth levy appeal. President Tamm clarified that the city is basically asking for the tax dollars that we already generated back. We are over the growth cap, and we are asking for our residents' tax dollars to go back into our community.

Motion to approve made by: Kurt Wanninger

Seconded by: Chad Huff

Vote: Yes-6; No-0. Motion carried.

Resolution 25-155: 2026 Property Tax Rate

Presented by: Danielle Carey-Tolan

Adoption Consideration: October 13, 2025

Danielle Carey-Tolan presented. This resolution provides the DGLF with the plans for how the city will take the tax rate and allocate it among the operating budget and debt services funds.

Motion to approve made by: Kurt Wanninger

Seconded by: Victor McCarty

Vote: Yes-6; No-0. Motion carried.

Resolution 25-156: Patch Northpoint LLC Real Property Tax Abatement

Presented by: Claire Gelin

Adoption Consideration: October 13, 2025

Claire Gelin presented. This is an incentive recommendation for the council's approval for a speculative 80,000 square foot enclosed industrial flex space that will be developed by Patch Development. It is located at the corner of East Street and Grassy Branch Rd in the Northpoint Industrial Park. The developer plans to invest close to \$12M in real property improvements to the site. The project would begin in December 2025 and be completed by December 2026. The recommendation is for council to consider a 7-year real property abatement with a 10% step down each year. Due to the building being a speculative build, and the size of the parcels, the property is only best utilized as a single industrial project. The opinion is that this is the highest and best use for the property. This would keep the incentive structure competitive with other previously approved real property abatements located in Northpointe Industrial Park. Based on today's numbers, when the project is completed, it is estimated to generate \$6.8M in assessed value. Today the project generates approximately \$21,000. Ms. Gelin gave the background of these parcels from 2021 when the previous council approved a ten-year real property abatement for a 55,000 square foot speculative building, but no development progress was made, so this requires a renegotiation of the incentives for the property. To avoid delays with projects requesting abatement incentives locally, the resolution will incorporate project milestones and timelines. It requires developers to meet specific timelines for the project and ensures they are maximizing the project scope. Failure to meet the requirements would be a breach of the developer's commitment, and allow us to renegotiate incentives in the future.

Motion to approve made by: Kurt Wanninger

Seconded by: Chad Huff

Vote: Yes-6; No-0. Motion carried.

Ordinance 25-63: 2026 Non-Elected Salary Ordinance

Presented by: Danielle Carey-Tolan

First Reading: October 13, 2025

Adoption Consideration: October 27, 2025

Danielle Carey-Tolan presented. The salary ordinance aligns with the additional head count and new title changes. A few grade changes were made due to positions being at the maximum grade for that position. Kaitlin Glazier commented that this is where the vehicle stipends would be removed prior to the second reading and adoption consideration. This will be removed in the non-elected officials ordinance (affecting 2 administrative positions) and in the elected officials salary ordinance (the Clerk-Treasurer's).

Ordinance 25-64: Elected Officials 2026 Salary Ordinance

Presented by: Marla Ailor

First Reading: October 13, 2025

Adoption Consideration: October 27, 2025

Kurt Wanninger presented. The mayor, clerk-treasurer, and the council members all received increases. Section 3 there will be the removal of the Clerk-Treasurer's Vehicle allowance. Sections 4 and 5 are the employee contributions to PERF, which is paid for by the city, for the mayor, clerk and city council. If approved, those will remain. Mr. Wanninger noted that it does not matter if you are a class 2 or class 3 city, all elected officials are eligible for the benefits if they vote for it. In checking with Carmel, Fishers, Noblesville, and other surrounding municipalities, PERF and 457 matches are provided to their council employees. PERF would only be 3%. Anything beyond that, if you are not fully vested after the 10-year period, the funds would be remitted back to the city from the state and the 457 would be part of that compensation. For the salary portions, Mr. Wanninger relayed that the adjacent cities to Westfield pay their city councilors around \$25-\$26,000, so we are trying to bring us in line with the neighboring communities.

Councilor Herron inquired where in the ordinance does it state that the city council would receive these benefits. Mr.

Wanninger responded that this was the first reading and would need city legal to review and make adjustments. Councilor Herron stated for the record that he personally would like things to remain the same, and did not wish to see the city council receive PERF and retirement contributions at this time. Councilor McCarty asked about adopting a city ordinance to be eligible for PERF, and when that ordinance would be expected for adoption consideration. President Tamm stated this ordinance would be amended and up for adoption consideration at the next meeting. Councilor McCarty questioned if it was a requirement to have a separate PERF ordinance. Deputy Mayor Tolan asserted that once this ordinance is passed, we would amend the city handbook, which is approved yearly by the Board of Public Works, to make the necessary modifications, so the changes would take effect at the beginning of next year.

Ordinance 25-65: Additional Appropriation Parks District Bond 2024 (Fund 340)

Presented by: Danielle Carey-Tolan

First Reading: October 13, 2025

Adoption Consideration: October 27, 2025

Danielle Carey-Tolan presented. This is the additional appropriation of the Parks Bond. This is only a portion of the bond relating to Simon Moon Park. This is for \$5.5M because we are ready for the project. The Park Street Streetscape will come later when we are ready for that project to begin and the remaining funds of the bond will be spent.

CITY COUNCIL COMMENTS

Victor McCarty gave an APC update and reminded citizens there will be a Comprehensive Plan meeting at 6PM this Thursday at the library.

Patrick Tamm spoke regarding the GFOA. When Fishers received their GFOA, the principal/founder of Bondry Consulting, who is now our city's advisor, was the finance director for the City of Fishers. Their outside advisor team, at that time, was led by our city's current financial strategist. S & P found this interesting.

MAYOR COMMENTS

Mayor Willis commented that when we talk about transparency in the city, it is more than communications. It is about the finances of the city, ensuring that we are following and pursuing every measure possible to show the residents that we are making sound fiscal decisions, and that we have the approval of the agencies that hold us accountable. The mayor spoke about obtaining an AAA bond rating, stating he only has one person on his staff currently that handles finance. The Clerk-Treasurer has a staff, but they are not staffed like Fishers, Carmel or Noblesville, who have 12 to 15 people on their finance team. The clerk's office has six people, including the treasurer, but a couple of them are clerks like Kim, so not all of them are doing finances. This leaves us short-handed, which means things around transparency and financial information being available is not possible due to the lack of resources. A top priority is to build a strategy with the clerk-treasurer's office on how we staff and transition these powers over. The mayor thanked the council for working with administration regarding the budget.

ADJOURNMENT

Kurt Wanninger made the motion to adjourn.

PERF for Council - based on other larger Hamilton County Cities pay it - however they are 2nd class cities and we are still 3rd class until 1/1/2028 - No I believe we can contribute much of our budget increase to acting like a 2nd class city and increasing hiring, legal and consultants. or believing spending money can make us the largest city in Hamilton County when others have quite a head start on us. We hired more people in each department but then have to hire more consultants to advise and interpret. Without the Sustainability Report which I requested, which is paid for by the taxpayers, that used to be available until this Mayor, it is hard to know what the financial picture is. We have a budget worthy of a population of 100,000+ but we are reported at about **62,994**, smaller than the existing 2nd class cities.
