Councilor Wanninger thanked Mr. Deck for his presentation. He asked that Mr. Deck return to a future meeting with financial information on their many events in the near future.

OLD BUSINESS

THIS WAS ADDED AT THE START OF THE MEETING

Approval of Ordinance 25-60/Budget Form 4 as Advertised and Presented

President Tamm stated that on October 13, 2025, the council did pass the budget. Technically, they did not pass the budget as presented or advertised; they reduced the budget by \$15,000. The council can reduce the budget but an updated Form 4 would need to be signed. Due to financial repercussions, it is easier to amend the salary ordinances, resend prior actions and approve Ordinance 25-60 as advertised and presented.

President Tamm made the motion to approve Ordinance 25-60/budget form 4 as advertised and presented at the October 13, 2025, council meeting and resend prior actions to the contrary.

Councilor Herron seconded the motion. Vote: Yes5;No-0. Motion carried.

Ordinance 25-65: Common Council of the City of Westfield, Indiana, Authorizing and Approving an Additional Appropriation From the Operating Balance of the Park District Bond 2024 Fund (Fund 340)

Presented by: Danielle Carey-Tolan

First Reading: October 13, 2025

Public Hearing: October 27, 2025

Adoption Consideration: October 27, 2025

Public Hearing Open: 7:26 PM/ No comments

Public Hearing Closed: 7:26 PM

Motion to approve made by: Councilor Wanninger

Seconded by: Councilor McCarty

Vote: Yes-5; No-0. Motion carried.

Ordinance 25-63: 2026 Salary Ordinance

Presented by: Danielle Carey-Tolan

First Reading: October 13, 2025

Adoption Consideration: October 27, 2025

Mayor Willis presented the updated Salary Ordinance, noting that Council has had time to look at it. Councilor McCarty inquired since the version of the ordinance that was posted online is not the version that the council received in their email on Friday, can it be voted on tonight? Councilor McCarthy stated that, due to some administrative changes, he would be a "no" vote. Councilor Herron asked that the time frame agreed upon by councilors (Wednesday at 4:30 PM, prior to Monday's meeting) to receive the agenda and the agenda documents be respected. There was discussion about the amendments made to a newer version versus the version posted online.

Councilor Wanninger made the motion to approve Ordinance 25-63, the 2026 salary ordinance, with the amendments presented.

Councilor Herron seconded. Vote: Yes-4; No-1 (V. McCarty) Motion carried.

Ordinance 25-64: Elected Officials 2025 Salary Ordinance

Presented by: Kurt Wanninger

First Reading: October 13, 2027

Adoption Consideration: October 27, 2025

Councilor Wanninger presented the salary ordinance for the elected officials, the mayor, clerk-treasurer, and the city council. The ordinance states that the mayor, clerk treasurer, and the council will receive PERF and retirement contributions. Councilor Herron expressed that he feels like city council is a part-time job and councilors should not receive these benefits. The Clerk-Treasurer spoke on the removal of car stipends for certain employees, including herself. The stipend was originally offered by the mayor in lieu of a fleet vehicle. Ms. Ailor explained for herself, this was a practical and transparent agreement, stating that she is issued a separate check where taxes are automatically deducted, eliminating the need to track mileage. Ms. Ailor requested \$707.00 be added to her 2026 salary. That amount, along with the opportunity to earn an additional \$1,000 by receiving her Certified Municipal Clerk accreditation would bring her 2026 salary to align with her 2025 salary.

This item was tabled until the next meeting.

Public Hearing Open: 7:26 PM/ No Comments

Public Hearing Closed: 7:26 PM

Ordinance 25-66: Ironstone PUD

Staff Planner: Weston Rogers/Council Sponsor: Chad Huff

First Reading: October 27, 2025

APC Public Hearing: November 3, 2025

APC Workshop (Tentative): December 15, 2025

APC Recommendation (Tentative): January 14, 2026

Adoption Consideration (Tentative): January 26, 2026

Weston Rogers presented this item. John Dobosiewicz was in attendance. Three distinct areas were presented. A public hearing is scheduled for next Monday at the APC meeting at City Hall.

John Dobosiewicz then presented on behalf of the developer, Paul Rioux, for the community called Ironstone at Hortonville. City staff have been meeting with the developer for more than a year. Certain improvements will be made before construction starts. Road segments and intersection improvements need to be made, as well, a new Fire Station (#85) that has been started at the corner of 206th and Six Points Road. Mr. Dobosiewicz stated this is not the largest master-planned development in the City, but noted it would take over 10 to 12 years to complete and would begin in 2027. The red dotted line shown on the map in the presentation shows the boundaries of neighboring Sheridan. Architectural renderings were shown that included homes, town homes, and amenities. The amenities include an 11-acre park, named Foundry Park, which is twice the size of Grand Junction Plaza. It includes sports courts, amphitheater space, and a lake that is bigger than a football field. The lake allows for a boat launch and there are several linear parks (trails) and a community pool. "The Reserve" is an area that includes custom homes and is built around an old cemetery. The neighborhood meeting produced many questions that will be answered after the public hearing. The modifications and changes that are made will be based on public input. Adoption considered is not anticipated for three to four months. There will be 40 acres within the Lakes Area donated to the Westfield schools.

Paul Rioux, of Platinum Properties, shared a list of 27 communities he has already built in Westfield. He emphasized his experience in large-scale projects and stated that this development would increase the City's AV by \$1 Billion. He noted 160 residents showed up at the neighborhood meeting, but they were very respectful. He is receptive to working with residents and meeting their concerns as they come. He said the amenities alone include a \$10 million investment and \$4 million in trails. Sewer and water will, of course, need to be expanded in this area.

Mayor Willis said, "The noise of the neighborhood got out before they were ready." He added that the developer approached him before he was even the mayor. He believes it was June 2023. His answer at the time was no, we aren't ready. We did not have a comprehensive plan and vision for the project. We agreed to wait for a year or so to have more momentum behind the comprehensive plan. He's heard concerns about the development being too large and the area not being able to support the project. The mayor stated that city staff and John Nail's public work staff have been working on this for two years. Mayor Willis commented that the city has said no to more development since he took office, than he can remember the city saying no to. Every home exceeds the minimum threshold that the City needs for the utility expansion and tax advantages. All too often, Westfield builds neighborhoods and must come back and do infrastructure later. However, in this case, that situation will not occur. He is committed to infrastructure fitting the needs of this development. It will generate \$7.5 million in road impact fees. Current housing trends show residents are aging in place. The school is planning for growth and they need it. The mayor reiterated that the developer has given the school district 40 acres at the current going rate of \$70,000 per acre to build a school in the future. He then spoke about farmers who can't afford the taxes on the land they're farming. He said it was better for them to take the money and move north. The value of the land is \$57.4 million. The mayor says it is not the government's role to tell a farmer they can't cash out, but he would like the opportunity to control what happens on it.

Councilor Wanninger commended Paul Rioux. He ran on the platform for responsible growth and believes this is part of it. He agrees with the mayor about this development. He noted a 40-acre parcel that backs up the Monon and would like to see it incorporated into the development. The area north of the overhead power lines by the school should be extended to Six Points Road. He appreciates the connectivity to the trail system. He commented on the road improvements and the

school, too.

Councilor McCarty, who didn't plan on saying anything, noted that his parents live in the "white triangle" for full disclosure, and he looks forward to working with the public on this project.

Councilor Duepner noted this is his district and, after speaking with residents, the overarching concern is that this project is sort of out on an island. He looks forward to seeing the plans for infrastructure that will be going in sooner rather than later. If infrastructure was not going in ahead of development, this would not be something he would support.

Ordinance 25-67: Common Council of the City of Westfield, Indiana Authorizing and Approving an Additional Appropriation of Funds from the Performance Maintenance Fund

Presented by: John Nail

First Reading and Public Hearing: October 27, 2025

Adoption Consideration: November 10, 2025

John Nail presented this item. When Alpha Tau Business Park, which is located at the northeast corner of Dartown Rd and SR 32. This was developed a long time ago and there is one lot remaining that was not developed. The lot has a detention pond and when the developer re-platted the business park, they platted right away for a future tournament trail extension. The right of way platting of the extension overlapped the detention pond. The city engineering staff did not want to accept the plat until they had assurance the retention pond would be removed out of the right of way for the future tournament trail. The developer agreed to submit a \$75,000 cash bond to the city, which was collected many years ago. Since that time, the pond has been relocated, expanded, and moved out of the right of way. This appropriation allows us to return the \$75,000 back to the developer.

Ordinance 25-68: Update to the 025 Traffic Ordinance

Presented by: Michael Pearce

Adoption Consideration: November 10, 2025

Michael Pearce presented a list of new subdivision streets that fall under the ownership of the city, speed limit updates, parking areas, additional stop signs etc. to be updated in this ordinance.

Councilor Wanninger asked about parking restrictions on SR32 and wanted to know if the restrictions will remain. There was a discussion about parking availability in the downtown area.

Ordinance 25-69: Common Council of the City of Westfield, Indiana Amending Chapter 93 (Parks & Recreation) of the City of Westfield, Indiana Code of Ordinances

Presented by: Chris McConnell

First Reading: October 27, 2025

Adoption Consideration: November 10, 2025

Chris McConnell presented. This Ordinance gives a defined definition of what motor vehicles are, including cleaning up the definition of what an E bike is and what E bikes are allowed on the trails. The ordinance also addresses trail yield signs to include golf carts, and establishes a speed limit (15mph) for all trails and perimeter paths within the city. This ordinance will be back at the November 10th meeting for adoption consideration.

CLERK-TREASURER COMMENTS:

Marla Ailor reiterated that as the Clerk-Treasurer, she still takes the payroll errors that were previously made very seriously on behalf of the Firefighters Union. She has presented a couple of different ideas to both the union president and the mayor. They have not come to an agreement. Ms. Ailor stated that she has been working with her attorney and Forbes on a payroll audit. Currently, an audit for the 2024 ACFR is underway, and a single federal audit will happen during this audit. With the payroll audit and next year's audit, that will make 8 audits in 2.5 years. Errors were never made on purpose, the system is fallible, as is the software. Ms. Ailor commented that she and her staff have been working hard and making improvements. The clerk by statute is responsible for payroll and should remain in that office. Ms. Ailor has offered to have someone come to the office, on behalf of the fire union, before payroll is run to ensure everything is correct. The errors that were pointed out by Mr. Herron were not all committed by the clerk's office. Many were made during the time Baker Tilly was handling payroll. Ms. Ailor commended Lauren Weaver, payroll manager, on her fantastic job communicating with all the city employees, stating she is a valuable asset. There is a payroll audit meeting scheduled for November 4th.

Fiscal Plan for the Voluntary Annexation of Real Estate Contiguous to the City of Westfield, Indiana

**Described as real estate generally located on the north side of W. 186th Street, west side of
Casey Road**

**This Fiscal Plan Supports
Ordinance 25-61**

**This Fiscal Plan is Exhibit C
of Resolution 25-157**

Introduction

The purpose of this report is to outline the estimated fiscal impact of annexation upon the City of Westfield, Hamilton County, Indiana (the “City”) and ability of the City to provide necessary municipal capital and non-capital services to an area proposed for annexation. The area proposed for annexation that is analyzed in this report is referred to as the “Annexation Area”, as further described herein, and is located adjacent to the existing corporate limits of the City. The annexation is one hundred percent (100%) voluntary.

The Indiana Statute (I.C. § 36-4-3-13(d)) governing annexation activity by the City requires the preparation of a written fiscal plan and the establishment of an annexation policy, by resolution, as of the date of the annexation ordinance. The fiscal plan is required to address the following, as further summarized herein and the exhibits attached hereto:

1. The cost estimates of planned services, capital and non-capital in nature, to be provided within the area proposed for annexation (as set forth in **Exhibit 3**).
2. The method or methods of financing the planned services.
3. The plan for the organization and extension of services.
4. Municipal services of a non-capital nature, including police protection, fire protection, street and road maintenance and other non-capital services, to be provided within one (1) year of the effective date of the annexation ordinance to the extent that such services are equivalent in standard and scope to those services already provided within the city limits.
5. Municipal services of a capital improvement nature, including street construction, sewer facilities, water facilities and storm water drainage facilities, to be provided within three (3) years of the effective date of the annexation ordinance to the extent that such services are equivalent in standard and scope to those services already provided within the City’s corporate limits.
6. Estimated effect of the proposed annexation on taxpayers in each of the political subdivisions to which the proposed annexation applies, including the expected tax rates, tax levies, expenditure levels, service levels and annual service payments in those subdivisions for four (4) years (as set forth in **Exhibit 4** and **Exhibit 6**).
7. Estimated effect of the proposed annexation on city finances and revenue for the next four (4) years (as set forth in **Exhibit 3** and **Exhibit 4**).
8. Estimated impact on political subdivisions in the county that are not part of the annexation and on taxpayers in those political subdivisions for four (4) years (as set forth in **Exhibit 6**).
9. A list of all parcels of property in the proposed annexation area, including the name of the parcel owner, the parcel number and the most recent assessed value of the parcel (as set forth in **Exhibit 5**).

This report contains an analysis of the revenues and expenditures that will result from the annexation of certain territory by the City. While the City is committed to providing the highest quality service to all areas of the community, the dollar figures presented here are only estimates and are subject to change. Variations may occur depending upon the rate and extent of future development, an increase or decrease in the cost of providing municipal services, or fluctuations in future property assessments.

City of Westfield Annexation Philosophy and Plan

A. Fiscal Policy of the City

The annexation policies of the City are expected to correspond with the fiscal policies of the City. Therefore, it is the policy of the City that annexation(s) should only be undertaken under circumstances which are not adverse to the fiscal interests of the current residents and taxpayers of the City.

B. General Philosophy and Plan

The philosophy and plan of the City is to annex real estate into its corporate limits in accordance with the terms of Title 36, Article 4, Chapter 3 of the Indiana Code. The adoption of an ordinance authorizing such annexation shall:

1. Provide the residents of the City with a broad, stable and growing economic tax base; and,
2. Provide a plan for the quality and quantity of urban development in a coordinated manner; and,
3. Provide for preservation and enhancement of the public's overall health, safety, and welfare, regarding all of the City's residents; and,
4. Allow for the provision of services to the annexed area in a cost effective manner that will not significantly impact existing residents.

C. Further the City Shall:

1. First seek the voluntary annexations of new developments contiguous to the current City boundaries. It is the preference of the City to implement annexation action under the most amenable conditions possible. Therefore, in cases where it is practical and possible to achieve consensus, the City prefers to proceed with annexation under the "voluntary" provisions of the statute (I.C. § 36-4-3-5);
2. Enhance the existing assessed valuation of the municipality through voluntary annexations;
3. Consider any requests for voluntary annexation from existing parcels; and
4. Consider any forced annexations that will positively impact the future economic development opportunity of the community.

Parcel Analysis

A. Description

The Annexation Area is located on the north side of W. 186th Street, west side of Casey Road (see attached **Exhibit 1**) and encompasses an area of approximately 22.2 acres.

B. Contiguity

Property contiguous with the City's corporate limits may be annexed into the City's corporate limits (I.C. § 36-4-3-1.5). I.C. § 36-4-3-1.5 provides that property is considered "contiguous" if at least one-eighth (1/8) of the aggregate external boundaries of the property coincides with the boundaries of the City's corporate limits. In determining if property is contiguous, a strip of land less than one hundred fifty (150) feet wide which connects the City's corporate limits to the Annexation Area is not considered a part of the boundaries of either the City's corporate limits or the property to be annexed. The Annexation Area meets the contiguity requirements of I.C. § 36-4-3-1.5.

C. Population and Structures

The Annexation Area contains a single agricultural structure.

D. Zoning

The Annexation Area is currently located within the planning and zoning jurisdiction of the City through a joinder agreement with Washington Township served by the Westfield-Washington Township Advisory Plan Commission. If annexed, then the parcels will remain in the same planning jurisdiction. The zoning designation of the Annexation Area is: AG-SF1: Agricultural / Single-family Rural District.

E. Property Tax Assessment

The 2024 pay 2025 total gross assessed valuation of all real property and its improvements located within the Annexation Area is \$271,700.

F. Municipal Property Tax Rate

The existing 2024 pay 2025 property tax rate assessed to all real property and its improvements within the Annexation Area is \$2.3247 per \$100 of assessed valuation. This is the total Washington Township tax rate assessed to all real property and its improvements, subject to any property tax "cap" which may apply.

G. Council District

The Annexation Area will be incorporated into Council District 2.

H. Proposed Build-out

Site construction for the Annexation Area has not been scheduled.

Estimated property taxes and revenue generated from the projected build-out are set forth in **Exhibit 3**, Table 1 and Table 2.

Municipal Services

The City currently extends to its citizens a range of public services. These services are provided by different municipal departments. Each department has a unique function within the municipal service system of the City. These departments include: Police, Fire, Public Works, Clerk-Treasurer's Office, Informatics, Administration, Guest Services, Grand Park, Westfield Welcome, and Community Development.

Each of the municipal service sectors are analyzed in this section to determine the impact of annexation on their ability to provide both capital and non-capital services to the area proposed for annexation as required by Indiana law. The method used to determine the fiscal impact of annexation is known as "fiscal impact analysis".

Fiscal impact analysis is a method of evaluation that is used to measure and project the direct public costs and revenues associated with residential and non-residential growth within a municipality. It explores public (government) costs and revenues. It does not consider private costs of public actions. Therefore, special assessments on real property or the value of land dedications required of developers are considered private revenues. Individual services contracted for homeowners associations, neighborhoods, and similar groups are also considered private.

All municipal departments, with the exception of Grand Park, were analyzed to determine the extent of the effect of annexation. The Police, Fire, Public Works, Clerk-Treasurer's Office, Informatics, Administration, Guest Services, Westfield Welcome, and Community Development were identified as being affected by the annexation of new territory.

The cost estimates of planned services to be furnished to the Annexation Area have been computed based on the 2020 budget. Input from all departments was gathered, and a careful analysis was prepared in an effort to meet all the requirements of Indiana Code § 36-4-3. Each capital service was assessed by Department of Public Works and where required, specific improvements and costs have been programmed. The findings and proposed improvements for each capital service are detailed in this report. Some services may already be available to the Annexation Area, while others will have to be initiated. In each case, it is shown in this report, that service is being/will be proposed to the Annexation Area, in a manner equivalent in standard and scope to the services being providing within the City's corporate boundaries.

The existing levels and costs of service provisions for each department are outlined below:

A. Police Department

The seventy-five (75) budgeted dedicated, professional men and women of the Police Department of the City provide the citizens of the City with public safety and emergency response service throughout the corporate limits of the City. The individual services include: neighborhood patrols for the prevention of crime; detection and apprehension of criminal offenders; resolution of domestic disputes; anti-crime and anti-drug public education; traffic control and accident reporting; and the creation and maintenance of a general feeling of safety and security throughout the community.

The services provided by the Police Department vary in their individual requirements for personnel and financial resources and are subject to annual review and approval by the City Council.

Annual operating costs associated with the incremental cost of one (1) uniformed police officer(s) include salary, overtime pay, holiday pay, clothing and uniform allowance, health insurance, training, pension benefits and administrative overhead.

Capital one-time costs associated with the addition of one (1) uniformed police officer(s) include a patrol vehicle and related equipment. These costs have not been factored together to arrive at necessary service level increases for various areas under consideration for annexation.

The City will provide police service to the Annexation Area upon the effective date of annexation through the extension of an existing patrol area with existing personnel.

Provision of planned service of a non-capital nature within one year: The services can be provided for the Annexation Area with existing personnel, but each annexation puts pressure on the existing staffing levels.

Provision of planned services of a capital improvement nature within three years: Any additional capital requirements can be accommodated in future budgets through the annual budgeting process. Cost estimates for planned services are set forth in **Exhibit 3**, Table 3 and Table 4.

B. Fire Department

The Westfield Fire Department is an all-hazard department that provides fire and prevention services, Advanced Life Support (ALS) ambulance transport services, Community Paramedic and Opioid services, as well as hazardous materials, technical rescues, and water rescue incidents throughout the City of Westfield and Westfield Washington Township, as well as Hamilton County. Automatic Aid and Mutual Aid responses are provided by the surrounding fire jurisdictions of Carmel, Noblesville, Fishers, Sheridan, Jackson Township, Cicero, and Wayne Township when service levels drop below minimum.

The Department is budgeted for ninety-seven (97) dedicated men and women who provide fire and life safety services via a command and business center and three (3) fire stations.

The Command and Business Center as well as Station 381 is located at 17535 Dartown Road and is staffed with one Battalion Chief, one engine company, one truck company, and one ALS transport ambulance. Station 382 is located at 1920 East 151st Street, and is staffed with one engine company and one ALS transporting ambulance. Station 383 is located at 17944 Grassy Branch Road and is staffed with one ALS engine company.

Annexation of additional territory does not automatically lead to the need for additional personnel or fixed facilities. The department conducts an annual analysis of performance which is what drives the request for additional personnel and fixed facility investments.

Provision of planned service of a non-capital nature within one year: The services can be provided for the Annexation Area with existing personnel because current services already serve the Township.

Provision of planned service of a capital nature within three years: The capital services required for future growth in the fire services for the Township will be managed through the annual budgeting process. Cost estimates for planned services are set forth in **Exhibit 3**, Table 3, and Table 4.

C. Public Works Department

a. Engineering

The Engineering division manages and provides guidance for the city departments and commissions concerning the planning, design, construction, and maintenance of private and public works projects including roadway construction, pavement maintenance, storm drainage, sidewalks, handicap accessibility and other private & public development projects within the city.

b. Parks and Recreation Department

Services by the Parks and Recreation Department of the City are funded out of the City's Parks and Recreation Department budget. The existing inventory of facilities include: Armstrong Park, Old Friends Cemetery Park, Osborne Park, Raymond Worth Park, Quaker Park, Simon Moon Park, Asa Bales Park, Liberty Park, Hadley Park and Freedom Trail Park. The existing inventory of trails include: Monon, Midland Trace, Natalie Wheeler, Anna Kendall, and Cool Creek. These parks and recreation operations are supported by the City's General Fund. The Annexation Area is not anticipated to have an appreciable effect on existing park facilities and no additional costs for this function are anticipated.

c. Stormwater Services

Westfield's Stormwater utility is designated as an MS4 (Municipal Separate Storm Sewer Systems) by the State of Indiana and the US EPA. MS4 is defined as a conveyance or system of conveyances owned by a state, city, town, or other public entity that discharges to waters of the United States and is designed or used for collecting or conveying storm water. The Stormwater division handles all drainage and stormwater related issues. These include sump lines, standing water, flooding, erosion control and water quality practices.

d. Street Division

The Street Division is part of the Public Works Department of the City and has responsibility for the maintenance and upkeep of all streets and public rights-of-way within the corporate limits of the City. Maintenance activities include potholes and curb repair, mowing of weeds and other vegetation, street sweeping, sign maintenance and replacement, pavement striping, and snow removal. It is also responsible for reconstruction of sidewalks and policing of rights-of-way to support safe travel.

e. Street and Road Maintenance

Other responsibilities include resurfacing and reconstruction of all public roads with the exception of the roads falling under the jurisdiction of the Indiana Department of Transportation or the Hamilton County Highway Department. These operations are primarily funded from the Motor Vehicle Highway ("MVH") fund, the Local Road and Street Fund ("LR&S"), and the Road and Street Improvement Fund. The budgeted expenditures for MVH and LR&S is estimated to be \$7.80 million in 2025, which is approximately \$30,903 per road mile ¹.

¹ Based on an estimated two hundred and fifty-two miles of road.

Provision of planned service of a non-capital nature within one year: Street Division services can be provided for the Annexation Area with existing personnel, based upon an estimated 0 miles to be built by the developer within the Annexation Area. Cost estimates for planned services are set forth in **Exhibit 3**, Table 3.

Provision of planned service of a capital nature within three years: The intent of the City with respect to future road construction is to require future developers to improve, or contribute financially to the improvement of existing roadways in accordance with the impact of any proposed development. Potential road improvements are evaluated each year and the Annexation Area will be part of that annual review process. Cost estimates for planned services are set forth in **Exhibit 3**, Table 3 and Table 4.

D. Clerk-Treasurer's Office

The Clerk-Treasurer is the Fiscal Officer for the City of Westfield. The Clerk Treasurer serves as the Investment Officer of the City. The Clerk-Treasurer is also responsible for the maintenance of all City Records.

Provision of planned service of a non-capital nature within one year: The services can be provided for the Annexation Area with existing personnel, but each annexation puts continued pressure on additional needs.

Provision of planned service of a capital nature within three years: The capital services required for this department can be accomplished through the annual budgeting process. Cost estimates for planned services are set forth in **Exhibit 3**, Table 3 and Table 4.

E. Informatics

Informatics supports all City departments with the technology needed to provide services to the citizens of Westfield. The group also helps track all data on properties within city limits with GIS. As new efficiencies and processes are developed, the Informatics Department makes it easier for citizens to interact with the City and get information.

Provision of planned service of a non-capital nature within one year: The services can be provided for the Annexation Area with existing personnel, but each annexation puts continued pressure on additional needs.

Provision of planned service of a capital nature within three years: The capital services required for this department can be accomplished through the annual budgeting process. Cost estimates for planned services are set forth in **Exhibit 3**, Table 3 and Table 4.

F. Administration

a. Communications

The Communications Department effectively engages the community through created and acquired content used in newsletters, social media, local and national media, produced videos and community events. The department uses effective community outreach and messaging tools to create a hospitality industry, to make Westfield a desirable destination for visitors and a source of pride for residents.

b. City Council

The City Council is the legislative branch of our local government. In addition to adopting budgets, levying taxes, and authorizing financial appropriations to fund city operations, the council is responsible for enacting, repealing, and amending local laws.

c. Economic Development

The Economic Development Department of the City is responsible for all of the economic development functions within the corporate limits of the City. No service level increases are expected with respect to the Annexation Area.

d. Enterprise Development

The Enterprise Development Department aids the city departments in negotiating contracts and agreements while striving to develop new and creative programs and services to increase efficiency.

e. Human Resources

This Human Resources department maintains the City of Westfield employee benefits programs. This includes health, dental, vision and life insurance as well as retirement planning. Human Resources also oversees all employee worker's compensation claims, personnel and medical files coordination and the development and administration of personnel policies and procedures.

f. Mayor

As the chief executive, the mayor has the duty to oversee city government's various departments. The Mayor also has the power to either approve or veto bills passed by the City Council, the legislative branch.

Provision of planned service of a non-capital nature within one year: The services can be provided for the Annexation Area with existing personnel.

Provision of planned service of a capital nature within three years: The capital services required for this division can be accomplished through the annual budgeting process. Cost estimates for planned services are set forth in **Exhibit 3**, Table 3 and Table 4.

G. Guest Services

- a. At the City of Westfield, the Guest Services Department works hard to meet every residents request in a welcoming and informative manner. Personnel, located in the Westfield City Services building, field service requests in person, online and via the phone.

b. Billing Services

The Guest Services Department is responsible for the invoicing and collection of revenues for trash, recycling, and stormwater; building permits; and any miscellaneous fees associated with permits, license fees and public information requests.

Provision of planned service of a non-capital nature within one year: The services can be provided for the Annexation Area with existing personnel.

Provision of planned service of a capital nature within three years: The capital services required for this division can be accomplished through the annual budgeting process. Cost estimates for planned services are set forth in **Exhibit 3**, Table 3 and Table 4.

H. Westfield Welcome

Westfield Welcome serves city residents and visitors by planning events and offering engagement and volunteer opportunities. In 2019, the city hosted more than 30,000 attendees at community events and logged more than 3,700 volunteer hours to make them happen.

Within the last year, Westfield Welcome launched three new events and several community engagement initiatives including the Westfield Way Hospitality Training program, New Resident program, and the Westfield Way Award recognition program.

Provision of planned service of a non-capital nature within one year: The services can be provided for the Annexation Area with existing personnel.

Provision of planned service of a capital nature within three years: The capital services required for this division can be accomplished through the annual budgeting process. Cost estimates for planned services are set forth in **Exhibit 3**, Table 3 and Table 4.

I. Community Development Department

a. Building and Construction Services

The Community Development Department of the City currently processes building permits throughout the entire Township. It conducts inspections on new buildings and unsafe structures. Since this service is already being provided throughout the entire Township, no service level increases are expected with respect to the Annexation Area.

b. Planning and Zoning Services

The Community Development Department of the City is responsible for all of the planning and zoning support for the Westfield-Washington Township Advisory Plan Commission and the Westfield-Washington Township Board of Zoning Appeals, including administration of the Unified Development Ordinance. These responsibilities currently involve the entire Township; therefore, no service level increases are expected for this division with respect to the Annexation Area.

Provision of planned service of a non-capital nature within one year: The services can be provided for the Annexation Area with existing personnel who already serve the entire Township.

Provision of planned service of a capital nature within three years: The capital services required for this division can be accomplished through the annual budgeting process. Cost estimates for planned services are set forth in **Exhibit 3**, Table 3 and Table 4.

Other Services

A. Water and Sewer Services

Citizens Westfield Water, LLC and Citizens Westfield Wastewater, LLC (collectively the “Utility”) operates the water and wastewater works within the City. Services for both water and sewer are provided within the corporate limits of the City and into portions of the Township. The Annexation Area is not currently served by the Utility’s water and sewer service.

The Utility provides the service of pumping water from the water source, treating the water to some level, distributing the water into the system of water lines, storing the water for peak demand and fire protection purposes, and maintaining the system, in its entirety. The Utility meets the parameters of providing access to water utility service, to a property, when a water distribution line is within the distributive area of a main trunk line or lateral line. When water lines are already developed with respect to a specific property, the water utility is made directly available to that property when a water line is located within three hundred (300) lineal feet of the nearest property line of the developed parcel.

Fire hydrants are generally supported by the user charge system of the Utility. The developer of any new development is generally responsible for installing the fire hydrants necessary to protect the proposed development from catastrophic fire, unless otherwise provided by the Utility or the Utility’s policies.

The installation and extension of sewer service for any proposed development in the Annexation Area will be provided in accordance with the Utility’s policies. The Utility provides access to wastewater collection, treatment and disposal service to all properties within the corporate limits of the City. The Utility meets the parameters of providing access to wastewater service when the parcel is within the drainage watershed of a major interceptor, trunk or lateral sewer which ultimately delivers wastewater to the wastewater treatment plant. In cases where sewer laterals are made available to developed parcels, the standard for service is met when the Utility’s sewer is located within three hundred (300) lineal feet of the nearest property line of the parcel.

Property tax revenues are not a part of the Utility’s budget. In addition to monthly service charges, the Utility has established a system of fees for other services such as various connection fees, and/or supplemental fees for special facilities installed to meet the needs and demands of various customers. The cost of extending water and wastewater lines within the Utility’s service area is done in accordance with the Utility’s policies. The Utility is also subject to regulatory requirements which are administered at the State and Federal level. As such, the system of fees and charges must be adjusted from time to time to remain current with regulatory and other requirements.

Financial Summary

The Annexation Area has been researched and analyzed in accordance with the terms of the Indiana Code, Title 36, Article 4, Chapter 3.

The primary source of revenue for the City is that which is received from property taxes and County Option Income Tax (COIT). The existing net assessed valuation of all real property and its improvements within the Annexation Area is \$271,700. Improvements in the Annexation Area that are projected to be completed during the five (5) year period following annexation include approximately 0 miles of road.

As a result of additional population and road miles, the City also receives revenue from other sources that include Alcohol Gallonage Taxes, Cigarette Tax, Vehicle Excise Tax, MVH road miles tax, and LR& S road mile tax.

The property within the Annexation Area will be entered into public record and assessed for taxation as an incorporated area. Revenue received by the City from property assessed on or before January 1, 2025, will not be realized until May and November of 2026. The delay in the collection of property taxes will cause the City to experience a cost of services from existing budgets due to the required provision of non-capital services in the first year following annexation. To the extent that real costs exceed revenue as a result of this annexation, the City is prepared to use funds from other budgeted line items in order to assure that services required by State Statute are provided to the Annexation Area.

Currently, the Annexation Area is not subdivided and the City will receive nominal property taxes from the existing assessed value within the Annexation Area. It should be understood, however, that the annexation of undeveloped land has a very minimal impact on municipal revenue streams and generally a minor impact on the provision of municipal services, if proper fiscal planning is performed.

When development occurs, the impact of that development on various revenue streams, as well as the impact of that development on the demand for municipal services, is to be examined by the City as a part of the development approval process. It is the City's stated goal that it seeks to establish fiscal policies which would result in no negative impact on property taxes for existing City residents as a result of growth. Therefore, the City will seek to assure that all proposed development offers a balance between the cost of services demanded and the revenues produced.

It is the intent of the City to pay for extension of all municipal services to the area from revenues generated as a result of the annexation, which will be derived from property taxes, along with other state distributions. The total property tax rate in Washington Township outside of the corporate limits for pay 2025 is \$1.9402. The tax rate for all taxpayers in the City/Washington Township, including all overlapping taxing units, is equal to \$2.3247, an increase of \$0.3845. A summary of the estimated fiscal impact is set forth in **Exhibit 3**, Table 5.
