EASEMENT

State of Indiana

County of Hamilton

THIS EASEMENT (“**Easement**”) is made this ____ day of _____, 20____, from **TOWN OF WESTFIELD**, an Indiana limited partnership (“**Grantor**”, whether one or more), to **DUKE ENERGY INDIANA, LLC**, an Indiana limited liability company (“**Grantee**”).

Grantor, for and in consideration of the sum of One and 00/100 Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, does hereby grant unto Grantee a perpetual and non-exclusive easement, to construct, reconstruct, operate, patrol, maintain, repair, replace, relocate, add to, modify, and remove electric and communication lines including, but not limited to, all necessary supporting structures, and all other appurtenant apparatus and equipment for the transmission and distribution of electrical energy, and for technological purposes related to the operation of the electric facilities and for the communication purposes of Incumbent Local Exchange Carriers (collectively, “**Facilities**”).

Grantor is the owner of that certain property described in Section 3, Township 18 North, Range 3 East, Washington Township, Hamilton County, State of Indiana; being a part of a tract as recorded in Instrument Number 200600058740, in the Office of the Recorder of Hamilton County, Indiana (“**Property**”).

The Facilities shall be underground, except as needed on or above the ground to support the underground Facilities, and located in, upon, along, under, through, and across a portion of the Property within an easement area described as follows:

A strip of land fifteen feet (15') in uniform width, lying equidistant on both sides of a centerline, which centerline shall be established by the center of the Facilities as installed, along with an area ten feet (10') wide on all sides of the foundation of any Grantee enclosure/transformer, vault and/or manhole, and as generally shown on Exhibit "A", attached hereto and becoming a part hereof (hereinafter referred to as the "Easement Area").

The rights granted herein include, but are not limited to, the following:

1. Grantee shall have the right of ingress and egress over the Easement Area, Property, and any adjoining lands now owned or hereinafter acquired by Grantor (using lanes, driveways, and adjoining public roads where practical as determined by Grantee).
2. Grantee shall have the right to trim, cut down, and remove from the Easement Area, at any time or times and using safe and generally accepted arboricultural practices, trees, limbs, undergrowth, other vegetation, and obstructions.
3. Grantee shall have the right to trim, cut down, and remove from the Property, at any time or times and using safe and generally accepted arboricultural practices, dead, diseased, weak, dying, or leaning trees or limbs, which, in the opinion of Grantee, might fall upon the Easement Area or interfere with the safe and reliable operation of the Facilities.
4. Grantee shall have the right to install necessary guy wires and anchors extending beyond the boundaries of the Easement Area.
5. Grantee shall have the right to relocate the Facilities and Easement Area on the Property to conform to any future highway or street relocation, widening, or alterations.
6. Grantor shall not place, or permit the placement of, any structures, improvements, facilities, or obstructions, within or adjacent to the Easement Area, which may interfere with the exercise of the rights granted herein to Grantee. Grantee shall have the right to remove any such structure, improvement, facility, or obstruction at the expense of Grantor.
7. Excluding the removal of vegetation, structures, improvements, facilities, and obstructions as provided herein, Grantee shall promptly repair or cause to be repaired any physical damage to the surface area of the Easement Area and Property resulting from the exercise of the rights granted herein to Grantee. Such repair shall be to a condition which is reasonably close to the condition prior to the damage, and shall only be to the extent such damage was caused by Grantee or its contractors or employees.
8. Notwithstanding anything to the contrary above, the general location of the Facilities is shown on the sketch attached hereto as **Exhibit A** and incorporated herein by reference. The final and definitive location of the Easement Area shall become established by and upon the final installation and erection of the Facilities by Grantee in substantial compliance with Exhibit A.

9. All other rights and privileges reasonably necessary, in Grantee's sole discretion, for the safe, reliable, and efficient installation, operation, and maintenance of the Facilities.

The terms Grantor and Grantee shall include the respective heirs, successors, and assigns of Grantor and Grantee. The failure of Grantee to exercise or continue to exercise or enforce any of the rights herein granted shall not be construed as a waiver or abandonment of the right thereafter at any time, or from time to time, to exercise any and all such rights.

TO HAVE AND TO HOLD said rights, privilege, and easement unto Grantee, its successors, licensees, and assigns, forever. Grantor warrants and covenants that Grantor has the full right and authority to convey to Grantee this perpetual Easement, and that Grantee shall have quiet and peaceful possession, use and enjoyment of the same.

IN WITNESS WHEREOF, Grantor has signed this Easement under seal effective this ____ day of _____, 2022.

SHEET 2 OF 2

BONTERRA DEVELOPMENT AGREEMENT

THIS DEVELOPMENT AGREEMENT (“**Agreement**”), dated as of June 9, 2022, is entered into by and among the CITY OF WESTFIELD, INDIANA (the “**City**”), and M/I HOMES OF INDIANA, LP an Indiana limited partnership (the “**Developer**”) (collectively the City and Developer shall be referred as “**Parties**”).

RECITALS

1. The Developer has proposed to extend a sanitary sewer main (the “**Project**”) across the Midland Trace Trail (“the **Trail**”) and related real estate as more particularly described on Exhibit A attached hereto (the “**Project Site**”), which is owned by the City. Completion of the Project will require temporary closure of the Trail (the “**Closure**”) and reconstruction and/or restoration of a portion of the Trail.

2. The City is willing to permit the development of the Project under certain conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of the promises and mutual obligations and covenants of the parties hereto contained in this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Developer and the City agree as follows:

ARTICLE I **Term**

This Agreement shall be effective on the date set forth in the first paragraph of this Agreement. This Agreement will terminate at the end of the 21st day following the Closure or upon completion of the Project, whichever occurs first.

ARTICLE II **Covenants of Parties**

- 2.1 City shall permit Developer to open cut the Trail to install a sanitary sewer main as approved by the City at the sole cost of Developer.
- 2.2 Developer shall enclose the excavation area of the Project with a 6’ minimum height chain link construction fence.
- 2.3 Developer shall provide a pedestrian detour route in substantial compliance with the route identified in Exhibit B, attached hereto, with detour route signage consistent with the style of signage identified in Exhibit C, attached hereto.
- 2.4 Developer shall restore the Trail within the excavation limits with 3” HMA on 6”

compacted aggregate on structural backfill compacted to 95% max density.

- 2.5 The Closure shall be limited to 21 calendar days; however, Developer shall use its best efforts to further limit the days of Closure.
- 2.6 Developer shall contribute \$30,000.00 to the Westfield Park Impact Fee Fund for additional restoration and beautification of the Midland Trace Trail and other trail or park facilities.
- 2.7 Developer shall comply in all material respects with (and shall cooperate with the City to enable the City to comply in all material respects with) statutes, regulations and rules applicable to the Project.

ARTICLE III **Miscellaneous**

- 3.1 **Assignment.** The rights and obligations contained in this Agreement may be assigned by the Developer to a related or affiliated entity with the express prior written consent of each of the City. Developer expressly acknowledges that this Agreement touches and concerns the Project and is, except as provided otherwise herein, binding upon and enforceable against the Developer, its respective successors and assigns and all persons claiming under or through the Developer collectively or individually.
- 3.2 **Amendments.** No modification or amendment of any provision of this Agreement shall be effective unless made in writing and duly executed by the City and the Developer.
- 3.3 **Disclaimer of Relationship.** Nothing contained in this Agreement, nor any act of the City or of the Developer, or of any other person, shall be deemed or construed by any person to create any relationship of third party beneficiary, employer and employee, principal and agent, limited or general partners or joint ventures. The Developer is and will remain an “independent contractor” with respect to performance under this Agreement. The Developer is responsible for and shall pay all amounts and benefits owing to or for the account of its employees, if any, including unemployment compensation, FICA, retirement, life and medical insurance and worker’s compensation insurance.
- 3.4 **Survival of Covenants, Etc.** All representations, warranties, covenants and agreements made by the City and the Developer in this Agreement shall survive the execution of this Agreement and the completion of the Project. No other person is entitled to rely upon any such representations, warranties, covenants and agreements.

this Agreement or consent to any departure by the Developer or the City therefrom shall be effective unless the same shall be in writing, signed on behalf of the City or the Developer by a duly authorized officer thereof, and the same shall be effective only in the specific instance for which it is given. No notice to or demand on the City or the Developer shall entitle the City or the Developer to any other or further notices or demands in similar or other circumstances, or constitute a waiver of any of the City's or the Developer's right to take other or further action in any circumstances without notice or demand.

- 3.9 **Counterparts.** This Agreement may be executed in counterparts, each of which shall be deemed an original for all purposes and each of which shall constitute one and the same.
- 3.10 **Binding of Successors, Assigns.** Subject to the further provisions of this Agreement, the terms and provisions of this Agreement shall be binding upon and inure to the benefit of the City and the Developer and their respective successors and assigns.
- 3.11 **Further Assurances.** Subject to the further provisions of this Agreement, the Developer and the City shall, at such party's expense, upon request of the other such party, duly execute and deliver, or cause to be executed and delivered, such further instruments and perform or cause to be performed such further acts as may be reasonably necessary or proper in the reasonable opinion of the City or the Developer to carry out the provisions and purposes of this Agreement.
- 3.12 **Severability.** The invalidity, illegality, or unenforceability of any one or more of the terms and conditions of this Agreement shall not affect the validity, legality, or enforceability of the remaining terms and conditions hereof. All Exhibits to this Agreement are attached hereto and incorporated herein by reference. Time is of the essence in this Agreement. If any provision of this Agreement or application to any party or circumstances shall be determined by any court of competent jurisdiction to be invalid and unenforceable to any extent, then the remainder of this Agreement or the application of such provision to such person or circumstances, other than those as to which it is so determined invalid or unenforceable, shall not be affected thereby, and each provision hereof shall be valid and shall be enforced to the fullest extent permitted by law; provided that, in lieu of such invalid or unenforceable provision, there will be added to this Agreement a provision as similar to the invalid or unenforceable provision as is possible to reflect the intent of the parties and still be valid and enforceable. The captions in this Agreement are inserted only as a matter of convenience and for reference and in no way define, limit, or describe the scope of this Agreement or the scope or content of any of its provisions. Nothing contained in this Agreement shall be construed to create a partnership or joint venture between the Developer and the City or their successors in interest. Unless otherwise specified, in computing any period of time described herein, the day of the act or event after which the designated period of time begins to run is not to be included and the last

day of the period so computed is to be included, unless such last day is a Saturday, Sunday or legal holiday for national banks in the location where the Project Site is located, in which event the period shall run until the end of the next day which is neither a Saturday, Sunday, or legal holiday.

3.13 **Headings.** The headings of the articles, sections and paragraphs used in this Agreement are for convenience only and shall not be read or construed to affect the meaning or construction of any provision.

4.14 **Entire Agreement.** Except as otherwise expressly provided herein, this Agreement constitutes the entire agreement by and between the City and the Developer and supersedes all prior agreements, written or verbal, between the City and the Developer pertaining to the Project. No statements, promises or agreements whatsoever, in writing or verbally, in conflict with the terms of this Agreement have been made by the City or the Developer that in any way modify, vary, alter, enlarge or invalidate any of the provisions and obligations of this Agreement.

3.15 **No Third Party Beneficiaries.** There are no third-party beneficiaries of this Agreement.

3.16 **Indemnification.**

(a) **Developer Indemnification.** The Developer will pay, and protect, indemnify and save the City (including members, directors, officials, officers, agents, attorneys and employees thereof) harmless from and against, all liabilities, losses, damages, costs, expenses (including attorneys' fees and expenses of the City), causes of actions, suits, claims, demands and judgments of any nature arising from or relating to:

(i) Violation by the Developer of any agreement or condition of this Agreement;

(ii) Violation of any contract, agreement or restriction by the Developer relating to the Project, or any part thereof, in connection with the implementation of or effectuation of this Agreement;

(iii) Violation of any law, ordinance or regulation by the Developer arising out of the ownership, occupancy or use of the Project, or a part thereof;

(iv) Any act, failure to act, or misrepresentation by the Developer, or any of the Developer's agents, contractors, servants, employees or licensees related to this Agreement; and

(b) **City Indemnification.** To the extent permitted by law, the City will pay, and protect, indemnify and save the Developer (including members,

directors, officials, officers, agents, attorneys and employees thereof) harmless from and against, all liabilities, losses, damages, costs, expenses (including attorneys' fees and expenses of the Developer), causes of actions, suits, claims, demands and judgments of any nature arising from or relating to:

- (i) Violation by the City or other City Party of any agreement or condition of this Agreement;
- (ii) Violation of any contract, agreement or restriction by the City relating to the Project, or any part thereof, in connection with the implementation of or effectuation of this Agreement;
- (iii) Any act, failure to act, or misrepresentation by the City, or any of the City's agents, contractors, servants, employees or licensees related to this Agreement;

3.17 **Force Majeure.** Notwithstanding anything to the contrary set forth herein, each party shall be excused for any failure or delay in performing any of its obligations under this Agreement, if such failure or delay is caused by an event of Force Majeure. "Force Majeure" means any act of God; any accident (including equipment failure, electricity outage for extended periods of time, destruction or damage to equipment not caused by the party relying upon such circumstance or event); any explosion; any fire, flood, ice, earthquake, lightning, tornado, hurricane or other severe weather condition or calamity; any civil disturbance, labor dispute or labor or material shortage; any sabotage or act (or specific, imminent threatened act) of terrorism; any act of a public enemy, uprising, insurrection, civil unrest, war or rebellion; any action or restraint by court order or public or governmental authority or lawfully established civilian authorities; a material adverse change in the national financial economic situation in the United States; or any other circumstance or event beyond the reasonable control of the party relying upon such circumstance or event. Each party shall diligently make efforts to perform any obligations delayed under this Section 3.17, immediately upon the event of Force Majeure no longer preventing such obligation from being performed, then: (a) the party asserting Force Majeure shall deliver written notice to the other party; (b) such observation, performance, or satisfaction shall be excused for the period of days that such observation, performance, or satisfaction is delayed or prevented; and (c) the deadlines for observation, performance, and satisfaction, as applicable, shall be extended for the same period.

3.18 **Interpretation.** Unless the context requires otherwise, (i) the singular includes the plural and vice versa, (ii) RECITALS and EXHIBITS form a part of this Agreement, (iii) any reference in this Agreement to any particular Article, Section, subsection, RECITAL or EXHIBIT shall be deemed to refer to an Article, Section or RECITAL of, or EXHIBIT to, this Agreement, (iv) the word "including" or any variation thereof means "including, without limitation" and shall not be construed

to limit any general statement that it follows to the specific or similar items or matters immediately following it, and (v) where a term is defined, another part of speech or grammatical form of that term shall have a corresponding meaning.

Effective Date. Notwithstanding anything herein to the contrary, this Agreement shall not be effective until all parties hereto have executed this Agreement.

* * *

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed on or as of the day and year first above written.

June 2022
Revised July 2022

SCOPE OF WORK

Tomlinson Road Patching, Widening & Resurfacing

DESIGN SURVEY

General Requirements: BLN will perform the field work as required for the route survey, determine the existing right-of-way and apparent property lines.

Project Limits and Survey Coverage: The anticipated survey limits are listed below:

Tomlinson Road

- Begin 300 feet south of 196th Street and continue north 3,600 feet (survey width is 30 feet left of centerline to 75 feet right of centerline).

196th Street

- Begin at Tomlinson Road and continue east 200 feet (survey width is 30 feet each side of centerline).

199th Street

- Begin at Tomlinson Road and continue west 200 feet (survey width is 30 feet each side of centerline).

ROADWAY DESIGN

Roadway Design: This project consists of the patching, widening (to the east) and resurfacing of Tomlinson Road from approximately 300 feet south of the intersection of Tomlinson Road and 196th Street and extends approximately 0.75 miles to the north to the project end approximately 160 feet south of Chatham Hills Boulevard.

A pavement patching analysis will be performed utilizing PCI Data provided by the City. Milling and patching of the existing pavement and the addition of 2 to 4-foot-wide hot mix asphalt widening bordered by aggregate shoulders and shifting of the roadway crown to the east to the new centerline of the road are included as part of this project. The project will tie-in at the southern and northern limits to the existing turn lanes for Westfield Washington School Corporation and Chatham Hills Boulevard.

Drainage patterns will be maintained along the west side of the roadway, with no grading or excavation taking place west of the western edge of pavement with the exception of shoulder clipping and aggregate shoulder maintenance. Along the east side of the road, drainage will be maintained utilizing sheet flow into the adjacent ditches and cross culverts, as per the

existing drainage pattern. A swale will be provided and graded to drain to the existing crossing structures. No drainage computations will be provided as part of this project. Existing crossing culverts will be extended or replaced in kind with no structure details required as part of the plans.

Maintenance of traffic is anticipated to be completed utilizing flagging operations, short-term closures and phased construction to complete the work. Based on the existing width of the roadway and the widening and crown shift taking place, it is likely that one lane of traffic will be able to be maintained in a one way direction. This will be finalized during design. Temporary traffic signals are not included as part of this work.

Cross sections will be generated to determine quantities of wedge and level for the crown shift and to re-establish the side ditch along the east side of the road.

Project documents will be developed, submitted and let as a local project with the following submittals:

- Preliminary Plans (30%)
- Field Check with City (50%)
- Final Plans (100%)

GEOTECHNICAL

Geotechnical: See attached subconsultant proposal for detailed scope of services.

PERMITS

Permits: BLN will prepare the applications and documents to assist the City in obtaining permits from various governmental agencies. It is anticipated that the following permits will be required for the project:

- Construction Stormwater General Permit (formerly known as the Rule 5 Permit)

Note: Waterway permits, wetland delineation, mitigation and coordination with the County are not included as part of this project. If required, the City will request from BLN at a later date.

UTILITY COORDINATION

Utility Coordination: BLN will coordinate with utilities in accordance with 105 IAC 13 and prepare utility reimbursement agreements (if necessary). Utility coordination during construction will be included, as needed, in construction phase services.

BIDDING PHASE SERVICES

Bidding Phase Services: BLN will furnish personnel to assist the City during the bidding phase of the Project. The anticipated services are as follows:

- Attend preconstruction meeting
- Prepare and distribute addenda
- Assist with bidder's questions
- Assist City in Bid Advertising

CONSTRUCTION PHASE SERVICES

Construction Phase Services: Following the award of the construction contract, BLN will provide as needed services during the course of construction. The services may include but are not limited to the following:

- Attend pre-construction meetings or conferences
- Respond to inquiries concerning the accuracy or intent of the plans
- Coordinate with the Owner, INDOT and the contractor and revise the plans as needed in the event that unforeseen or unusual conditions arise during construction
- If requested, participate in workshops with employees of the Owner, INDOT and contractor

FEE SUMMARY

Tomlinson Road Patching, Widening &
Resurfacing

• Survey	\$ 32,800.00
• Road Design	\$ 68,500.00
• Geotechnical (Actual Cost + 10%)	\$ 5,100.00
• Permits	\$ 9,600.00
• Utility Coordination	\$ 11,900.00
• Bidding Phase Services (Hourly, NTE)	\$ 4,000.00
• Construction Phase Services (Hourly, NTE)	<u>\$ 5,000.00</u>
Total	\$136,900.00

Indianapolis, Indiana 46250

Attention: Mr. Scott Wilkinson, PE
Transportation Department Manager

Reference: Pavement Coring Services
Roadway Improvement
Tomlinson Road from 300' S. of 196th St to 270' N. of Chatham Hills Blvd
Westfield, Hamilton County, IN
CTL Proposal No.: 22050084NDP

Dear Mr. Wilkinson:

CTL Engineering, Inc. is pleased to submit this proposal for providing pavement coring services on the above referenced project.

SCOPE OF WORK

The work covered by this proposal consists of obtaining five (5) pavement cores from the existing pavement on Tomlinson Road, and submitting a pavement core report.

PROCEDURES

The following items will be included in the general services provided by CTL Engineering, Inc.

- A. Contact Indiana Underground Utility Protection Services to locate underground utilities at the pavement core locations.
- B. Coordinate the pavement coring operation with Beam, Longest and Neff (BLN) and City of Westfield. It has been assumed that any fees for obtaining permits to perform pavement coring on ROW will be waived.
- C. Layout of the pavement cores using the plans that will be provided by BLN.
- D. Submit a pavement core report.

CLOSING

Based on the amount of work anticipated, it is estimated that the fee for performing the pavement coring services is \$4,559.00. All fees will be billed at the unit rates shown on the attached Fee Schedule. If the total cost should exceed the estimated fee due to unforeseen soil conditions, we will contact you to obtain approval prior to performing the additional work.

We appreciate the opportunity to submit this proposal and look forward to working with you. If you have any questions or need further information, please call our office at (317) 295-8650 or at (317) 417-2257.

Sincerely,

CTL ENGINEERING, INC.

Shawn Marcum, PE
Geotechnical Engineering Manager

TERMS AND CONDITIONS FOR ENCROACHMENT PERMIT

1. It is understood that any permit by virtue of this request is revocable at the pleasure of the City of Westfield and that the same shall be voided if the following terms and conditions are not fulfilled by the Permittee. The Permittee hereby agrees to observe all requirements of the Encroachment Standard Ordinance and comply with the conditions set forth by the MUTCD Rulings and Revisions.
2. The undersigned shall notify the Director or his representative a minimum of 72 hours prior to the time that work is to be performed. The undersigned will furnish placards identifying equipment, flashers, barricades and/or other warning devices at the construction site. When two-way traffic is confined to one lane, flagging personnel shall be required. Permittee must follow Chapter XVII of Title 29, Code of Federal Regulation, Part 1926 known as Safety & Health Regulation for Construction.
3. In cases where the work authorized by the permit will cause major interference with traffic flow on streets, Permittee shall provide a uniformed traffic officer when requested by the Director or his representative to provide traffic control at the construction site. Work shall not be performed on any major arterials, streets and thoroughfares during rush hours or peak hours of vehicular traffic flow, unless in case of emergencies.
4. The Permittee shall not create a hazardous or unsafe situation at construction sites, which would cause injury or damage to vehicular and pedestrian traffic. The Permittee shall not leave unattended open cuts unprotected overnight or during weekend periods. Permission to use temporary steel plates or any authorized substitutes shall be requested at open cuts or construction sites. The Director or his representative shall be notified of these steel plates or substitutes by the Permittee.
5. All construction equipment and/or vehicles left unattended for any length of time shall be parked in locations as to not create hazardous and unsafe situations to vehicular and pedestrian flow. The construction equipment and/or vehicles shall be parked in such a manner as to not restrict sight distance to vehicular traffic. **All construction equipment and/or vehicles are prohibited from driving on named trails, neighborhood perimeter trails, and sidewalks.**
6. The Permittee shall hold harmless and indemnify the City of Westfield from, for and against any claim of any person in tort, contract or otherwise arising out of the act or omissions of the Permittee, their agents, representatives, servants, contractors and the latter's subcontractors, whenever such acts or omissions or any rights or performance or exercise thereof of the Permittee arise under this permit from alteration, modernization, replacement, operation, maintenance, change or removal of any part or portion of the public right-of-way, or facility thereof. All existing utilities must be identified and located prior to all boring operations. Permittee shall be responsible for consequential damages to residents and businesses who are damaged during outages caused by these untimely accidents experienced by poorly coordinated utility borings and construction activities in the City right-of-way.
7. The Permittee shall stipulate the type of materials and method of repair utilized to close any open cuts, subject to the Director or his representative's approval.
8. The Permittee shall begin work within 45 working days from the date of application approval, and work must be completed within 60 working days of the application approval. Any construction and/or work not completed by this date shall be grounds to nullify and void this permit. Re-application would then be necessary.
9. The Permittee shall be required upon completion of construction and/or work to notify the Director or his representative for inspection and verification. The construction and/or work shall be inspected prior to being accepted by the City of Westfield as being complete. The Director or his representative shall perform the inspection.
10. Upon the completion of all open street cuts, permanent patches shall be in place no later than 20 working days from the temporary patch inspection date. Any construction work or repair measures utilized to close any open cuts made under this permit that are found to be unsatisfactory shall be corrected within 10 working days by the Permittee. The Permittee shall be responsible to maintain and repair any and all open cuts granted by this permit for a period of one year upon final acceptance, unless the City of Westfield and/or other utilities, contractors or subcontractors or other parties remove, damage, modernize, replace, change any part or portion of the public right-of-way or facility or thereof granted under this permit.
11. Upon completion/acceptance by Director or his representative as builds must be provided (print and CD form) within 30 days of completion.

- Sycamore Glen, LLC, Bond #SU1181660, \$44,000.00, Erosion Control
- Sycamore Glen, LLC, Bond #SU1181662, \$5,500.00, Monuments
- Platinum Properties Management Company, Lancaster, Section 3, Bond #4172851, \$59,991.00, Erosion Control
- Platinum Properties Management Company, Lancaster, Section 10, Bond #4172850, \$17,931.10, Erosion Control

Performance Bond Release

The Westfield Public Works Department is recommending that the Board of Public Works and Safety consider the following Performance Bonds for release by the requested developer:

- Chick-fil-A, Inc. Bond #016227458, \$19,710.00, Storm & Erosion Control
- Chatham Hills, Section 7A, Bond #1094513, \$88,000.00, Erosion Control

Maintenance Bond Acceptance

The Westfield Public Works Department is recommending that the Board of Public Works and Safety accept the following Maintenance Bonds for the requested developments:

- Elevation Excavation, Inc., Chatham Pointe, Bond #LICX1215212, \$23,590.00, Storm Sewer & Subsurface Drains
- Sitecrete, LLC, Chatham Pointe, Bond #30155290, \$4,200.88, Curbs
- Delello & Sons Asphalt Paving, Inc., Chatham Pointe, Section 8, Bond #MNT7668523, \$27,443.33, #53 Street Stone Base, 19mm Asphalt Streets Base, 19mm Asphalt Streets Binder, 9.5mm Asphalt Streets Surface, 8' Wide Asphalt Path Installation, Select Cox Road Mill, Resurface, & Thermoplastic Pavement Markings
- Chick-fil-A, Inc., Bond #016234650, \$9,486.50, Streets, Curbs, Storm, Sidewalk, & Erosion Control

Maintenance Bond Release

The Westfield Public Works Department is recommending that the Board of Public Works and Safety release the following Maintenance Bonds for the requested developments:

- **NONE**

Letter of Credit Acceptance

The Westfield Public Works Department is recommending that the Board of Public Works and Safety accept the following Letter of Credit for the requested developments:

- **NONE**

Letter of Credit Release

The Westfield Public Works Department is recommending that the Board of Public Works and Safety release the following Letters of Credit for the requested developments:

- **NONE**

Cash In Lieu/Development Agreement

The Westfield Public Works Department is recommending that the Board of Public Works and Safety accept the following Development Agreement (Cash in Lieu) for the requested developments:

- **NONE**

ENCROACHMENT PERMIT APPLICATION

- The applicant named below requests permission to encroach on the following public right-of-way, street, sidewalk, alley or other public space at the location described below.
- Applicant shall submit one original application, with plans attached, either in person or by mail.
- No verbal transmissions will be accepted. Fax transmissions will only be accepted at the approval of the Director.
- You may pay by credit card or check. If you wish to pay by credit card, please call (317) 804-3150; there is a 3% fee to pay by credit card. If you prefer to pay with a check, please make the check payable to: City of Westfield, and send to the City Services Center at 2728 East 171st Street, Westfield, IN 46074.

TERMS AND CONDITIONS FOR ENCROACHMENT PERMIT

1. It is understood that any permit by virtue of this request is revocable at the pleasure of the City of Westfield and that the same shall be voided if the following terms and conditions are not fulfilled by the Permittee. The Permittee hereby agrees to observe all requirements of the Encroachment Standard Ordinance and comply with the conditions set forth by the MUTCD Rulings and Revisions.
2. The undersigned shall notify the Director or his representative a minimum of 72 hours prior to the time that work is to be performed. The undersigned will furnish placards identifying equipment, flashers, barricades and/or other warning devices at the construction site. When two-way traffic is confined to one lane, flagging personnel shall be required. Permittee must follow Chapter XVII of Title 29, Code of Federal Regulation, Part 1926 known as Safety & Health Regulation for Construction.
3. In cases where the work authorized by the permit will cause major interference with traffic flow on streets, Permittee shall provide a uniformed traffic officer when requested by the Director or his representative to provide traffic control at the construction site. Work shall not be performed on any major arterials, streets and thoroughfares during rush hours or peak hours of vehicular traffic flow, unless in case of emergencies.
4. The Permittee shall not create a hazardous or unsafe situation at construction sites, which would cause injury or damage to vehicular and pedestrian traffic. The Permittee shall not leave unattended open cuts unprotected overnight or during weekend periods. Permission to use temporary steel plates or any authorized substitutes shall be requested at open cuts or construction sites. The Director or his representative shall be notified of these steel plates or substitutes by the Permittee.
5. All construction equipment and/or vehicles left unattended for any length of time shall be parked in locations as to not create hazardous and unsafe situations to vehicular and pedestrian flow. The construction equipment and/or vehicles shall be parked in such a manner as to not restrict sight distance to vehicular traffic. **All construction equipment and/or vehicles are prohibited from driving on named trails, neighborhood perimeter trails, and sidewalks.**
6. The Permittee shall hold harmless and indemnify the City of Westfield from, for and against any claim of any person in tort, contract or otherwise arising out of the act or omissions of the Permittee, their agents, representatives, servants, contractors and the latter's subcontractors, whenever such acts or omissions or any rights or performance or exercise thereof of the Permittee arise under this permit from alteration, modernization, replacement, operation, maintenance, change or removal of any part or portion of the public right-of-way, or facility thereof. All existing utilities must be identified and located prior to all boring operations. Permittee shall be responsible for consequential damages to residents and businesses who are damaged during outages caused by these untimely accidents experienced by poorly coordinated utility borings and construction activities in the City right-of-way.
7. The Permittee shall stipulate the type of materials and method of repair utilized to close any open cuts, subject to the Director or his representative's approval.
8. The Permittee shall begin work within 45 working days from the date of application approval, and work must be completed within 60 working days of the application approval. Any construction and/or work not completed by this date shall be grounds to nullify and void this permit. Re-application would then be necessary.
9. The Permittee shall be required upon completion of construction and/or work to notify the Director or his representative for inspection and verification. The construction and/or work shall be inspected prior to being accepted by the City of Westfield as being complete. The Director or his representative shall perform the inspection.
10. Upon the completion of all open street cuts, permanent patches shall be in place no later than 20 working days from the temporary patch inspection date. Any construction work or repair measures utilized to close any open cuts made under this permit that are found to be unsatisfactory shall be corrected within 10 working days by the Permittee. The Permittee shall be responsible to maintain and repair any and all open cuts granted by this permit for a period of one year upon final acceptance, unless the City of Westfield and/or other utilities, contractors or subcontractors or other parties remove, damage, modernize, replace, change any part or portion of the public right-of-way or facility or thereof granted under this permit.
11. Upon completion/acceptance by Director or his representative as builds must be provided (print and CD form) within 30 days of completion.

[Back to Chapter 6H](#)

2009 Edition Part 6 Figure 6H-10. Lane Closure on a Two-Lane Road Using Flaggers (TA-10)

Figure 6H-10. Lane Closure on a Two-Lane Road Using Flaggers (TA-10)

Typical Application 10

Figure 6H-10. Lane Closure on a Two-Lane Road Using Flaggers (TA-10)

This figure illustrates lane closure on a two-lane road using flaggers. A legend under the figure states that this is Typical Application 10. A note states "See [Tables 6H-2](#) and [6H-3](#) for the meaning of the symbols and/or letter codes used in this figure."

A vertical two-lane roadway is shown, the top half curving to the right. Downward-pointing black arrows in the left lane and upward-pointing black arrows in the right lane denote the direction of travel. The opposing lanes are shown separated by a solid double yellow line. A shoulder is shown to the right of each direction of travel. The shoulders are shown separated from the travel lanes by a solid white line.

At the bottom of the figure and to the right of the shoulder of the right lane, a black inverted "T" is shown denoting a sign. The sign is shown as a diamond-shaped orange sign with a black border and the words "ROAD WORK XX FT" in black. This sign is shown at a dimensioned distance C in advance of another diamond-shaped orange sign with a black border to the right of the right shoulder. It shows the words "ONE LANE ROAD XX FT" in black. This sign is shown at a dimensioned distance B in advance of a sign assembly to the right of the right shoulder. This assembly is shown as composed of a diamond-shaped orange sign with a black border and a black symbol of a flagger above a horizontal rectangular orange supplemental plaque labeled optional with a black border and the distance "XX FEET" in black. This sign assembly is shown at a dimensioned distance A in advance of a red symbol for a flagger, shown on the right shoulder. Beginning where the flagger is shown and at the white line separating the shoulder from the right lane, a series of orange squares, denoting channelizing devices, are shown tapering in to the solid double yellow line separating the opposing traffic lanes. The space between the first channelizing device at the shoulder to the one shown on the solid double yellow line is shown as a dimension of 50 to 100 ft. Beyond this area, the channelizing devices continue along the solid double yellow line as the road is shown curving to the right.

Beyond the curve, the work space is shown in the right lane, represented by a vertical rectangular black and white diagonally striped box. The channelizing devices are shown continuing along the solid double yellow line to a point one device beyond the work space and then tapering back to the right shoulder for a dimensioned distance of 50 to 100 ft. Near the top of the figure, a horizontal rectangular orange sign with a black border is shown to the right of the right shoulder with the words "END ROAD WORK" in black.

At the top of the figure, to the outside of the left lane, the same three diamond-shaped orange signs are shown at the same dimensioned distances in advance of another flagger symbol in advance of the work space. Beyond the work space and roadway curve in the left lane, another End Road Work sign is shown.
