Date: June 24, 2020

Re: Action Item-Signing Authority

The City of Westfield Public Works Department is requesting that the Board of Public Works and Safety consider granting Jeremy Lollar, Director of Public Works, signing authority for 2020 Asphalt Rejuvenating Project for the amount of \$133,095.25. The quotes were submitted June 18, 2020, and all of the paperwork is in order.

Date: June 24, 2020

Re: Action Item-Signing Authority

The City of Westfield Public Works Department is requesting that the Board of Public Works and Safety consider granting Jeremy Lollar, Director of Public Works, signing authority for 2020 Striping Project. The quotes are due June 26, 2020. The original quotes came in well over budget. The price of materials has gone up due to the COVID-19 situation. The project has been revised with lower quantities.

TERMS AND CONDITIONS FOR ENCROACHMENT PERMIT

1. It is understood that any permit by virtue of this request is revocable at the pleasure of the City of Westfield and that the same shall be voided if the following terms and conditions are not fulfilled by the Permittee. The Permittee hereby agrees to observe all requirements of the Encroachment Standard Ordinance and comply with the conditions set forth by the MUTCD Rulings and Revisions.
2. The undersigned shall notify the Director or his representative a minimum of 72 hours prior to the time that work is to be performed. The undersigned will furnish placards identifying equipment, flashers, barricades and/or other warning devices at the construction site. When two-way traffic is confined to one lane, flagging personnel shall be required. Permittee must follow Chapter XVII of Title 29, Code of Federal Regulation, Part 1926 known as Safety & Health Regulation for Construction.
3. In cases where the work authorized by the permit will cause major interference with traffic flow on streets, Permittee shall provide a uniformed traffic officer when requested by the Director or his representative to provide traffic control at the construction site. Work shall not be performed on any major arterials, streets and thoroughfares during rush hours or peak hours of vehicular traffic flow, unless in case of emergencies.
4. The Permittee shall not create a hazardous or unsafe situation at construction sites, which would cause injury or damage to vehicular and pedestrian traffic. The Permittee shall not leave unattended open cuts unprotected overnight or during weekend periods. Permission to use temporary steel plates or any authorized substitutes shall be requested at open cuts or construction sites. The Director or his representative shall be notified of these steel plates or substitutes by the Permittee.
5. All construction equipment and/or vehicles left unattended for any length of time shall be parked in locations as to not create hazardous and unsafe situations to vehicular and pedestrian flow. The construction equipment and/or vehicles shall be parked in such a manner as to not restrict sight distance to vehicular traffic. **All construction equipment and/or vehicles are prohibited from driving on named trails, neighborhood perimeter trails, and sidewalks.**
6. The Permittee shall hold harmless and indemnify the City of Westfield from, for and against any claim of any person in tort, contract or otherwise arising out of the act or omissions of the Permittee, their agents, representatives, servants, contractors and the latter's subcontractors, whenever such acts or omissions or any rights or performance or exercise thereof of the Permittee arise under this permit from alteration, modernization, replacement, operation, maintenance, change or removal of any part or portion of the public right-of-way, or facility thereof. All existing utilities must be identified and located prior to all boring operations. Permittee shall be responsible for consequential damages to residents and businesses who are damaged during outages caused by these untimely accidents experienced by poorly coordinated utility borings and construction activities in the City right-of-way.
7. The Permittee shall stipulate the type of materials and method of repair utilized to close any open cuts, subject to the Director or his representative's approval.
8. The Permittee shall begin work within 45 working days from the date of application approval, and work must be completed within 60 working days of the application approval. Any construction and/or work not completed by this date shall be grounds to nullify and void this permit. Re-application would then be necessary.
9. The Permittee shall be required upon completion of construction and/or work to notify the Director or his representative for inspection and verification. The construction and/or work shall be inspected prior to being accepted by the City of Westfield as being complete. The Director or his representative shall perform the inspection.
10. Upon the completion of all open street cuts, permanent patches shall be in place no later than 20 working days from the temporary patch inspection date. Any construction work or repair measures utilized to close any open cuts made under this permit that are found to be unsatisfactory shall be corrected within 10 working days by the Permittee. The Permittee shall be responsible to maintain and repair any and all open cuts granted by this permit for a period of one year upon final acceptance, unless the City of Westfield and/or other utilities, contractors or subcontractors or other parties remove, damage, modernize, replace, change any part or portion of the public right-of-way or facility or thereof granted under this permit.
11. Upon completion/acceptance by Director or his representative as builds must be provided (print and CD form) within 30 days of completion.

Centennial Sump Line Permanent Repair Work

Scope of Work

Westfield Public Works is requesting a quote to perform permanent sump line repairs within the Centennial neighborhood. The sump lines in this neighborhood have been impacted by roots growing within the 6" SSD under the curbs. In order to repair the issues these are the procedures we are following.

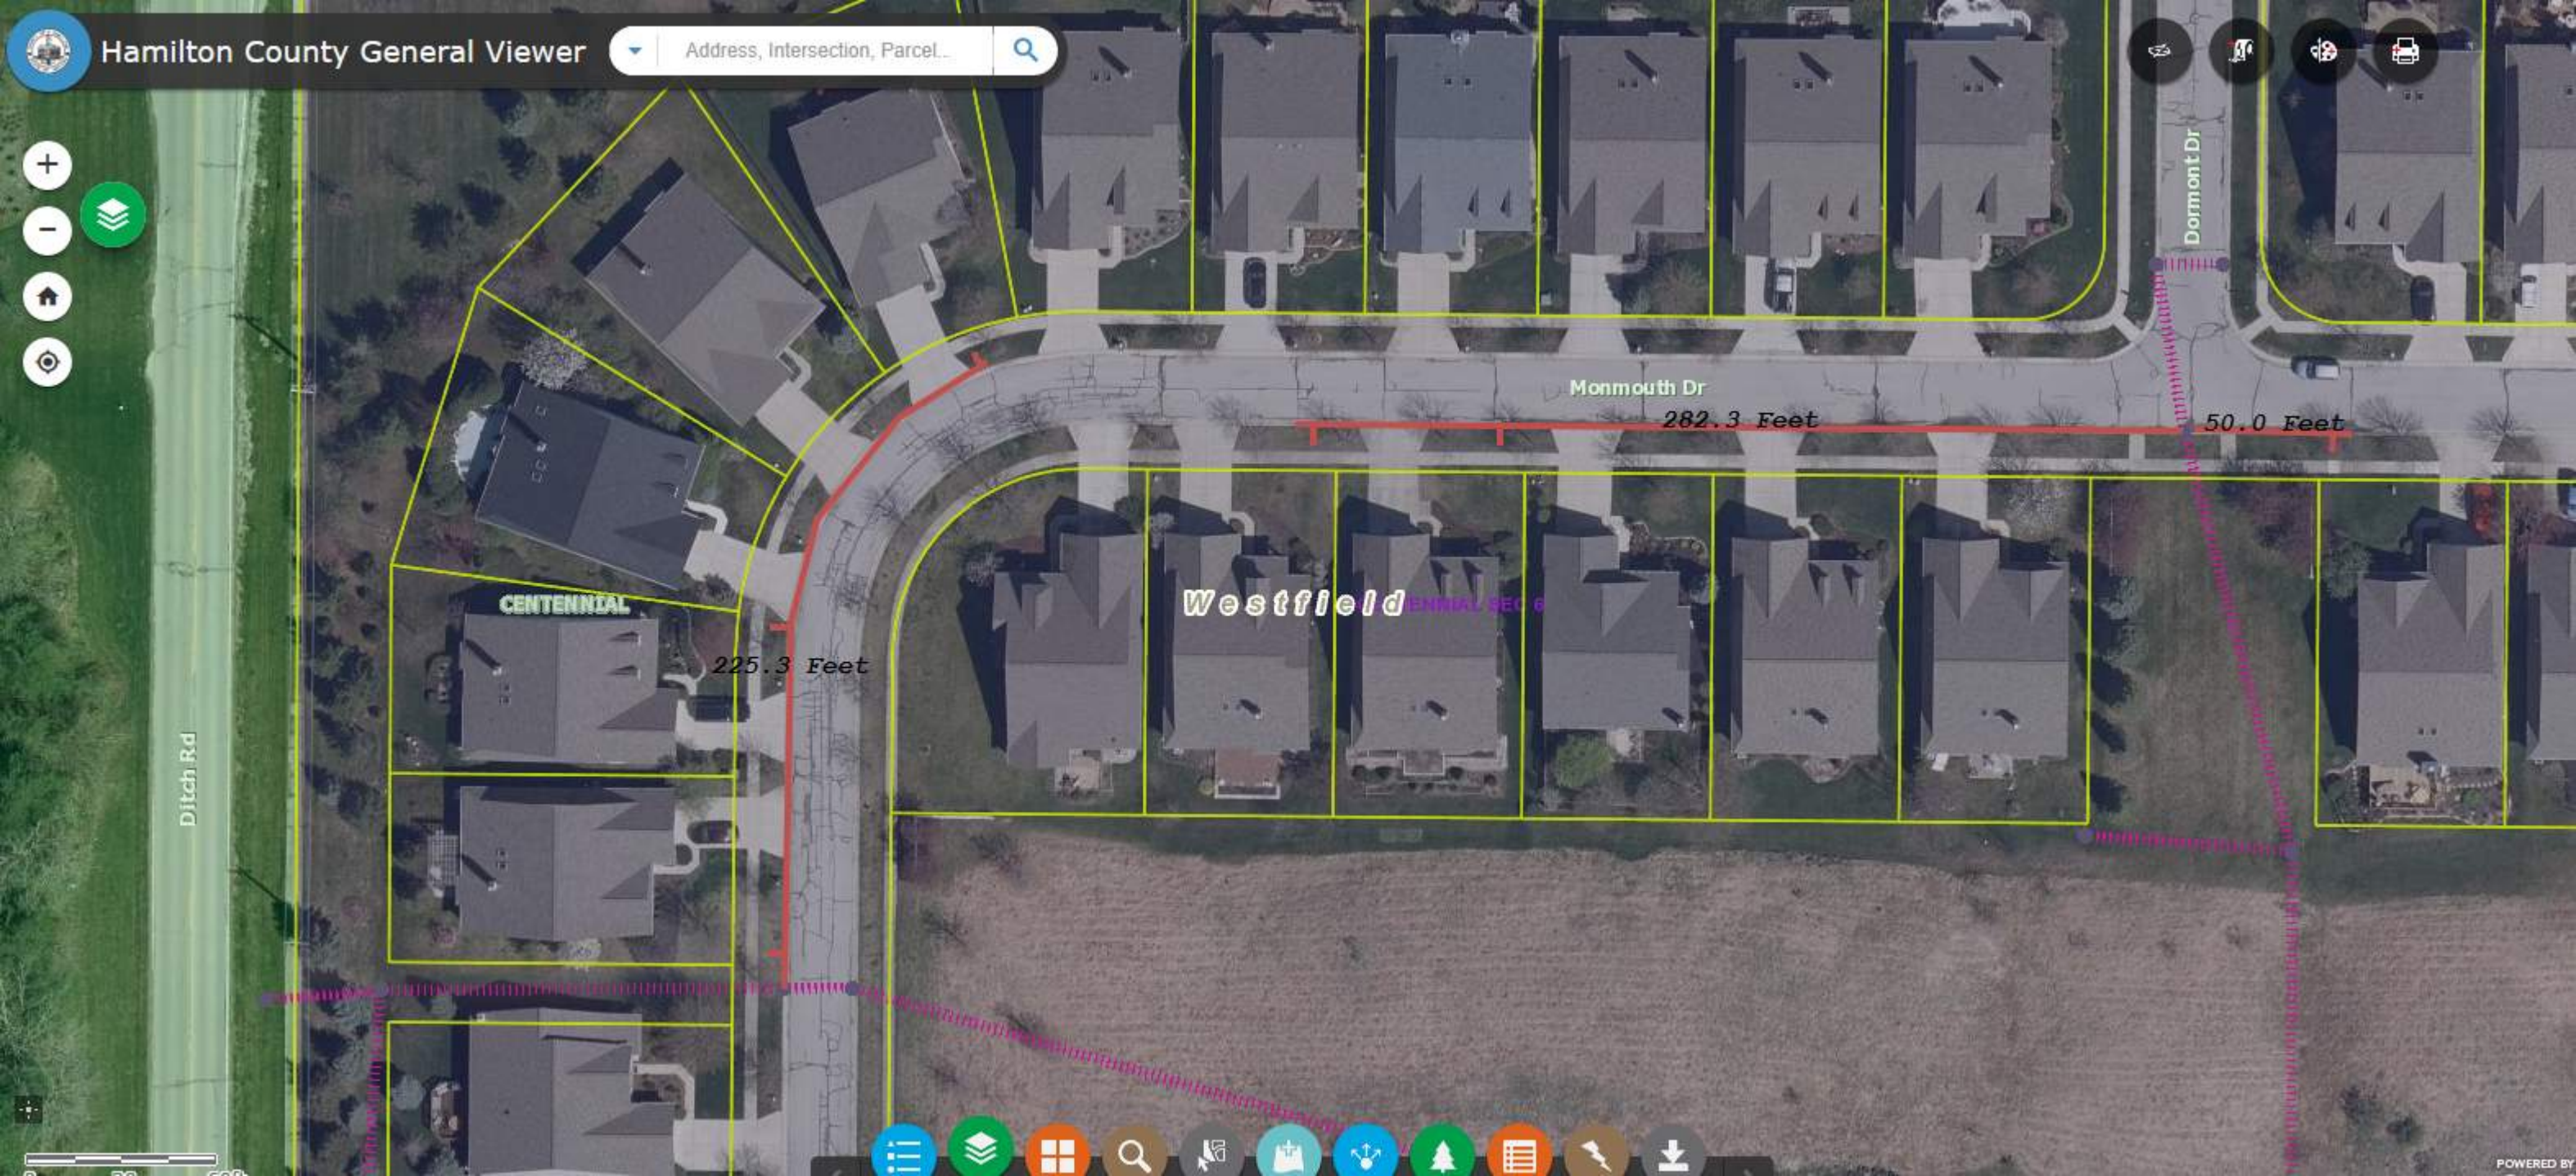

1. Locate each sump line stub at the corresponding address.
2. Expose sump line stub.
3. Directionally drill or pipe burst new 2" – 4" Poly pipe to nearby structure through the existing 6" SSD and appropriately core into the nearby curb drain structure.
 - a. Pipe size will vary depending of how many sump lines will be tied into the new pipe.
4. Each sump line at the addresses will need to be tied in by fusing them into the new main sump line.
5. All holes will be required to have a flowable fill backfill.
6. Any removed curbs that are necessary to be removed for repairs will be required to be poured back in place.
 - a. Removal of curbs will vary, but initially will likely not be necessary. Decisions to remove curbs will need to be discussed with Westfield Inspector prior to approval.
7. Any removed asphalt or roadway removed in order to perform work will need to be flow fill back filled and concrete capped flush with pavement.
 - a. Removal of roadway or asphalt will be very limited if needed at all. Decisions to remove roadway or asphalt will need to be discussed with Westfield Inspector prior to approval.
8. Full restoration with proper top soil (no dig spoils) and seed plus straw will be required.

Additional Notes:

1. An Encroachment Permit will need to be submitted and approved prior to mobilization, but all fees will be waived. This is for our records of work performed within the neighborhood and ROW.
2. Any open excavations will have to be properly Snow Fenced and Caution Tapped when leaving that location over night or during the day.
3. All traffic signage and lane closures will be required.
4. You will be working in large subdivision with many residents. There will be times where you are approached by the public. Our expectation is cordial attitudes and if a question cannot be answered please defer to the Westfield Inspector.

Gents,
See attached. This is the list with addresses for the proposals. I may have missed one house on Montgomery, not sure.
At any rate let me know if you need anything else. I look forward to hearing back from you.

Thanks!
Wes

20	PermRep1342, 1350,1358 Monmouth Dr. +-242LF 4"	1.00	LS	17,692.43	17,692.43
GRAND TOTAL					\$37,428.89

NOTES:

No excavation or materials other than noted. No private utility locates. No traffic/pedestrian control, hard surface cuts/restoration, bonds or permits included in the price. Prices quoted using standard Daystar wage rates. Proposal valid for 90 days.

DDD will notify Indiana 811 but cannot be held responsible for any unmarked public or private utilities or lines. When customer is responsible for existing utility locates they agree to indemnify and hold harmless Daystar Directional Drilling Inc. (hereafter identified as DDD) from any and all actions, claims, cost, loss, damage, attorney fees or liability resulting from the following:

- 1) Damage to existing underground utilities or structures, unless one (1) copy of exact elevation and location measurements are furnished to DDD prior to excavation or unless customer field locates all existing obstacles before works begins
- 2) Damages caused by lack of engineering or customer Supervision unless DDD Provides Supervision on project

Any attachments included herein will be considered part of this proposal.

Payment is due 30 days upon receipt of invoice. Past due invoices are subject to one and a half (1 ½) percent per month service charge, plus reasonable attorney fees necessary to collect past due invoice. If using credit card to pay for invoice there will be a minimum convenience charge of 4%. This serves as notice of intent to file a lien for slow or nonpayment.

Quality workmanship and professionalism are standard. Material if provided by DDD will be as specified. Any alteration or deviation from above specification involving extra cost will be executed only upon written orders, and will become an extra charge over and above the estimate. This was given under normal ground conditions. The price will be adjusted if abnormal conditions exist (i.e. water, sand, rock, under ground utilities or any other obstructions)

Acceptances of Proposal - The signature below indicates acceptance of stated terms, conditions and specifications by both parties. This document may be executed in multiple counterparts and by facsimile signatures.

No excavation or materials other than noted. No private utility locates. No traffic/pedestrian control, hard surface cuts/restoration, bonds or permits included in the price. Prices quoted using standard Daystar wage rates. Proposal valid for 90 days.

DDD will notify Indiana 811 but cannot be held responsible for any unmarked public or private utilities or lines. When customer is responsible for existing utility locates they agree to indemnify and hold harmless Daystar Directional Drilling Inc. (hereafter identified as DDD) from any and all actions, claims, cost, loss, damage, attorney fees or liability resulting from the following:

- 1) Damage to existing underground utilities or structures, unless one (1) copy of exact elevation and location measurements are furnished to DDD prior to excavation or unless customer field locates all existing obstacles before works begins
- 2) Damages caused by lack of engineering or customer Supervision unless DDD Provides Supervision on project

Any attachments included herein will be considered part of this proposal.

Payment is due 30 days upon receipt of invoice. Past due invoices are subject to one and a half (1 ½) percent per month service charge, plus reasonable attorney fees necessary to collect past due invoice. If using credit card to pay for invoice there will be a minimum convenience charge of 4%. This serves as notice of intent to file a lien for slow or nonpayment.

Quality workmanship and professionalism are standard. Material if provided by DDD will be as specified. Any alteration or deviation from above specification involving extra cost will be executed only upon written orders, and will become an extra charge over and above the estimate. This was given under normal ground conditions. The price will be adjusted if abnormal conditions exist (i.e. water, sand, rock, under ground utilities or any other obstructions)

Acceptances of Proposal - The signature below indicates acceptance of stated terms, conditions and specifications by both parties. This document may be executed in multiple counterparts and by facsimile signatures.

Authorized Signature Jerry K. Watson Date:

John,
Hello. My name is Wes Rood with the City of Westfield Public Works. We are seeking a proposal for the attached RFQ. I am happy to help give you additional details if necessary or meet on site if need be. We would like to receive a proposal and perform work soon if you are interested. We understand this is short notice, but would like to extend the opportunity to Miller Pipeline. Please let me know if you are interested.

Thank you,
Wes Rood

Wes.

I appreciate the opportunity to quote this project. Unfortunately we will not be able to take on a project of this size at the current time due to the amount of current work already on our plate. We look forward to being able to provide quotes in the future for work in the City of Westfield. Have a great day!

Brady Phillippi.

Brady,

The City of Westfield is requesting a RFQ for the attachment document. If you are interested or not could you respond to this email notifying me either way. Let me know if you have any additional questions.

Thank you,

Wes Rood

THE WESTFIELD BOARD OF PUBLIC WORKS AND SAFETY May 27, 2020

The Westfield Board of Public Works and Safety met on May 27, 2020 via virtual conference call. Present were Randy Graham, Jim Ake, Kim Strang Deputy Clerk and Brian Zaiger Legal Counsel.

Randy Graham called the meeting to order at 1:09 PM

AGENDA ITEMS:

Action Item #1: Meeting Minutes Consideration for Approval:

Randy Graham made the motion to approve the April 22, 2020 meeting minutes as presented. Jim Ake seconded. Vote: Yes-2; No-0. Motion carried.

CONTRACTS/AGREEMENTS

Action Item #2: Stephen M. & Linda L Osborne & City of Westfield-Right-of-Way Dedication for Emory Trace Passing Blister-North Side of 186th Street

Johnathon Nail presented stating this right-of-way would allow for the required passing blister to be constructed, assisting in left-hand turning in this area. (SE corner of Casey Rd & 193rd)

Randy Graham made the motion to approve the right-of-way dedication. Jim Ake seconded. Vote: Yes-2; No-0. Motion carried.

Action Item #3: Cardno & City of Westfield, 161st & Union Streets Round-A-Bout-Change Order #3.

Johnathon Nail presented stating that additional services were needed to meet INDOT standards. These services were not in the original project scope. The work includes an environmental documentation of threatened and endangered species and the impact on Liberty Park. Charges of the change order total \$9,100.

Jim Ake made the motion to approve change order #3. Randy Graham seconded. Vote: Yes-2; No-0. Motion carried.

Action Item #4: Midwest Paving & City of Westfield-2020 Resurfacing Contract for Goods & Services

Dustin Shoe presented stating this contract would include road reconstruction, milling, full depth patching, resurfacing, maintenance of traffic, and striping various thoroughfares and streets throughout the city. The total for this work is \$1,985,689.80. Half of the cost will be covered by the Community Crossing Grant.

Randy Graham made the motion to approve the contract. Jim Ake seconded. Vote: Yes-2; No-0. Motion carried.

Action Item #5: Alt & Witzig Engineering & City of Westfield-Asphalt Density Testing & Inspection Services

Dustin Shoe presented stating this allows Alt & Witzig Engineering to perform testing and inspection services on street resurfacing projects. The cost of services not to exceed \$10,000 without prior approval.

Jim Ake made the motion to approve the proposed services agreement.
Randy Graham seconded. Vote: Yes-2; No-0. Motion carried.

Action Item #6: GT Property Development & City of Westfield-RIF Credit Agreement-Gristmill Crossing-Tournament Trail

Jeremy Lollar stated that as part of the development of real estate by (GT Property Develop. LLC), the developer is required by the city to construct an access road and alternative transportation corridor consisting of linear greenway and trail. In exchange the city has agreed on RIF credits or disbursements once construction and dedication are completed.

Randy Graham motion to approve to approve the RIF agreement. Jim Ake seconded.
Vote: Yes-2; No -0. Motion carried.

Action Item #7: Leslie Coatings & City of Westfield-Quaker Park-Proposal for Pickleball Court

Jeremy Lollar presented stating this proposal is to remove the old basketball court at Quaker Park and install three (3) pickleball courts. The proposed cost is \$29,000 and would be paid thru Park Impact Fees.

Jim Ake made the motion to approve action item #7 as written. Randy Graham seconded.
Vote: Yes-2; No-0. Motion carried.

Action Item #8: Ackerson Family Farms, LLC, -Bordeaux Walk Developer, LLC, & City of Westfield, Right-of-Way Dedication for Bordeaux Walk Passing Blister

Johnathon Nail presented stating that Bordeaux Walk Developer wishes to grant and dedicate the right-of-way to the City to use for public road purposes.

Jim Ake motion to approve the right-of-way dedication. Randy Graham seconded.
Vote: Yes-2-; No-0. Motion carried

Action Item #9: Vectren Energy Delivery & City of Westfield-East Street Project-Reimbursement Agreement

Johnathon Nail presented stating that the City wishes to make changes/improvements located at or near East Street. These changes will affect Vectren's natural gas distribution system. Vectren has agreed to relocate & or adjust their facilities. The City has agreed to reimburse Vectren for the work, estimated at \$60,100.51.

Randy Graham made the motion to approve the agreement. Jim Ake seconded.
Vote: Yes-2; No-0. Motion carried.

PERMIT APPROVAL

Action Item #10: Encroachment Application -Duke Energy-Along Oak Road from 161st Street to South of Cool Creek

Adam Essex presented stating that Duke is requesting temporary easements to increase line capacity and substation tie along 161st St. from Union to Carey Rd. and along Oak Rd. from 161st St to South of Cool Creek. This area in the future will have a RAB, and Duke agrees to pay later when they need to relocate again due to RAB.

Jim Ake made the motion to approve the encroachment. Randy Graham seconded.
Vote: Yes-2; No-0. Motion carried.

Action Item #11: Encroachment Application- Duke Energy-Pole Relocation-Springmill Station Flats

Re: VS Engineering – City of Westfield 2019 On-Call Consulting Contract
Addendum No. 1

Dear Johnathan,

VS Engineering, Inc. (VS) is excited to continue our work with the City of Westfield, Department of Public Works in an On-Call Consulting Capacity.

This proposal serves to increase the total compensation set forth in Exhibit B in the original agreement, dated March 27, 2019, from \$28,000.00 to \$48,000.00. All other terms of the original agreement remain unchanged.

The additional funds shall be utilized to provide ongoing construction administration and value engineering services in support of the Grand Junction Plaza project. Tasks include, but are not limited to, the following:

- Coordinating changes in structure type and size of the Jersey Street Culvert in order to obtain a more economical installation.
- Coordinating temporary retaining wall installations to allow for existing building's to be maintained north of Jersey Street.
- Coordinating changes in utility connectivity to reflect current Citizen's Energy Group Standards.

All work associated with Grand Junction Plaza will be invoiced on a time and material basis in accordance with Exhibit B of the original agreement.

If you have any questions regarding addendum, please feel free to contact myself at 317-293-354 or Nick Jahn at 812-401-0303 anytime.

Sincerely,

A handwritten signature in blue ink that reads 'Sanjay B. Patel'.

Sanjay B. Patel, PE

ITEM	DESCRIPTION	QUANTITY	UNIT	UNIT PRICE	AMOUNT
10	PermRep 1335, 1331, 1321 Monmouth Dr. +-335LF 4"	1.00	LS	19,736.46	19,736.46
20	PermRep 1342, 1350, 1358 Monmouth Dr. +-242LF 4"	1.00	LS	17,692.43	17,692.43
GRAND TOTAL					\$37,428.89

NOTES:

No excavation or materials other than noted. No private utility locates. No traffic/pedestrian control, hard surface cuts/restoration, bonds or permits included in the price. Prices quoted using standard Daystar wage rates. Proposal valid for 90 days.

DDD will notify Indiana 811 but cannot be held responsible for any unmarked public or private utilities or lines. When customer is responsible for existing utility locates they agree to indemnify and hold harmless Daystar Directional Drilling Inc. (hereafter identified as DDD) from any and all actions, claims, cost, loss, damage, attorney fees or liability resulting from the following:

- 1) Damage to existing underground utilities or structures, unless one (1) copy of exact elevation and location measurements are furnished to DDD prior to excavation or unless customer field locates all existing obstacles before works begins
- 2) Damages caused by lack of engineering or customer Supervision unless DDD Provides Supervision on project

Any attachments included herein will be considered part of this proposal.

Payment is due 30 days upon receipt of invoice. Past due invoices are subject to one and a half (1 ½) percent per month service charge, plus reasonable attorney fees necessary to collect past due invoice. If using credit card to pay for invoice there will be a minimum convenience charge of 4%. This serves as notice of intent to file a lien for slow or nonpayment.

Quality workmanship and professionalism are standard. Material if provided by DDD will be as specified. Any alteration or deviation from above specification involving extra cost will be executed only upon written orders, and will become an extra charge over and above the estimate. This was given under normal ground conditions. The price will be adjusted if abnormal conditions exist (i.e. water, sand, rock, under ground utilities or any other obstructions)

Acceptances of Proposal - The signature below indicates acceptance of stated terms, conditions and specifications by both parties. This document may be executed in multiple counterparts and by facsimile signatures.
