MISCELLANEOUS BUSINESS/SPECIAL RECOGNITION

OLD BUSINESS

Ordinance 26-30: Authorizing the Issuance of Economic Tax Increment Revenue Bonds to Support the Gateway Lantern Commons Project
Presented by: Dustin Meeks
First Reading: July 13, 2026
Adoption Consideration: July 27, 2026

Jenell Fairman presented an overview of the Lantern Commons Gateway Project, a $30 million development with an estimated gross assessed value of $31 million upon completion. To incentivize the project, staff requests Council approval of a developer-backed bond. The project includes a 102-unit luxury multifamily building, approximately 29,000 square feet of commercial and retail space, 280 surface parking spaces, an outdoor public plaza, and enhanced pedestrian connectivity.

Dustin Meeks, Barnes & Thornburg, explained that Ordinance 26-30 authorizes the issuance of Economic Development Revenue Bonds payable from tax increment generated within the Gateway Allocation Area. The ordinance also approves the related Trust Indenture and Financing Loan Agreement. The proposed bond amount is $7.25 million with a 25-year term and an interest rate not to exceed 9%.

The Redevelopment Commission conducted a public hearing earlier this evening and recommended approval of the project financing.

Kurt Wanninger made a motion to approve Ordinance 26-30. Victor McCarty seconded the motion.

Vote: Yes–7; No–0. Motion carried.

Ordinance 26-38: Authorizing the Issuance of Economic Tax Increment Revenue Bonds to Support the Trace Commons Project
Presented by: Dustin Meeks
First Reading: July 13, 2026
Adoption Consideration: July 27, 2026

Jenell Fairman presented the Trace Commons mixed-use, developer-backed project located at SR 32 and Shady Nook. The project represents an estimated $64 million investment with an anticipated gross assessed value of approximately $69 million at completion. The project utilizes a 60/40 tax increment split, with 60% allocated toward repayment of the developer-backed bond and 40% retained by the City. Ms. Fairman stated that a portion of the City's allocation may be used for the SR 32 and Shady Nook roundabout. She further stated that the increased assessed value generated by the project is anticipated to contribute approximately $148,000 annually to the school referendum.
Dustin Meeks, Barnes & Thornburg, explained that the ordinance authorizes the issuance of Economic Development Revenue Bonds payable from the tax increment generated by the project. The developer-backed bond has a maximum principal amount of $13.3 million, a 25-year term, and an interest rate not to exceed 9%.

Councilor Wanninger asked about the status and timeline of the SR 32 and Shady Nook roundabout. Ms. Fairman and John Nail explained that the City has committed $1 million to INDOT in 2027, with construction anticipated in 2028. Existing funds within the Eastside Economic Development Area may be used temporarily to support the project, with reimbursement anticipated as project-generated funds become available.

Councilor Tamm asked about the developer's commitment regarding the town homes being offered for sale rather than for rent. Ms. Fairman stated that the requirement is included within the approved PUD and any modification would require a PUD amendment approved by Council. She further stated that the developer has committed to a one-year for-sale-only period for the town homes.

Kurt Wanninger made the motion to approve Ordinance 26-38. Victor McCarty seconded the motion.
Vote: Yes-6; No-1 (J. Duepner). Motion carried.

Ordinance 26-34: Tree Preservation Inspection Process
Staff Planner: Lauren Gillingham-Teague
First Reading: July 27, 2026
APC Public Hearing: August 8, 2026
APC Workshop: Tentatively Waived
APC Recommendation: Tentatively August 8, 2026
Adoption Consideration: August 10, 2026
Lauren Gilligham-Teague stated that she is rebranding this ordinance as the tree protection plan that outlines a review and approval process that will be administered by the Parks Department. Details are contained within the ordinance. Pre- and post-construction inspections are part of the process before the final permit is issued. There is a procedure related to fining developers who violate these rules of removal. This also changed the "tree-banking" credit section. A new requirement requires details be delivered to the HOA boards.

Councilor Dartt asked Ms. Gillingham and Chris McConnell to explain the process. The PUD process, once approved by APC and Council, the tree protection plan will then be considered before the permitting process kicks in. Mr. McConnell explained that the trees that are to remain are included within the PUD, which is approved by council. Once an area is described as protected, the Parks Department will then inspect the area and those trees will be required to be marked and protected. The fee for cutting down the wrong trees will have an initial $500 fee for making the mistake and each tree will be measured in a caliper inch and charged accordingly. The developer is required to show proof of protection area and trees at the time of inspection.

President Tamm noted that the "subdivision hand off" sets forth a better process for all PUDs.

Mayor Willis explained that the City is trying to be more proactive by making the developers accountable for things they say they are going to do or not do.

Joe Duepner noted that the fee schedule was not attached and Mr. McConnell stated this will be made available to councilors and presented at the time of the final approval.

Ordinance 26-40: BUILT PUD Amendment
Staff Planner: Lauren Gillingham-Teague
First Reading: July 27, 2026
APC Public Hearing: August 3, 2026
APC Workshop: Waived (tentatively)
APC Recommendation: October 5, 2026
Adoption Consideration: October 12, 2026

Lauren Gillingham-Teague presented the amendment, which is a concept plan map amendment. The parcel is 10.5 acres in size and generally located on the Southwest side of SR 32 and Grey Road. The reconfiguration deals with a pipeline that runs east to west, a drainage easement, and a Duke transmission line. Instead of two separate access drives as approved in the last PUD, the development will now be accessed through a public street. There was no change to the PUD agreements. They are still keeping the tree preservation commitments previously requested along the Midland Trace Trail.

Ordinance 26-41: Eagle West PUD
Staff Planner: Ryan Collingwood
First Reading: July 27, 2026
APC Public Hearing: August 3, 2026
APC Workshop: September 21, 2026
APC Recommendation: October 5, 2026
Adoption Consideration: October 12, 2026

The Eagle West PUD was presented by Ryan Collingwood. The parcel is 127 acres and is located on the corner of the intersection at Eagletown Road and West 186th Street, north-east of the new Westfield Schools Transportation Center. The PUD allows for up to 270 single-family homes. John Dobosiewz, representing the petitioner, Pulte Homes, was in attendance to give an overview of the PUD. This is a "For Sale" community and prior to adoption there will be a commitment in place regarding rental restrictions. Public Works has requested the entrance be moved based on the extension of Towne Road. Multi-use paths will be installed and trails will be developed along the creek and sanitary sewer. There are 45 acres of preserved green space. The darker colored lots will accommodate rear-loading garages. The amenity area of the community is centrally located, and it is shown in the exhibit. Elevations were shown and homes will be between 2200 and 2300 square feet and meet architectural standards.

There was council discussion.

Ordinance 26-45: Common Council of the City of Westfield, Indiana Establishing the City Court of Westfield
Presented by: Danielle Carey-Tolan
First Reading: July 27, 2026
Adoption Consideration: TBD

Danielle Carey-Tolan was online to present, explaining that there is a statutory window that must be met in order to potentially open a court sytem on January 1, 2028. She noted that this doesn't mean it's necessarily happening, but this must take place.

Kurt Wanninger affirmed this is "getting the ball rolling," and it would allow for a judge to be elected in 2027. Mayor Willis said it makes no sense to do this if the Council doesn't want this. Jon Dartt has requested understanding of the reasoning and noted that it is not a requirement. He'd like to know the advantages and has lots of follow-up questions. Mayor Willis exchanged a bit of dialog about controlling zoning, and its benefits.

Approving the ordinance simply affirms the open-mindedness of the Council to move forward. Ms. Tolan related that she's been meeting with other people throughout the state about developing the court. This has to be done before a municipal election, but no date has been established as to when it will be returned to the council for adoption consideration.

L. **Variations from Regulating Plan:** As the district develops, variations from the adopted Regulating Plan may be necessary. The major and minor variation processes are intended to allow flexibility while preserving the quality and overall intent of the district.

1. Major Variations:

a. A proposed modification determined by the Director to adversely impact the purpose or intent of the Regulating Plan shall be considered a Major Variation. Major variations may include, but are not limited to:

i. An increase in the buildable area, number of blocks, or boundaries of the district;

ii. Changes to major street alignments;

iii. The elimination, relocation, or substantial reduction of public open space, including the Championship Way Linear Park and retail canalwalk;

iv. The elimination or reduction of retail frontages or the retail uses required on said frontages;

v. The reduction or elimination of structured parking or changes in the number, size, or location of permanent surface parking lots;

vi. Proposal of a prohibited use;

vii. The increase or decrease of minimum or maximum building height.

b. Major Variations shall follow the process for a Development Standard Waiver.

2. Minor Variations:

a. If the Director determines a proposed variation from the Regulating Plan is not a Major Variation, then the variation shall be deemed a Minor Variation. A Minor Variation may include, but is not limited to:

i. Change in location, type, and density of landscape plantings depicted in the Regulating Plan;

ii. Minor changes to open space location and programming;

iii. Relocation of utilities or stormwater facilities;

iv. Reallocation of land uses between development blocks where the overall mix of uses remains substantially consistent with the Regulating Plan;

v. Up to a fifteen percent (15%) reduction to any minimum district or development standard or a fifteen percent (15%) increase to any maximum district or development standard. This provision shall not apply to minimum or maximum building height or the minimum amount of retail required on retail-required frontages.

b. The Director shall administratively approve requests for Minor Variations upon finding that:

i. The variation does not materially alter the intent or vision of the Regulating Plan;

ii. The variation does not substantially reduce the quality or availability of public open spaces or amenities;

iii. The variation maintains pedestrian connectivity and urban design objectives;

iv. The variation does not create adverse impacts on adjoining properties internal or external to the district.

M. **Approval Process:** Detailed Development Plans that comply with the Grand Park Regulating Plan and applicable provisions of the UDO shall be approved by the Director

following the procedures established in *Article 10.7 Development Plan Review*. The Director shall provide informational reports to the Advisory Plan Commission and the City Council on a quarterly basis summarizing approved and denied Detailed Development Plans and Minor Variations within the Grand Park District.

N. **Appeals**: Decisions of the Director may be appealed to the Advisory Plan Commission following the procedures established in *Article 10.7 Development Plan Review*.

MEMORANDUM

August 4, 2026

TO: Westfield-Washington City Council Members

FROM: Lauren Gillingham-Teague, AICP – Senior Planner

CC: Westfield Community Development Staff

SUBJECT: Creation of the M-GP: Grand Park zoning district

EXHIBITS:
1. Memorandum
2. Proposed Ord. 26-32
3. Redline of Ord. 26-32
4. Grand Park District Vision & Regulating Plan and Appendix

Over the last two years, the City and its consultants have worked diligently to develop the Grand Park District Vision and Regulating Plan, a visionary blueprint to enhance and expand the existing Grand Park Sports Campus. With that plan now finalized, the proposed M-GP zoning district is designed to put the words into action and translate the master plan into actionable development regulations.

Chapter 2 – Basic Provisions

Article 2.9 Comprehensive Plan

Chapter 2 is largely a "legal housekeeping" section of the zoning code, laying out the authority of the City to establish zoning and tying in other documents and regulations referenced within the UDO, such as the zoning map, Building Code, and various sections of State law. This is a new section acknowledging the authority and purpose of the Comprehensive Plan and its associated sub-area plans, including the Grand Park Vision and Regulating Plan which forms the basis of the M-GP District.

Chapter 3 – Administration

Article 3.6(A) Plan Commission; Duties

Adds some catch-all language cementing the authority of the APC to delegate responsibilities to a committee (such as the Plat Committee) or zoning official.

Chapter 4 – Zoning Districts

Article 4.1 Establishment of Districts

Establishes Master Planned Districts as a new category of zoning district and adds M-GP: Grand Park

District to the category. The prefix "M-" will be used to distinguish master planned districts from standard zoning districts.

Article 4.17 M-GP: Grand Park District

Creates standards for the master planned M-GP District. As a master planned district, this district is intended to function as a cross between a standard zoning district and a PUD ordinance, and is applicable only to the geographic area shown in the Grand Park Vision and Regulating Plan. Given the reliance on the underlying ordinance, it is not possible to rezone land in other areas of the city to the M-GP District.

Like a PUD, the standards are applicable only to a defined geographic area and based on an external reference document (the "Regulating Plan"), but, because they live directly in the UDO and aren't enshrined in a PUD ordinance, the standards can be amended or modified without going through an extended PUD amendment process. Given the speed and complexity of development deals, it's crucial that the code be nimble and predictable to have the best chance of landing the sports-related companies we're targeting.

With this flexibility in mind, the ordinance proposes new Major and Minor Variation processes to approve project-specific variations from District standards and the underlying Regulating Plan. These variations are approved on a case-by-case basis and, unlike PUD amendments, do not change the text of the Regulating Plan. Minor Variations, such as minor adjustments to landscape plantings, relocation of land uses between development blocks, and up to a 15% increase or reduction in quantitative standards (ex. maximum front setback, min. percentage of masonry material) can be administratively approved by the Director. Major Variations, such as changes in major street alignments, the elimination or reduction of open space, or the elimination or reduction of retail frontages will require APC approval.

Chapter 10 – Processes and Procedures

Article 10.7 Development Plan Review

Delegates the review and approval of Detailed Development Plans in Master Planned Districts to the Director of Community Development; cleans up unnecessary language in the ODP Approval Process section – the approval of ODPs will remain with the Plat Committee.

Article 10.17 Development Standard Waiver

Creates a new process allowing the APC to grant a waiver from standards required by a Regulating Plan or Chapter 6: Development Standards and establishes review criteria/findings of approval. This process is very similar to the Subdivision Control Waivers granted by the Plat Committee for subdivision design standards

Waivers shall not require a public hearing, and the APC can require applicants to make commitments as a condition of approval. Denial of a Development Standard Waiver does not affect an applicant's legal right to seek a variance from the BZA.

In the context of the M-GP District, the Development Standard Waiver is used to approve Major Variations from the Regulating Plan or UDO. As written, this process is limited only to projects in Master Planned zoning districts but could be expanded to other districts if desired.

Chapter 12 – Definitions

Article 12.1 Definitions

Creates definitions for words used in the Grand Park District Vision & Regulating Plan and M-GP zoning district. These words include:

- **District, Master Planned:** Shall mean and refer to individually, or collectively, the Zoning Districts listed under "Master Planned Districts" in Article 4.1 Establishment of Districts.

- **Regulating Plan:** A detailed plan establishing a vision for the physical form of a defined geographic area, such as a neighborhood or district. Regulating Plans may include recommendations for land use, density, block length, street and trail networks, streetscapes, open space, and community facilities.

- **Variation, Major:** A proposed modification to a previously approved regulating plan or development ordinance that is determined by the Director to adversely impact the purpose or intent of said plan or ordinance.

- **Variation, Minor:** A proposed modification to a previously approved regulating plan or development ordinance that is not a Major Variation.

PETITION HISTORY

The Property was rezoned from AG-SF1 to the BUILT Westfield PUD in March of this year. This amendment was introduced at the July 27, 2026, City Council meeting and a public hearing was held at the August 3, 2026, Advisory Plan Commission Meeting. At that meeting, the APC elected to waive the Workshop requirement and forward a favorable recommendation to Council. The petition is set for Adoption Consideration at the August 10, 2026, City Council meeting. Staff has not received any public comments at this time.

PROJECT OVERVIEW

Location: The subject real estate is approximately 10.58 acres in size and is located near the southwest corner of 32 and Gray Rd (see **Exhibit 2**). Adjacent zoning districts are AG-SF1: Agriculture/Single-family Rural and GO: General Office to the north, GO: General Office to the west, SR – Low Density Single-family Residential (Noblesville jurisdiction) to the east, and SF3: Single-family Medium Density to the south (across the Midland Trace Trail). The Property is zoned BUILT Westfield PUD and permits the development of a Makerspace Business Center as well as general office and daycare uses.

The property has a comical number of encumbrances, including two underground gas pipelines running diagonally from southwest to northeast, an easement for the Fred Hines Regulated Drain running east-west through the middle of the site, and a large Duke Energy transmission line.

Project Description: The petitioner requests to amend the PUD ordinance to update the Concept Plan, landscape plan, and architectural signage exhibits to accommodate a change in site circulation. Whereas the prior concept plan showed a private access drive into each area, the new concept plan shows a new public street providing access to both parcels as well as the large parcel to the west of the site.

A PUD amendment will still be required prior to development of Area B and the tree preservation commitment made with the previous ordinance is still in effect.

ORDINANCE DETAILS

Definitions: The PUD ordinance does not propose any new definitions.

Concept Plan: As mentioned, the proposed ordinance incorporates provides a new Concept Plan (see **Exhibit 4**) showing the subareas Area A and Area B, the modified internal street network, and the approximate size, location, and proportion of uses and structures within Area A. These improvements must be in substantial compliance with the Concept Plan, however, an amendment shall be required to amend the Concept Plan for Area B prior to development. The new layout allows for four additional makerspace units and two additional parking spaces, bringing the total number of units to 47.

Underlying Zoning: The underlying zoning district remains GO: General Office District.

Permitted Uses: No changes are proposed to the permitted use list.

General Regulations: The setbacks remain the same aside from a new 10’ setback from the new public street.

Overlay Districts: No changes proposed - the State Highway 32 Overlay District shall not apply to Area A while only the Architectural Design Requirements of the State Highway 32 Overlay District shall apply to Area B.

Development Standards: As proposed, the ordinance modifies the following Development Standards:

> Landscape Standards: Article 6.8 shall not apply, rather landscaping in Area A shall be in substantial conformance with the landscape exhibit included in the ordinance (see **Exhibit 5**) as determined by the Director. An amendment to the PUD which incorporates landscape plans or standards for Area B shall be required prior to the future development of Area B.
>
> Parking Standards: The proposed PUD Ordinance waives the standards found in Article 6.14(G)(11) Parking Standards; Off-street Parking; Required Spaces. Instead, parking space requirements shall be determined by the Director of Community Development based upon data supplied by the applicant. The new layout increases the number of parking spaces from 33 spaces to 35 spaces. The developer believes the parking will be sufficient.
>
> Sign Standards: The architectural signage location exhibit has been revised to reflect the new building layout (see **Exhibit 6**).

Annexation: Annexation is required prior to subdivision approval. The annexation process was finalized in June of this year.

Severability: The proposed ordinance includes a provision stating that if any part of the ordinance is determined to be illegal or unenforceable, then the remainder of the ordinance will remain valid and enforceable.

COMPREHENSIVE PLAN

The Westfield-Washington Township Comprehensive Plan shows the subject parcel within the "Trail Oriented Development" placetype. This placetype builds upon the established network of trails and pathways throughout Westfield and the region, and encourages small scale apartments, townhouses, commercial, retail, office, and professional services uses with connection to the trail.

PROCEDURAL

Public Hearing: An amendment to the Zoning Map is required to be considered at a public hearing by the Plan Commission. The public hearing for this petition occurred at the August 3, 2026, Plan Commission meeting. Notice of the public hearing was provided in accordance with Indiana law and the Plan Commission's Rules of Procedure.

Workshop Discussion: The Workshop requirement was waived at the August 3, 2026, APC meeting.

Statutory Considerations: Indiana Code 36-7-4-603 states that in the consideration of zoning ordinance amendments and zone map changes that reasonable regard shall be paid to:

1. The Comprehensive Plan.
2. Current conditions and the character of current structures and uses.
3. The most desirable use for which the land is adapted.
4. The conservation of property values throughout the jurisdiction.
5. Responsible growth and development.

Council Introduction: This petition was introduced for first reading at the July 27, 2026 City Council meeting

REDISTRICTING GUIDELINES BY THE COMMON COUNCIL OF THE CITY OF WESTFIELD, INDIANA

These guidelines ("Guidelines") are adopted to establish the criteria to be used to redistrict legislative body districts for the Common Council ("Council") of the City of Westfield, Indiana (the "City") in compliance with Ind. Code §36-4-6-3 and Ind. Code §3-5-10-7 (together the "City Districting Statute" or "Statute") and other applicable provisions of the Indiana Code. It is the intent of these Guidelines and of the Council to promote free and open participation by the public in the redistricting process, to create district boundaries that enhance and facilitate effective representation of all citizens in the City, and to comply with all relevant statutory and constitutional requirements. The primary goal of the Council in this redistricting process is to ensure fair and effective representation of all citizens.

I. REQUIREMENTS OF IND. CODE §36-4-6-3, IND CODE §3-5-10-7 AND IND. CODE §§3-5-10 *et seq*.

The redistricting of the Westfield City Council districts as a Third-Class City last occurred in 2022, as adopted by Ordinance No. 22-49 on October 25, 2022 and codified in §36.01 of the City of Westfield Municipal Code[1] (the "City Code"). On November 13, 2023 the Council adopted Ordinance No. 23-33 (the "Adopting Ordinance") electing Second-Class City status effective upon the Mayor's approval, which was obtained on November 21, 2023. The Adopting Ordinance directed the Council to establish new Councilmanic Districts pursuant to Ind. Code §36-4-6-3 for Council members taking office on January 1, 2028 as elected in the municipal elections occurring in 2027. The Adopting Ordinance directed the creation of six (6) residential districts and three (3) at-large districts, consistent with Ind. Code §36-4-6-3(b) for Second Class Cities.

The City Districting Statute establishes certain minimal criteria for the redistricting process. It is the intent of these Guidelines to fully comply with the criteria set forth in the City Districting Statute, the City Code and other applicable state and federal laws. Compliance with statutory criteria is discussed more specifically in subsequent sections of these Guidelines.

Applicable portions of Ind. Code §36-4-6-3 provide as follows:

(a) This section applies only to second class cities.

(b) The legislative body shall adopt an ordinance to divide the city into six (6) districts that:

(1) are composed of contiguous territory, except for territory that is not contiguous to any other part of the city;

(2) are reasonably compact;

(4) contain, as nearly as is possible, equal population.

[1] See notes to Westfield Municipal Code §36.01.

(2) following the establishment of a legislative body district whose boundary crosses a precinct boundary line, not more than one (1) member of the legislative body elected from the districts resides within the same city legislative body district.

(e) A city legislative body district with a boundary described by subsection (c) or (d) may not cross a census block boundary line:

(1) except when following a precinct boundary line; or

(2) unless the city legislative body certifies in the ordinance that the census block has no population, and is not likely to ever have population.

(f) The legislative body may not adopt an ordinance dividing the city into districts with boundaries described by subsection (c) or (d) unless the clerk of the city mails a written notice to the circuit court clerk. The notice must:

[3] Ind. Code §3-5-10-7 limits the time frame for redistricting to the second year after a federal census; the first year after a census event other than a federal decennial census becomes effective; whenever required to assign annexed territory to a district; whenever the boundary of the political subdivision is changed; or, as provided in the order of a court that has found the current redistricting plan unconstitutional or otherwise unlawful.

[4] Inapplicable provisions omitted.

(1) adopted under subsection (b); or

(2) recertified under subsection (j). […]

(m) IC 3-5-10 applies to a plan established under this section.

Applicable portions of Ind. Code §§3-5-10 *et seq*. provide as follows:

§3-5-10-9. If a conflict exists between:

(1) a map showing the boundaries of a district; and

(2) a description of the boundaries of that district set forth in the plan;

the district boundaries are the description of the boundaries set forth in the plan, not the boundaries shown on the map, but only to the extent there is a conflict between the description and the map.

§3-5-10-10. If any territory in the political subdivision is not included in one (1) of the districts, the territory is included in the district that:

(1) is contiguous to that territory; and

(2) contains the least population of all districts contiguous to that territory.

§3-5-10-11. If any territory in the political subdivision is included in more than one (1) of the districts, the territory is included in the district that:

(1) is one (1) of the districts in which the territory is described in the ordinance or resolution that establishes the plan;

(2) is contiguous to that territory; and

(3) contains the least population of all districts contiguous to that territory.

II. CRITERIA TO BE CONSIDERED WHEN DRAWING DISTRICT BOUNDARIES

A. Contiguous Territory

The City Districting Statute specifies that legislative body districts shall be "composed of contiguous territory, except for territory that is not contiguous to any other part of the city."[5] The Council interprets this requirement to mean that, among other things, a legislative body district cannot be made up of one or more areas that meet at the points of adjoining corners. The Council is committed to creating legislative body districts that consist only of contiguous territory unless established precinct boundaries dictate otherwise.

B. Reasonably Compact

The City Districting Statute requires that districts must be "reasonably compact."[6] The Council recognizes that this requirement does not require districts to be as compact as possible. Moreover, the Council believes that the goal of compactness should generally defer to criteria more fundamental to obtaining effective and functional electoral districts including population equality, respect for precinct boundaries, respect for natural geography, building patterns and

[5] Ind. Code §36-4-6-3(b)(1).
[6] Ind. Code §36-4-6-3(b)(2).

communities of interest. The compactness requirement would, however, override these other criteria in some instances, such as when the degree of compactness of the proposed district would be considered "unreasonable." The Council is committed to creating legislative body districts that are reasonably compact.

C. Equal Population

The City Districting Statute requires that City legislative body districts "contain, as nearly as is possible, equal population."[7] This requirement includes both the selection of accurate data upon which to base the Council's determination, and a determination regarding the minimum standards for population equality.

1. Use of Census Data

The Council recognizes that use of data from the 2020 Federal Decennial Census is mandated by the Indiana General Assembly as updated by any Federal special census, special tabulation or corrected population count.[8] On July 23, 2026 the City received notice from the U.S. Census Bureau that a full special census of the City has been conducted and dated as of September 15, 2025 (the "2025 Special Census"). As of September 15, 2025, the population of the City was determined to be 64,407, representing "Official Census Statistics" according to Title 13, U.S.C. §196. The 2025 Special Census data will be the data utilized by the Council in the redistricting process. The foregoing 2025 Special Census data is readily available and accessible to the public.[9] Included in the Public Plan Submission Packet is a list of precincts included in the City's corporate boundaries with population listed based on the 2025 Special Census.

2. Population Deviation

The City Districting Statute requires districts that "contain, as nearly as is possible, equal population."[10] The City interprets this phrase to mean that Council districts must comply with the equal protection clause of the United States Constitution as that clause has been interpreted with respect to local government election districts. The modifying language clearly indicates, however, that, unlike federal Congressional districts, precise equality of population among districts is not specifically required by the Statute.

In order to comply with the City Districting Statute and the equal protection clause of the United States Constitution the Council will evaluate the population of each district of any redistricting plan considered by the Council for "deviation from the ideal district size" and will also evaluate any such redistricting plan for the "total deviation" of the plan. As used in these Guidelines the term "ideal district size" refers to the total population of the City as determined by the 2025 Special Census divided by six (6).[11] The term "deviation from the ideal district size"

[7] Ind. Code §36-4-6-3(b)(4).
[8] Ind. Code §1-1-3.5-3(b).
[9] Census data is available on the website of the United States Census Bureau found at www.census.gov. The link to the 2025 Westfield Special Census appears on page 2 of the Public Plan Submission Packet.
[10] Ind. Code §36-4-6-3(b)(4).
[11] The 2025 Special Census establishes the population of the City of Westfield as 64,407 as of September 15, 2025. Based on that number, the ideal district size is established by the Council as 10,734.

refers to the amount by which the population of any district is greater than or less than the ideal district size and is expressed as a percentage by dividing the difference between the actual and ideal district sizes by the ideal district size. The term "total deviation" refers to the sum that is derived by adding the deviation from the ideal district size of the districts with the smallest and the largest populations expressed as a percentage (*e.g.* if the smallest district has a deviation from ideal of -2.6 % and the largest district has a deviation from ideal of +3.1% the total deviation equals 5.7%)

The City recognizes that total population deviations of less than ten percent (10%) are considered *prima facie* constitutional for state legislative districts pursuant to Supreme Court precedent and that total population deviations in excess of ten percent (10%) may be justified if supported by reasonable state interests. Courts have generally applied similar standards to local government apportionment efforts.

Nevertheless, the Council has determined that a primary goal of the redistricting process should be the creation of single-member Council districts with nearly equal population and that any significant deviation from this principle must be adequately justified and as narrow as possible to meet the stated reasons for the deviation. Any total deviation in excess of five percent (5%) shall be justified in writing with reference to one or more rational objective criteria including:

a. contiguity;
b. compactness;
c. adherence to precinct boundary lines (except as allowed by the Statute);
d. respect for and adherence to natural geography and building patterns including, but not limited to, rivers, streets, shopping areas, neighborhoods, etc.;
e. communities of interests; and
f. any other objective criteria.

Written comments accompanying any redistricting plan submitted by a member of the public for consideration must reference any objective criteria relied upon to justify a total population deviation in excess of five percent (5%).

D. Precinct Boundary Lines

The City Districting Statute provides that districts may not cross precinct lines unless: (1) more than one member of the Council resides in a single precinct as described; or (2) the districts would not otherwise contain, as nearly as is possible, equal population.[12] However, the Council recognizes that respect for precinct boundaries is essential to minimize voter confusion on election day, to reduce the cost of election administration, to help preserve communities of interest and to encourage voter understanding of the electoral process. The Council is committed to creating legislative body districts that respect precinct boundary lines provided that the goal of creating districts with nearly equal population is not unduly burdened thereby. Consequently, only in an extraordinary event will precinct boundary lines be disregarded, and in such event such division will be minimized to the extent reasonably practicable. Prior to the adoption of a final plan which includes districts crossing precinct lines, the Clerk-Treasurer shall give the notice required by subsection (f) of the City Redistricting Statute. The office of the Hamilton County Clerk has shared with the City intended revisions to the precincts within the City, which data is included in

[12] Ind. Code §36-4-6-3(c) and (d).

the exhibits to these guidelines. The precinct boundary lines used to create Council districts shall be those precinct boundary lines intended to be in use in Hamilton County as of January 1, 2027 as included in the Public Plan Submission Packet.[13]

E. Dilution of Minority or Political Voting Strength

The Council recognizes the fundamental right of political participation by all citizens in the City. Consequently, no district shall be drawn to intentionally dilute the voting strength of any language or racial minority group. Any proposed redistricting plan demonstrated to have the intent of dispersing or concentrating minority population in a manner that prevents minority communities from electing their candidates of choice shall not be acceptable. In addition, no district shall be drawn for the purpose of discriminating against an identifiable political group in such a way that the group's electoral influence is consistently degraded.[14]

F. Communities of Interest

The Council believes that an important function of electoral districts is to promote and enhance community cohesiveness and dialogue and to promote the recognition of unique interests that are held in common by recognizable groups of voters. Such interests may include social, cultural, or economic interests common to the population of the area. In the redistricting process the City will preserve communities of interest where possible so long as recognition of such interests does not conflict with the other statutory or constitutional redistricting criteria.

III. PUBLIC NOTICE AND PARTICIPATION IN THE DISTRICTING PROCESS

Believing that public participation is essential to a fair and effective redistricting process, the Council adopts the following plan for public participation in the redistricting process.

A. All Redistricting Meetings Shall Comply with the Indiana Open Door Law

All redistricting meetings conducted by a quorum of the Council shall be held in compliance with the Indiana Open Door Law, Ind. Code §5-14-1.5-1 *et seq.*

B. Public Notice Regarding Meetings At Which Redistricting Plans Are To Be Considered

The Council shall comply with the public notice requirements which are applicable to all Council Meetings. Public notice regarding the consideration of Council district plans shall additionally be published as provided in these Guidelines.

C. Public Access to Redistricting Information and Submission of Proposed Plans.

The Council desires and welcomes full public participation in the redistricting process. In

[13] The only significant proposed precinct change inside City limits is the division of current Precinct 17 into Precinct 17 and Precinct 38 at 186th Street as reflected on the Exhibits in the Public Plan Submission Packet.

[14] For recent changes regarding the treatment of racial or minority groups in the redistricting process, *see Louisiana v. Callais*, 146 S.Ct. 1113 (2026).

order to ensure public participation in the redistricting process the Council authorizes the following steps to be taken by the Redistricting Coordinator:

1. Publication of the notice set forth in Exhibit "1" in the *Noblesville Times* on August 12 and August 19, 2026, the *Hamilton County Reporter* on August 17 and August 24, 2026, and the *Westfield Current* on August 18 and August 25, 2026. The Redistricting Coordinator is further authorized to place the Notice on the City's website.
2. Provision of individual notice of any public redistricting meetings not described in these Guidelines and not listed on the notice published in compliance with the preceding paragraph to all members of the public who request such notice by filing a written request for notification with the office of the Clerk-Treasurer.
3. Provision of the notice set forth in Exhibit "1" via a news release distributed to all media that have requested notice pursuant to Ind. Code §5-14-1.5-5.
4. Provision of City maps indicating precinct boundaries and summary population data at the precinct level to members of the public at no cost for the purpose of facilitating the creation and submission of alternative redistricting plans by members of the public.
5. Production of minutes of all public redistricting meetings by the City's Clerk-Treasurer to be made available for review after approval at the next Council meeting.

D. Individual Notice Regarding Districting Process

Individual notice regarding any aspect of the districting process shall be given without charge to any individual or organization that requests it. Such requests shall be filed in the Office of the Clerk-Treasurer, Westfield City Hall, 130 Penn Street, Westfield, Indiana 46074. The Clerk-Treasurer's Office is open from 8:00 am to 4:30 p.m. local time Monday through Friday. Additional notice shall be provided as described elsewhere in these Guidelines.

IV. SUBMISSION AND CONSIDERATION OF DISTRICTING PLANS

To meet the statutory requirements of the City Districting Statute the Council must adopt on final passage an ordinance approving a districting plan no later than December 31, 2026; however, the Council intends to adopt a final districting plan on the timetable set forth in the Notice.

A. Preparation of Draft Plan by Redistricting Coordinator

The Council has designated, by Resolution adopted contemporaneously with the adoption of these Guidelines, a member of the Common Council as the Redistricting Coordinator for the purpose of developing a draft plan (the "Draft Plan") that complies with the legal requirements for the creation of legislative body districts. The Redistricting Coordinator is further directed to ensure that the Draft Plan complies in all respects with the applicable portions of these Guidelines.

It is the responsibility of the City Redistricting Coordinator to prepare a Draft Plan that is made available to members of the public and members of the Council not later than Noon on September 9, 2026, the date designated for the submission of plans by the public. The Draft Plan shall thereafter be available for review in the office of the Clerk-Treasurer during normal business hours at the request of any member of the public prior to consideration of its final adoption.

B. Public Preparation and Submission of Redistricting Plans

The Council shall also receive redistricting plans submitted by any member of the public so long as any such plan is submitted in writing to the Clerk-Treasurer's office during regular business hours between the date of adoption of these Guidelines and prior to Noon on September 9, 2026.

Any plan offered by a member of the public must meet the following criteria in order to be considered:

1. It must have been submitted in writing to the Clerk-Treasurer's office during regular business hours between the date of adoption of these Guidelines and Noon on September 9, 2026;
2. The precincts (or portions of partial precincts) contained in each proposed legislative body district shall be clearly written on the form provided (Note: the Guidelines direct that precinct boundaries be respected except in extraordinary circumstances);
3. The plan as submitted must stand as a complete City-wide plan for redistricting (i.e., all pieces of geography within the City must be accounted for in some district); and
4. The plan must comply in all material respects with these Guidelines and with the instructions attached as Exhibit "2". Any plan with a total deviation in excess of 5% from population equality must be justified in writing with reference to the objective criteria set forth in these Guidelines.

A plan must meet the above requirements to be considered by the Council. As described in these Guidelines, each plan will be evaluated for:

1. contiguity;
2. compactness;
3. population deviation;
4. respect for precinct boundary lines;
5. compliance with the requirements prohibiting intentional discrimination;
6. respect for and adherence to natural geography and building patterns;
7. respect for communities of interest; and
8. any other relevant criteria.

In order to assist in the evaluation of proposed plans each individual submitting a proposed districting plan is required to complete a statistical sheet and description in the form attached hereto as Exhibit "3" and list:

a. the total population for each proposed district;
b. the population deviation from the ideal for each district and
c. the total deviation for the plan.

A complete set of instructions and the statistical report for publicly submitted plans is set forth as Exhibit "2" and Exhibit "3" to these Guidelines and is specifically incorporated herein by reference.

C. Written Comments Regarding Redistricting Guidelines and Draft Plans

The Council will also receive public input in the form of written comments and objections by the public to any aspect of the districting process, including the adoption of the process or criteria set forth in these Guidelines and to any Draft Plan. Any member of the public desiring to submit written comments to the Council regarding the redistricting process set forth in these Guidelines should submit those comments in writing in the office of the Clerk-Treasurer during regular business hours between the date of adoption of these Guidelines and Noon on August 31, 2026. Written comments regarding the Draft Plan or any plan proposed by the public may be submitted until 4:30 pm on the date of the September 14, 2026 public hearing designated below.

D. Public Hearing Regarding Plan(s)

The Council shall hold a public hearing at the September 14, 2026 regular meeting of the Council (the "Public Hearing"), for the purpose of reviewing the Draft Plan and any public plans submitted to the Council and to take public testimony and comments regarding the Draft Plan and any plans proposed by the public. The Council shall make any necessary revisions or modifications to the plans under consideration prior to final adoption.

As the City Districting Statute requires the adoption of an ordinance to approve a districting plan, unless waived in accordance with Indiana law, the Council shall adopt an ordinance after it is considered at two separate meetings of the Council at which a quorum is present. It is presently anticipated that the ordinance to approve a districting plan will be introduced at the meeting at which the Public Hearing is held, and that the final passage of the ordinance approving a districting plan will occur at a regular or special meeting of the Council thereafter. The second meeting and final approval of the ordinance is tentatively scheduled for September 28, 2026.[15] Additional meetings and revisions to any plan under consideration may occur at subsequent special or regular meetings at the Council's discretion. The final adoption of an ordinance approving a districting plan shall occur no later than December 31, 2026 in accordance with the City Districting Statute; however, the Council intends to adopt a final districting plan on the timetable set forth in the Notice.

E. Additional Public Meetings

Should additional public meetings become necessary at any point in the redistricting process, such meetings will be held and any statutorily required notice shall be given. Notice of all redistricting meetings shall be posted online on the City's webpage and posted in advance in the office of the Clerk-Treasurer or as otherwise customarily posted for Council meetings. Parties interested in the redistricting process who desire to be specially notified regarding any additional public meetings should leave their name, complete address, work and home phone numbers, and electronic mail address with the Clerk-Treasurer's office and every effort will be made to give such individuals notice of any additional public meetings that may be required.[16] Notice to such

[15] The date of the second meeting will be determined by the Council and announced no later than the meeting at which the Public Hearing is held.

[16] The term "additional public meetings" refers to meetings not set forth in these Guidelines or in the Notice attached as Exhibit "1".

individuals will be attempted by either regular mail, electronic mail, phone or face to face communication.

V. AMENDMENT OF REDISTRICTING GUIDELINES

Should it become necessary at any time to amend these Guidelines the Council may do so upon a vote of the majority of the members of the Council at any duly called meeting of the Council.
