Announce any changes to Agenda

At the request of the petitioner, Resolution 26-147 and Ordinance 26-43 pertaining to the Eagle West Annexation were tabled to a later meeting. The Traffic Ordinance (26-47) was also tabled to further evaluate the data and standards across the city.

RESIDENTS WHO WISH TO ADDRESS COUNCIL

Laura Folz addressed the Council regarding children's safety and the accident that occurred on Tomlinson Road. She is a mom, an educator, and the PTO President at Monon Trail Elementary. While she realizes the 35mph recommendation is based on the 85th percentile speed, she feels that the data rule of 85% tells us how drivers are currently behaving but does not tell us what speed is safest for our particular community. Ms. Folz relayed that the Federal stopping sight distance guidance increases from approximately 200 feet at 30 mph to 250 feet at 35mph. That is 50 additional feet needed to perceive a hazard, react and stop. Fifty feet matters. Ms. Folz requested that the council reduce the speed limit to 30mph.

Chris Stidham addressed Council regarding the proposed reduction of the speed limit on Tomlinson Road. Mr. Stidham reiterated his request that the speed limit be reduced to 30 mph and stated that his recommendation was based not only on his family's personal experience, but also on data regarding pedestrian safety, stopping distances, residential development, sidewalks, and other uses along the corridor. Mr. Stidham stated that he and his wife continue to advocate for the reduction because they do not want another family to experience the loss of a child. He also suggested that the City consider reviewing speed limits throughout Westfield for consistency, noting variations in posted speeds along Tomlinson Road and other areas of the City. Mr. Stidham expressed appreciation to the Council for taking additional time to consider the ordinance rather than rushing a decision. He stated that he does not view 35 mph as an appropriate compromise between the existing 40 mph limit and the requested 30 mph limit, emphasizing that pedestrian safety should determine the appropriate speed. Mr. Stidham asked those in attendance who were present in support of the issue to stand, noting that their advocacy extends beyond his family and reflects broader community support for increased pedestrian safety throughout Westfield.

Rachel Stidham addressed Council regarding the proposed reduction of the speed limit on Tomlinson Road. Mrs. Stidham spoke about the death of her seven-year-old son, Graham, who was struck and killed on Tomlinson Road earlier this summer, and expressed her belief that vehicle speed contributed to his death. She urged Council to reduce the speed limit to 30 mph rather than the proposed 35 mph.

Mrs. Stidham stated that the surrounding school, preschool, nearby neighborhoods, pedestrian activity, and gaps in the existing safety infrastructure warrant a lower speed limit. She expressed concern that a 35 mph limit would not go far enough to prevent another serious or fatal incident and stated that her family intends to continue advocating for a speed limit no

higher than 30 mph. Mrs. Stidham asked Council to reconsider the proposed 35 mph limit and emphasized that, in her view, the additional 5 mph reduction could make a meaningful difference in pedestrian safety.

Emily Ralph addressed Council regarding pedestrian safety and the proposed speed limit reduction on Tomlinson Road. Ms. Ralph expressed concern about the possibility of the ordinance being tabled for additional data and urged Council to conduct its deliberations regarding the matter in an open meeting. She stated that pedestrian-safety concerns at Tomlinson Road and 196th Street had been brought to the City's attention prior to the fatal accident and expressed concern regarding the timing of planned sidewalk and crosswalk improvements.

Ms. Ralph questioned the methodology used in the City's speed study and advocated for a permanent 30 mph speed limit on Tomlinson Road. She described her family's experience with her daughter riding the bus despite living approximately one-half mile from school because of concerns about safely walking to school. Ms. Ralph also questioned the City's prioritization of resources for pedestrian safety and stated that a petition supporting a permanent 30 mph speed limit on Tomlinson Road had received 870 signatures.

Sophia Razi, age eight and a friend of Graham Stidham, addressed the Council regarding safety on Tomlinson Road. Sophia spoke about the loss of her friend and described Graham as kind, honest, and a true friend. She stated that his death had left her sad and angry and expressed her belief that the road was unsafe.

Sophia urged Council to take action to make the roadway safer for children, stating that while she does not know how to fix a road, she believes it is the responsibility of the adults and City leaders to protect children. She said she wants to be able to cross the street and play without being afraid and stated that she and others will continue speaking to the Council until the road is made safer.

Mayor Willis addressed the decision to table the proposed speed limit ordinance and provided an update on the City's review of the Tomlinson Road speed limit. Mayor Willis stated that the City is seeking additional independent engineering review of the available data before returning the ordinance to Council. He explained that the police report and forensic information related to the fatal accident involving Graham Stidham were not yet complete and are expected to be available for the next Council meeting.

Mayor Willis stated that the Police Chief or investigating detective would brief Council on the findings of the accident investigation. He also indicated that the City intends to publicly review the applicable federal highway standards for establishing speed limits, including the various factors considered in addition to the 85th-percentile speed, and will provide Council with the findings of the additional engineering reviews. Mayor Willis stated that the purpose of delaying consideration is to provide transparency and ensure Council has complete information before establishing the speed limit. He indicated that the ordinance is expected to return at the next meeting and that he will continue communicating with the Stidham family regarding the City's progress.

Resolution 26-151: Declaratory Resolution—Wheeler Business Park Economic Revitalization Area and SPWL Westfield, LLC Real Property Abatement

Presented by: Claire Gelinas

Adoption Consideration: August 24, 2026

Claire Gelinas presented. This Resolution has two parts. The first part is a request to establish the Wheeler Business Park Economic Revitalization Area located west of Dartown and south of 181st Street. Phase one includes two buildings on the south part of the development. This is an ERA with a total investment of \$21 million dollars that has two "spec" buildings with no intended users at this time. The buildings are 162,500 and 33,800 square feet respectively. The timeline is to start in October 2026 and to be completed by December 2028. A tax abatement will be recommended based on the proposed uses/users. It is currently assessed at \$114,200, which would increase to \$16.6M.

Justin Olashuk with Scannell Properties, then shared an overall background with the Council. Scannell is based in Indianapolis and did \$1.2 billion dollars in industrial development across the country. Wheeler Business Park will be able to expand to the west in the future. Their plan is to begin as early as September 2026.

Councilor Wanninger asked Kevin Todd or Jenell Fairman about whether this approval was already in a PUD. The project is on the September 9th consent agenda.

Ordinance 26-42: Towne West Village PUD District

Staff Planner: Lauren Gillingham-Teague

First Reading: August 24, 2026

APC Public Hearing: September 9, 2026

APC Recommendation: November 4, 2026 (Tentative)

Adoption Consideration: November 23, 2026

Lauren Gillingham-Teague, Community Development Department, presented the introduction of the Towne West Village PUD, which repeals and replaces the existing Towne West PUD adopted in February 2013. The approximately 94-acre property is located at the northeast corner of Towne Road and 146th Street. The mixed-use development is anchored by a full-service grocery store and includes retail, multifamily residential, and townhome uses. Ms. Gillingham-Teague noted that the public hearing is scheduled for the September 9 APC meeting and that staff had received public comments regarding the proposal, which were provided to Council.

Justin Moffett, CEO of Old Town Companies, spoke on behalf of the Towne West Village development team. Old Town Companies plans to serve as master developer, with Midland Atlantic Properties and Polizzi & Associates involved in the commercial portions of the development. Mr. Moffett explained that the uses proposed under the revised PUD are generally permitted under the existing ordinance; however, the development team is reorganizing the site to create a more cohesive, pedestrian-oriented mixed-use development. The proposed plan places greater emphasis on pedestrian connectivity, landscaping, and integration of the residential and commercial areas, with retail concentrated toward the western portion of the site and residential and mixed uses transitioning toward the existing neighborhoods to the north and east.

The development includes an internally oriented commercial area, pedestrian connections throughout the site, a large stormwater pond designed to also serve as a central amenity, multifamily residential, attached for-sale residential, and a potential senior living facility. Mr. Moffett stated that building heights would transition from two-story structures adjacent to existing residential properties to taller buildings toward the interior of the development. The proposed for-sale residential area would consist of two and three-story town homes, with two-car garages required by the PUD.

Mr. Moffett stated that the development team has met with neighboring residents and discussed concerns regarding circulation, truck access, trash service, building heights, and buffering. Along the northern boundary, the proposal includes a fence, an approximately 40-foot landscaped and mounded buffer, and a 25-foot building setback, with adjacent buildings limited to two stories. Additional mounding and landscaping are proposed along the eastern boundary to provide separation between the existing and proposed residential areas. Mr. Moffett indicated that discussions with neighboring residents will continue as the proposal moves through the review process.

Mayor Willis provided additional background on the project, noting that discussions with the development team began approximately two years ago. He stated that the City encouraged the property owners and developers to reconsider the development contemplated under the existing PUD and commended Community Development staff, the property owners, and the development team for working collaboratively on the revised proposal. Mayor Willis expressed support for the proposed mix of restaurants, retail, and residential uses and thanked the development team for its continued work on the project.

Ryan Collingwood presented the Westchester PUD Amendment pertaining to the real estate which encompasses approximately 1.9 acres on the south side of West 161st Street. The amendment would allow for a single-family home to be constructed on the parcel. This area was initially contemplated as a common space area. A public hearing is scheduled at the APC meeting on September 9th.

Rick Lawrence with Nelson and Frankenburger spoke about the property on behalf of the developer.

Ordinance 26-49: Grassy Branch @ Bridgewater PUD Amendment I

APC Public Hearing: September 9, 2026

Ryan Collingwood presented. The amendment pertains to 8.3 acres and is located just west of the intersection of Cary Road and Club Estate Drive. The PUD amendment would allow four houses on this one parcel. The original PUD depicted lot one's development as an estate-style residence or an equestrian-style use. A public hearing will be held at the September 9th APC meeting.

Rick Lawrence with Nelson and Frankenberger spoke on behalf of Wedgewood Building Company, giving details of the proposed plan.

Ordinance 26-51: Northpoint PUD Amendment VI (Shoppes District)

Staff Planner: Daine Crabtree/Council Sponsor: Joe Duepner

First Reading: August 24, 2026

APC Public Hearing: September 9, 2026

APC Workshop: October 19, 2026

APC Recommendation: November 2, 2026 (Tentative)

Adoption Consideration: November 9, 2026 (Tentative)

Kevin Todd, Director of Community Development, presented the introduction of the sixth amendment to the North Point PUD. The amendment applies only to the approximately 6.7-acre Shops District located at the south-east corner of State Road 38 and East Street. The property currently defaults to the Local Business (LB) zoning district standards of the Unified Development Ordinance. The proposed amendment would add a gasoline service station as a permitted use and establish a concept plan and architectural elevation standards for the Shops District, neither of which currently exist for this subarea. The amendment would also prohibit certain uses currently permitted under the underlying zoning. Mr. Todd noted that the public hearing is scheduled for the September 9 APC meeting.

Jon Dobosiewicz, Nelson & Frankenberger, spoke on behalf of the applicant, Westfield Petroleum LLC. Mr. Dobosiewicz explained that the proposed commercial uses are generally permitted under the existing PUD, except for fuel sales. The proposed development would include a single-tenant convenience store with food service and internally located fuel pumps, as well as additional neighborhood-scale commercial development. He stated that the fuel pumps would be positioned behind the convenience store to reduce their visibility from State Road 38 and surrounding properties. Commercial truck-stop fueling would not be permitted.

Mr. Dobosiewicz stated that the petitioner has agreed to prohibit certain uses otherwise permitted under the existing zoning and will continue working with staff to refine the architectural elevations through the APC review process. Council discussed the architectural treatment of the buildings, particularly the elevations facing State Road 38, and emphasized the importance of four-sided architecture and appropriate window treatments. Councilor McCarty asked that the petitioner consider incorporating electric vehicle charging stations into the development. Mr. Dobosiewicz indicated that revised plans and elevations will be presented during the APC review process before the ordinance returns to Council for consideration.

Ordinance 26-52: Hidden Oaks PUD
Staff Planner: Weston Rogers/Council Sponsor
First Reading: August 24, 2026
APC Public Hearing: September 9, 2026
APC Workshop: October 19, 2026
APC Recommendation: November 4, 2026 (Tentative)
Adoption Consideration: November 9, 2026 (Tentative)

Weston Rogers, Community Development Department, presented the introduction of the Hidden Oaks PUD, an approximately 497-acre development located south-east of State Road 32 and Centennial Road. The property is designated as an Agri-hood place type in the Comprehensive Plan, which integrates agricultural and preservation components with a variety of residential uses. The proposed development is divided into six residential and mixed-use districts, with a commercial area along State Road 32. The plan includes nearly 200 acres of open space, including approximately 60 acres of tree preservation, and connections to the Midland Trace and Little Eagle Creek trail systems. Mr. Rogers noted that the public hearing is scheduled for the September 9 APC meeting, followed by an APC workshop on October 19.

Susie Dernland, Trustee of the Lang Family Farm Trust, provided background on the Lang family and the family's history with the property. Ms. Dernland stated that the family views the proposed agri-hood as an opportunity to honor the legacy of her parents through preservation of green space and wooded areas, recreational trails, and agricultural and educational opportunities.

Phil Sundling, LOR Development Group, presented the proposed master plan on behalf of the Lang Family Farm Trust. The current concept includes 717 single-family detached homes, 84 attached/townhome units, 260 multifamily units, and approximately 40,000 square feet of commercial space. The PUD establishes maximum unit counts of 800 single-family detached homes, 200 attached dwelling units, and 280 multifamily units. Mr. Sundling stated that the plan continues to be revised in response to feedback, including reducing the number of attached units, providing additional custom-home opportunities and builder diversity, and addressing neighboring property owners' concerns regarding buffering and lighting. Mr. Sundling described the preservation and agricultural components of the development, including pasture, approximately 60 acres of tree preservation, a greenway, and a 20-acre Farmstead with a working farm, community gardens, recreational fishing, and trail connections. The overall development includes nearly 200 acres of open space and more than five miles of multi-use paths connecting the neighborhoods, amenity areas, Midland Trace Trail, and Little Eagle Creek Trail. The development team is also working with the City regarding the potential inclusion of portions of the Farmstead and other agrarian components within a broader public park system. The development's roadway infrastructure plan includes construction of Centennial Road South through the development to 166th Street with a new roundabout, an additional roundabout at the Bluffs entrance, improvements to 166th Street, and access improvements along State Road 32. Mr. Sundling stated that a traffic study determined that additional improvements at the intersections of 166th Street with Little Eagle Creek Boulevard and Joliet Road were not necessary as a result of the development. The development team also acknowledged drainage concerns and stated that drainage will be evaluated through the engineering and development review process. The Village is proposed as the mixed-use center of Hidden Oaks and would include a combination of residential, commercial, restaurant, and community uses connected to the larger trail and open-space network. Mr. Sundling stated that the development team will continue meeting with neighboring property owners and working with City staff and the APC to refine the proposed PUD.

Council expressed general support for the agri-hood concept and the collaborative approach taken by the family and development team while identifying density and drainage as issues requiring further consideration through the review process.

Westfield City Councilors:

Re: Ordinance 26-47

The following changes are presented for an amendment to the Traffic Regulation Ordinance:

Figure 2: 3-Way Stop

- Reclassifying the one-way stop condition at Horton Road and E. 191st Street / W. 191st Street – now a three-way stop.

Figure 8: Speed Limits

- Reducing the Speed Limit on Tomlinson Road from 191st Street to 203rd Street from 40 mph to 35 mph.

These changes are highlighted in yellow in the Exhibit A figures.

A handwritten signature in black ink, appearing to read "Chad Mills". The signature is fluid and cursive, with the first name "Chad" and last name "Mills" clearly distinguishable.

PETITION HISTORY

The petition had its first reading at the [August 24, 2026](#), City Council meeting. Video footage of the item's First Reading can be viewed [here](#).

A neighbor meeting was held on September 2, 2026. A summary of the discussion can be viewed within the Neighborhood Meeting Summary.

The petition received a public hearing at the [September 9, 2026](#), Advisory Plan Commission (the "APC") meeting. Video footage of the APC's hearing & recommendation can be viewed [here](#).

PROJECT OVERVIEW

Location: The Property is generally located on the south side of W. 161st Street, east-adjacent to the single-family home located at 1939 W. 161st Street.

Project Description: The Petitioner is requesting an amendment to the Westchester PUD to allow the construction of one (1) single-family home on the Property.

AMENDMENT REQUEST

The Westchester PUD Amendment II (Ord. 26-48) proposes modifications to the original PUD (Ord. 17-46) as outlined below:

Use Permittance

- The original Westchester PUD assigned this parcel to a Subarea in which was not permitted to construct single-family homes, but was rather common area within the PUD. Within this amendment proposal, the subject Property would be able to construct just one (1) single-family detached residence.

Architectural Standards

- The proposed Ordinance will mimic the architectural standards compiled within the Wood Wind East subdivision to the Property's north. These are heightened regulations that were a request from a nearby property owner, and the Petitioner was able to incorporate the standards. This will help solidify the character of homes in this surrounding vicinity.
-

COMPREHENSIVE PLAN

Indiana Code states that reasonable regard be paid to the Comprehensive Plan when considering zoning map changes, however, the Comprehensive Plan is not law. It is simply intended to serve as a guide in making land use decisions.

The Westfield-Washington Township Comprehensive Plan (the "Comprehensive Plan") identifies this Property as being within the "Master Planned Residential" Placetype classification. The subject Placetype classification is **defined** as:

The Master Planned Residential placetype is a residential development designed under a single, unified plan that includes a variety of housing types (such as single-family homes, townhomes,

apartments), coordinated infrastructure (roads, utilities, stormwater systems), and integrated amenities (clubhouse pool, passive open space, active recreational areas, public spaces, fountains, walking trails, gazebos, fitness centers, etc.) to create a complete, balanced community. This placetype has cohesive design standards, internal street, and path networks, access to shared amenities, is integrated with its surroundings, and is a phased development built in stages over several years with long-term land use and transportation planning as the focus.

Development Policies for the “Master Planned Residential” Placetype include: (i.) A variety of housing is provided for a range of preferences. Similar architectural styles and materials are used to create a cohesive neighborhood aesthetic, (ii.) Curb cuts for driveways are common for detached houses, (iii.) Front yard setbacks should generally be aligned with established setbacks, (iv.) new development should be context-sensitive, and building scale, height and massing should complement existing buildings, and (v.) Attention should be given to building height, orientation, architectural style, and setback to ensure new structures fit into existing neighborhood context.

Thoroughfare Plan: The following corridors are impacted by the development of the Property: (i) Primary Arterial II: W. 161st Street, and (ii) Alternative Transportation Plan: future trail or pathway connections along W. 161st Street.

Staff Evaluation: Overall, the proposed development is generally consistent with the framework established by the “Master Planned Residential” Placetype. The proposed land use meets the Placetype’s contemplation, and there is sensitivity to the surrounding character of the existing homes.

PROCEDURAL

Public Hearing: An amendment to the Zoning Map is required to be considered at a public hearing by the Plan Commission. The public hearing for this petition occurred at the September 9, 2026, Plan Commission meeting. Notice of the public hearing was provided in accordance with Indiana law and the Plan Commission’s Rules of Procedure.

Workshop Discussion: The petition had its Workshop requirement waived at the September 9, 2026 APC meeting after no discussion at the hearing.

Statutory Considerations: Indiana Code 36-7-4-603 states that in the consideration of zoning ordinance amendments and zone map changes that reasonable regard shall be paid to:

1. The Comprehensive Plan.
2. Current conditions and the character of current structures and uses.
3. The most desirable use for which the land is adapted.
4. The conservation of property values throughout the jurisdiction.
5. Responsible growth and development.

Council Introduction: The petition was introduced at the August 24, 2026, City Council meeting.

RESOLUTION NO. 26-157

RESOLUTION OF THE COMMON COUNCIL OF THE CITY OF WESTFIELD, INDIANA CONFIRMING THE DESIGNATION OF AN ECONOMIC REVITALIZATION AREA AND APPROVING THE DEDUCTION FROM ASSESSED VALUE OF NEW REAL PROPERTY IMPROVEMENTS

WHEREAS, pursuant to Indiana Code 6-1.1-12.1-1, et. seq., as amended (the “Act”), the City of Westfield, Indiana (the “City”), by and through its Common Council acting in its capacity as the fiscal body of the City and acting as the designating body identified in the Act (the “Council”), has the right and opportunity to abate the payment of real property taxes for real estate located within an area declared by the Council to be an “economic revitalization area”, as defined in the Act, and to also abate the payment of personal property taxes within such economic revitalization area; and

WHEREAS, the Applicant has advised the Council that the Phase 1 Project will involve significant investment in real property redevelopment or rehabilitation; and

WHEREAS, the Applicant has submitted to the Council separate Forms SB-1/Real Property (Statement of Benefits, Real Estate Improvements), attached in Exhibit C hereto, in connection with each of the buildings for the Phase 1 Project, and provided all information and

documentation necessary for the Council to make an informed decision regarding such requests (collectively, the “Statements”); and

WHEREAS, the Council has considered the Statements submitted by the Applicant and has conducted a complete and proper investigation of the Area; and

WHEREAS, pursuant to Indiana Code § 6-1.1-12.1-2, on August 24, 2026, the Council adopted a resolution (the “Declaratory Resolution”), which designated the Area as an “economic revitalization area” pursuant to the Act and preliminarily approved real property tax deductions under Indiana Code § 6-1.1-12.1-3 for redevelopment or rehabilitation in the Area with respect to the Phase 1 Project for seven (7) years; and

WHEREAS, in compliance with Indiana Code § 6-1.1-12.1-2.5, the Council published notice (the “Notice”) describing the adoption and substance of the Declaratory Resolution and stating that, on September 14, 2026, the Council would hold a public hearing (the “Public Hearing”) at which it will receive and hear all remonstrances and objections from interested persons, with respect to the Declaratory Resolution; and

WHEREAS, in compliance with Indiana Code § 6-1.1-12.1-2.5, the Council filed, with each taxing unit that has authority to levy property taxes in the Area, a copy of the Notice and the statements containing substantially the same information as the Statements; and

WHEREAS, in compliance with Indiana Code § 6-1.1-12.1-2.5, on September 14, 2026, the Council held the Public Hearing at which it received, heard and considered evidence concerning the Declaratory Resolution and any remonstrances or objections with respect to the Declaratory Resolution; and

WHEREAS, pursuant to Indiana Code § 6-1.1-12.1-2.5, the Council desires to take final action confirming the Declaratory Resolution.

NOW, THEREFORE, BE IT RESOLVED by the Common Council of the City of Westfield, Indiana, that:

1. The Council hereby finds that (i) the Area is within the corporate boundaries of the City, and (ii) the Area has become undesirable for, or impossible of, normal development and occupancy because of a lack of development, cessation of growth, deterioration of improvements or character of occupancy, age, obsolescence, substandard buildings, or other factors which have impaired values and prevented a normal development of property and use of property.

2. The Area is hereby declared to be an “economic revitalization area” pursuant to Indiana Code 6-1.1-12.1. The period for real property tax deductions under Indiana Code § 6-1.1-12.1-3 for redevelopment or rehabilitation in the Area shall be seven (7) years with respect to the Phase 1 Project, subject to the conditions described herein.

3. Based on the information in the Statements describing the Phase 1 Project, the Council makes the following findings:

(a) That the estimate of the value of the Phase 1 Project and the redevelopment or rehabilitation of the Area is reasonable for projects of that nature.

(b) That the estimate of the number of individuals who will be employed or whose employment will be retained as a result of the proposed Phase 1 Project and the redevelopment or rehabilitation of the Area can reasonably be expected to result from the proposed Phase 1 Project and the redevelopment or rehabilitation of the Area.

(c) That the estimate of annual salaries of those individuals who will be employed or whose employment will be retained can reasonably be expected to result from the proposed Phase 1 Project and the redevelopment or rehabilitation of the Area.

(d) That the number of individual opportunities for employment, both temporary and permanent, and the compensation to be paid to employees, along with the value of the acquisition and construction of improvements as a result of the Phase 1 Project, create benefits of the type and quality anticipated by the Council within the Area and can reasonably be expected to result from the proposed Phase 1 Project and the redevelopment or rehabilitation of the Area.

(e) That the benefits described in the Statements can reasonably be expected to result from the proposed Phase 1 Project and the redevelopment or rehabilitation of the Area.

(f) That the totality of benefits from the proposed Phase 1 Project and the redevelopment or rehabilitation of the Area therefrom is sufficient to justify a seven (7) year real property tax deduction period with respect to the real property comprising the Phase 1 Project.

(g) That the Deduction Schedule Factors (as defined in the Declaratory Resolution) justify granting the deduction schedules for the Area under I.C. 6-1.1-12.1-17 as specified herein.

4. Based on the information in the Statements and the foregoing findings, the Council, pursuant to Indiana Code 6-1.1-12.1, hereby approves and allows the Applicant real property tax deductions for seven (7) years with respect to the real property comprising the Phase 1 Project located in the Area, as set forth in Section 5 hereof, subject to the conditions described herein.

5. Subject to the commencement of construction of the Phase 1 Project by October 15, 2026 and the substantial completion thereof by December 31, 2028, the Applicant is entitled to real property tax deductions for the proposed redevelopment or rehabilitation of real property as part of the Phase 1 Project for a period of seven (7) years as allowed in I.C. 6-1.1-12.1-4 (as in effect on the date hereof), in accordance with the following abatement schedule, hereby adopted pursuant to I.C. 6-1.1-12.1-17 (as in effect on the date hereof):

Year of Deduction	Percentage of Deduction
1	100%
2	90%
3	80%
4	70%
5	60%
6	50%
7	40%

6. For the avoidance of doubt, it is hereby recited and memorialized that: (i) the Applicant's commitment to commence and complete the Phase 1 Project in accordance with the dates specified herein; and (ii) the Applicant's obligation as a business operating within the City (and that of its employees) to fully engage with the community and support groups, organizations, initiatives, and institutions that contribute towards the betterment of the City, which engagement may include, but is not limited to, financial contributions, volunteering of time, and/or participating in social, cultural, and civic events within the City; are the essential basis upon which the Council has agreed to provide the tax deductions to be granted hereby. Therefore, it is hereby acknowledged and understood that the Applicant's failure (i) to complete the Phase 1 Project within the scope presented to the City, (ii) to commence and complete the Phase 1 Project by the dates specified herein, or (iii) to include, as a part of its annual filing of its Form CF-1, an overview outlining what actions the Applicant, tenants of the Applicant and their respective employees have taken within the past one (1) year period to satisfy its obligation to fully engage with the community and support groups, organizations, initiatives, and institutions that contribute towards the betterment of the City; shall be considered a material breach of the Applicant's commitments, and the Council may take any and all such actions described in the Act to terminate the Applicant's real property tax deductions granted hereby.

7. The Council hereby confirms the Declaratory Resolution, and the actions set forth in this Resolution are final, except for the limited rights of appeal provided under Indiana Code § 6-1.1-12.1-2.5.

8. Each of the Mayor and the Clerk-Treasurer is hereby authorized to make all filings necessary or desirable and to take all other necessary actions to carry out the purposes and intent of this Resolution and the deductions approved hereunder.

9. This Resolution shall be in full force and effect from and after its passage by the Council and approval by the Mayor as by law.

**WESTFIELD REDEVELOPMENT COMMISSION
RESOLUTION NO. 30-2026**

**RESOLUTION OF THE WESTFIELD REDEVELOPMENT COMMISSION
AMENDING THE DECLARATORY RESOLUTION AND THE ECONOMIC
DEVELOPMENT PLAN FOR THE EAGLETOWN
ECONOMIC DEVELOPMENT AREA**

WHEREAS, the Westfield Redevelopment Commission (the “Commission”) pursuant to IC 36-7-14 (the “Act”) serves as the governing body of the City of Westfield Redevelopment District (the “District”); and

WHEREAS, the Commission has previously adopted and confirmed resolutions (collectively, the “Declaratory Resolution”) which established and amended an economic development area known as the “Eagletown Economic Development Area” (the “Area”), designated portions of the Area and consolidated those portions as an allocation area known as the “Eagletown Consolidated Allocation Area” (the “Eagletown Allocation Area”) pursuant to Section 39 of the Act, and approved and supplemented a development plan for the Area (collectively, the “Plan”) pursuant to the Act; and

WHEREAS, the Commission now desires to simultaneously (i) designate the parcels described on Exhibit A hereto (the “2026 Area”) as an economic development area under the Act, (ii) adopt an economic development plan for the 2026 Area, and (iii) consolidate the 2026 Area and the existing Area into a single economic development area (the “Consolidation”), at which time the 2026 Area will thereafter constitute a portion of the Area; and

WHEREAS, the Commission now desires to amend the Declaratory Resolution and Plan in order to (i) incorporate and effectuate the Consolidation, (ii) designate the 2026 Area as an allocation area pursuant to Section 39 of the Act and consolidate all of such 2026 Area and the existing Eagletown Allocation Area into a consolidated allocation area under Section 39 of the Act, (iii) remove the parcel described on Exhibit A hereto from the Area and the Eagletown Allocation Area, (iv) remove the parcels described on Exhibit B hereto from the Eagletown Allocation Area, and (v) adopt a supplement to the Plan attached hereto as Exhibit C (the “2026 Plan Supplement”) (collectively, the “2026 Amendments”); and

WHEREAS, the 2026 Amendments and supporting data were reviewed and considered at this meeting; and

WHEREAS, Section 39 of the Act permits the creation of “allocation areas” to provide for the allocation and distribution of property taxes for the purposes and in the manner provided in said section; and

WHEREAS, Sections 41 and 43 of the Act permit the creation of “economic development areas” and provide that all of the rights, powers, privileges and immunities that may be exercised by this Commission in a redevelopment area or urban renewal area may be exercised in an economic development area, subject to the conditions set forth in the Act; and

WHEREAS, this Commission deems it advisable to apply the provisions of said Sections 15-17, 39, 41 and 43 of the Act to the 2026 Amendments; and

WHEREAS, the Commission now desires to approve the 2026 Amendments.

NOW, THEREFORE, BE IT RESOLVED by the City of Westfield Redevelopment Commission, governing body of the City of Westfield Redevelopment District, as follows:

1. The Commission hereby finds that the 2026 Amendments promote significant opportunities for the gainful employment of the citizens of the City of Westfield, Indiana (the "City"), the attraction of major new business enterprises to the City, the retention and expansion of significant business enterprises existing in the boundaries of the City, and meet other purposes of Sections 2.5, 41 and 43 of the Act, including without limitation benefiting public health, safety and welfare, increasing the economic well-being of the City and the State of Indiana (the "State"), and serving to protect and increase property values in the City and the State.

2. The existing Plan, as amended by the 2026 Plan Supplement, is hereby adopted as the economic development plan for the 2026 Area. The Commission hereby finds that the Plan, as amended by the 2026 Plan Supplement, as applied to the 2026 Area, cannot be achieved by regulatory processes or by the ordinary operation of private enterprise without resort to the powers allowed under Sections 2.5, 41 and 43 of the Act because of the lack of local public improvements, the existence of improvements or conditions that lower the value of the land below that of nearby land, multiple ownership of land and other similar conditions.

3. The public health and welfare will be benefited by accomplishment of the 2026 Amendments.

4. It will be of public utility and benefit to amend the Declaratory Resolution and the Plan for the Area as provided in the 2026 Amendments and to continue to develop the Area, as amended by the 2026 Amendments, under the Act.

5. The accomplishment of the Plan for the Area, as amended by the 2026 Amendments, will be a public utility and benefit as measured by the attraction or retention of permanent jobs, an increase in the property tax base, improved diversity of the economic base and other similar public benefits.

6. The Declaratory Resolution and the Plan, as amended by this Resolution and the 2026 Amendments, conform to the comprehensive plan of development for the City.

7. The 2026 Amendments are reasonable and appropriate when considered in relation to the Declaratory Resolution and Plan and the purposes of the Act.

8. The findings and determinations set forth in the Declaratory Resolution and the Plan are hereby reaffirmed.

9. In support of the findings and determinations set forth in Sections 1 through 8 above, the Commission hereby adopts the specific findings set forth in the Plan, as amended by the 2026 Plan Supplement.

10. The 2026 Area is hereby designated as an “economic development area” under Section 41 of the Act, and consolidated with the Area, as amended by this Resolution, into a single economic development area, and thereby constitutes a portion of the Area.

11. The Plan, as amended by the 2026 Plan Supplement, is hereby designated as the economic development plan for the Area, including the 2026 Area.

12. The Commission does not at this time propose to acquire any specific parcel of land or interests in land within the boundaries of the Area, as amended by the 2026 Amendments. If at any time the Commission proposes to acquire specific parcels of land, the required procedures for amending the Plan, as amended by the 2026 Plan Supplement, under the Act will be followed, including notice by publication to affected property owners and a public hearing.

13. The Commission finds that no residents of the Area will be displaced by any project resulting from the Plan, as amended by the 2026 Plan Supplement, and therefore finds that it does not need to give consideration to transitional and permanent provision for adequate housing for the residents.

14. The 2026 Amendments are hereby in all respects approved.

15. The 2026 Area, which consists of the parcels described in Exhibit A hereto, is hereby designated as an “allocation area” and consolidated with the existing Eagletown Allocation Area, as amended by this Resolution, to be known as the “Eagletown Consolidated Allocation Area”, pursuant to Section 39 of the Act, for purposes of the allocation and distribution of property taxes for the purposes and in the manner provided by said Section. Any taxes imposed under I.C. 6-1.1 on real property subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in said allocation area shall be allocated and distributed as follows:

Except as otherwise provided in said Section 39, the proceeds of taxes attributable to the lesser of the assessed value of the property for the assessment date with respect to which the allocation and distribution is made, or the base assessed value, shall be allocated to and when collected paid into the funds of the respective taxing units. Except as otherwise provided in said Section 39, property tax proceeds in excess of those described in the previous sentence shall be allocated to the redevelopment district and when collected paid into an allocation fund for the Eagletown Consolidated Allocation Area and may be used by the redevelopment district to do one or more of the things specified in Section 39(b)(4) of the Act, as the same may be amended from time to time. Said allocation fund may not be used for operating expenses of the Commission, except as otherwise permitted by the Act, as the same may be amended from time to time. Except as otherwise provided in the Act, before June 15 of each year, the Commission shall take the actions set forth in Section 39(b)(5) of the Act, as the same may be amended from time to time.

16. The allocation provision in Section 15 hereof shall apply to all of the 2026 Area. The Commission hereby finds that this allocation provision allows for the capture of additional tax increment revenues that will be available to the Commission to finance infrastructure and other improvements located in or serving or benefitting the Area (including the 2026 Area) as

contemplated by the Plan, as supplemented by the 2026 Plan Supplement, thereby facilitating additional investment in the Area. The Commission hereby further finds that the adoption of this allocation provision will result in new property taxes in the 2026 Area that would not have been generated but for the adoption of the allocation provisions, as specifically evidenced by the findings set forth in Exhibit C hereto. The base assessment date for the 2026 Area is January 1, 2026. The 2026 Area and the original Eagletown Allocation Area shall hereafter constitute a consolidated allocation area, known as the "Eagletown Consolidated Allocation Area." All of the other parcels in the original Eagletown Allocation Area prior to adoption of this resolution shall maintain their same existing base assessment date.

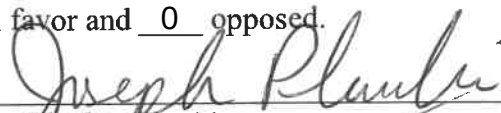

17. The provisions of this Resolution shall be subject in all respects to the Act and any amendments thereto. The allocation provision herein relating to the parcels in the 2026 Area shall expire on the date that is twenty-five (25) years after the date on which the first obligation is incurred to pay principal and interest on bonds or lease rentals on leases payable from tax increment revenues derived from the parcels in the 2026 Area. Notwithstanding anything herein to the contrary, nothing herein shall affect or amend the respective expiration dates of the allocation provision for the parcels in the original Eagletown Allocation Area.

18. 2026 Plan Supplement

The existing Plan for the Area, together with a description of the projects described therein and in this supplement, is hereby adopted as the economic development plan for the 2026 Area. The Plan is hereby supplemented by adding the following projects to the Plan:

All or any portion of the design and construction of infrastructure improvements, including, but not limited to, storm water improvements, utilities relocation, streetscape improvements, general site improvements, road, trail and sidewalk or other local public improvements located in, physically connected to, or directly serving or benefitting the Area, including the 2026 Area (collectively the “Projects”). The estimated cost of the Projects is projected to range from approximately \$5,000,000 to \$10,000,000; however, such estimated costs are simply projections at this time. The Plan will be refined as specific details and timing of the Projects are determined. The Projects will support new industrial and commercial developments within the 2026 Area, all of which are located in, physically connected to, or directly serving and benefitting the existing Eagletown Allocation Area, as consolidated with the 2026 Area. The Commission anticipates capturing tax increment revenues from the existing Eagletown Allocation Area and the 2026 Area (hereafter, the “Eagletown Consolidated Allocation Area”), and applying such tax increment revenues, either directly or through bonding, to pay or reimburse costs of the Projects.

Based on discussions with potential developers of the industrial and commercial developments in the 2026 Area, private development of the 2026 Area will not proceed as planned without the contribution of tax increment revenues to be derived from the Eagletown Allocation Area to the Projects. Therefore, the Commission has determined that the full development of the 2026 Area will not proceed as planned without the contribution of tax increment revenues to be derived from the Eagletown Allocation Area to the Projects, due to the lack of adequate infrastructure and other local public improvements in or serving the Eagletown Allocation Area. The Commission does not have any other method of financing the costs of the Projects, absent issuing bonds payable from a special benefits tax upon all taxable property within the District, without the prospect of replacing the source with tax increment revenues from developments within the Eagletown Allocation Area. The Commission hereby finds that designating the 2026 Area as an “allocation area,” to be part of and consolidated with the existing Eagletown Allocation Area, will allow for the capture of tax increment revenues that will be available to the Commission to finance the Projects and other improvements located in or serving or benefitting the Eagletown Consolidated Allocation Area, thereby facilitating investment in the Eagletown Consolidated Allocation Area that would otherwise not occur. The Commission may also utilize the captured tax increment revenues to further assist in the development of the Projects, either directly or through bonding.

3.65%, three precinct splits (Westfield 20, Westfield 26 and Westfield 35) and one noncontiguous precinct in District 6 (Westfield 18); (2) the Koglin Plan – stated deviation of 3.77% and two precinct splits (Westfield 16 and Westfield 38); (3) Anderson Plan A – stated deviation of 10.35% with no precinct splits; and (4); Anderson Plan B – stated deviation of 13.22% with no precinct splits (the foregoing plans collectively the “**Public Plans**”); and

WHEREAS, the Council has received and considered a proposed Redistricting Plan submitted by the Redistricting Coordinator appointed by the Council (the “**Coordinator’s Plan**”) which the Council finds has a total deviation of 7.28%, maintains the integrity of all precincts without division or splitting, contains contiguous districts and is reasonably compact; and

WHEREAS, while the Coordinator’s Plan has a total deviation greater than the 5% goal contained in the Guidelines, the Council finds that the policy of maintaining the integrity of precinct lines in the process of redistricting is beneficial to the voters of the City, and the recognition and preservation of similar political subdivision lines has been recognized as a rational basis for the purpose of redistricting by the United States Supreme Court (*See, e.g., Mahan v. Howell*, 410 U.S. 315 (1973); and

WHEREAS, pursuant to the Notice, the Council held a public hearing on September 14, 2026 on all plans received by the Council at which members of the public could present testimony and render objections to or support for the plans to be considered for adoption; and

WHEREAS, the Council now desires to adopt the Coordinator’s Plan as the plan with the lowest total deviation which preserves precinct integrity which promotes election efficiency, minimizes voter and constituent confusion and which meets the other requirements of the Guidelines and the Act.

MEMORANDUM

September 9, 2026

TO: Westfield-Washington City Council Members; Advisory Plan Commission Members

FROM: Ryan Collingwood – Senior Associate Planner

CC: Westfield Community Development Staff

SUBJECT: UDO Patch – 32 Overlay Applicability to Single-family Detached Residential

EXHIBITS: 1. Memorandum
2. Ord. 26-58

Overview & Background

Please use this memo as a reference when reviewing proposed Ord. 26-58.

The subject UDO patch concerns itself with the application of the State Road 32 Overlay regulations in regard to single-family detached residential development. Within this patch, the SR 32 Overlay would no longer be applicable to single-family detached residential improvements. In the past, residents have had to seek relief from applicable SR 32 Overlay regulations via the Board of Zoning Appeals (BZA) in order to carry out the desired improvements to the property, inundating residents with filing fees and a public process, as a result of the Overlay's strict verbiage to apply to "any development".

Staff believes the intention of the SR 32 Overlay was to be utilized for nonresidential development along the State Road 32 corridor. As there are few instances of single-family detached residential land uses along the corridor today, this will help assist residents in continuing to utilize and improve their property as intended, without having to gain supplemental approvals.

The SR 32 Overlay will still apply to all nonresidential development, as it currently functions today. The Overlay will also still apply to single-family attached land uses, such as townhomes. The only modification to the SR 32 Overlay is the applicability of the Overlay regulations to single-family detached residential improvements, in which would incorporate a residential property's Accessory Buildings, such as sheds or barns.

Outline of Unified Development Ordinance (UDO) Amendments

a. UDO Article 5.3(B)(2): State Highway 32 Overlay District, Applicability

- a. Current Verbiage: This Article shall apply to any development within the SR32 Overlay.
- b. Amended Verbiage: This Article shall apply to any development within the SR32 Overlay, except improvements for properties utilized for single-family detached residential land uses within the corridor. Existing properties being utilized as a single-family detached residential land use shall also be exempt from this Article.

Plan Commission Action

- a. Hold a public hearing at the October 5, 2026 Plan Commission meeting.
- b. Unless substantial concerns are raised at the Public Hearing, Staff requests the Commission vote to waive the scheduled workshop and immediately vote on the recommendation to Council.
