ORDINANCE NUMBER 17-49

AN ORDINANCE OF THE CITY OF WESTFIELD AMENDING ITS PARK AND RECREATIONAL IMPACT FEE ORDINANCE

WHEREAS, the Common Council (the “Common Council”) of the City of Westfield, Indiana (the “City”) finds that it is reasonable and necessary to promote and accommodate orderly growth and development and to protect the public health, safety and general welfare of the citizens of the City by providing for an equitable program to fund the capital costs of new park and recreational infrastructure necessary to serve newly developing areas of the City; and,

WHEREAS, the Common Council finds that it is reasonable and necessary to promote the orderly development of the City by establishing standards by which the City may require that new development shall pay a park and recreational impact fee, in accordance with Indiana Code § 36-7-4-1300 et seq., representing the new development’s proportionate share of the capital cost of new park and recreational infrastructure necessary to serve new development in the City; and

WHEREAS, the Common Council finds that new development should not be required to pay a fee for capital costs of new park and recreational infrastructure greater than the development’s proportionate share of the capital costs of such infrastructure needed to serve such new development; and,

WHEREAS, the Common Council adopted the City’s existing Park and Recreational Impact Fee Ordinance on October 29, 2012, as Ordinance No. 12-31, recorded as Instrument No. 2012067319 in the Office of the Recorder of Hamilton County, Indiana, consistent with and pursuant to Indiana Code § 36-7-4-1300 et. seq. (the “2013 Ordinance”); and,

WHEREAS, the City’s Parks and Recreation Impact Fee Ordinance, a part of the Westfield Code of Ordinances, Chapter 40, Impact Fees, Article III, Parks and Recreation Impact Fee (the “Parks and Recreation Impact Fee Ordinance”), provides for the assessment and collection of park and recreational impact fees by the City; and,

WHEREAS, pursuant to Indiana Code § 36-7-4-1340, the City may adopt a replacement impact fee ordinance every five (5) years; and,

WHEREAS, the City has caused to be prepared and adopted an updated Zone Improvement Plan, pursuant to Indiana Code § 36-7-4-1300 et seq., in its Resolution 17-____, on January __, 2018; and,

WHEREAS, because of the size of the City, considering both its population and geographic area, as well as the distribution of public and private institutions, services, and other facilities throughout the City, any park and recreational infrastructure improvements benefit all citizens of the City equally; and

WHEREAS, it has been the stated objective of the City that the analysis contained in the Zone Improvement Plan supports and should result in the implementation of an impact fee, which meets the requirements of Indiana law; and,

WHEREAS, the Westfield-Washington Township Advisory Plan Commission (the “Plan Commission”) properly noticed, advertised and held a public hearing on this Ordinance on December 18, 2017; and,

WHEREAS, having given due deliberation to the Zone Improvement Plan which provides the basis for this Ordinance, the Plan Commission has recommended adoption of this Ordinance to the Council; and,

WHEREAS, the Secretary of the Plan Commission certified the action of the Plan Commission to the Common Council on December __, 2017; and,

WHEREAS, the purpose of this Ordinance is declared as expressly not to deter growth, remedy existing infrastructure deficiencies or pay for maintenance or other “non-capital costs”.

NOW THEREFORE BE IT ORDAINED AND ENACTED by the Common Council of the City of Westfield, Hamilton County, Indiana, meeting in regular session, as follows:

Section I. **Conditional Repeal and Limitation on Imposition of Impact Fee:** This Ordinance shall expire and become void five (5) years after its effective date, as required by Indiana Code § 36-7-4-1340, unless action is undertaken to replace it consistent with the provisions of Indiana law which contemplates a replacement impact fee ordinance. Pursuant to Indiana Code § 36-7-4-1340, this Ordinance is a replacement impact fee ordinance of the 2013 Ordinance.

Section II. **Section 40-53 Establishment of Park and Recreational Impact Fee:** is hereby replaced and amended as follows:

A. Based upon the analyses contained in the Zone Improvement Plan adopted in Resolution No. __, the City finds, determines, establishes and adopts that the cost per dwelling unit within the impact zone is in the amount set out in the below impact fee schedule:

July 8, 2018, to July 7, 2019:	\$1,427.00
July 8, 2019, to July 7, 2020:	\$1,455.00
July 8, 2020, to July 7, 2021:	\$1,485.00
July 8, 2021, to July 7, 2022:	\$1,515.00
July 8, 2022, to July 8, 2023:	\$1,545.00

B. The City hereby incorporates all of the data collected, the calculations made, and the conclusions reached when developing the Zone Improvement Plan, and directs City employees to make such data and other information available for

review during regular business hours.

- C. In the event any parcel of real estate considered in the creation of the Zone Improvement Plan undergoes a change in use, redevelopment, or a modification that requires a structural building permit and creates a need for new infrastructure, an impact fee shall only be assessed for the increase in the burden on infrastructure.

Section III. **Parks and Recreation Impact Fee Ordinance:** Provisions of Westfield Code of Ordinances, Chapter 40, Impact Fees (the “Parks and Recreation Impact Fee Ordinance”) not specifically amended by this Ordinance shall continue in full force and effect. The provisions of the Parks and Recreation Impact Fee Ordinance specifically replaced by reference in this Ordinance shall control and supersede those specific provisions of the Parks and Recreation Impact Fee Ordinance. All capitalized terms not otherwise defined in this Ordinance shall have the meaning ascribed to them in the Parks and Recreation Impact Fee Ordinance.

Section IV. **Effective Date:** In accordance with Indiana Code § 36-7-4-1340, the effective date of this Ordinance shall be the six (6) months from and after the adoption hereof in accordance the law.

ORDINANCE NUMBER 17-__

AN ORDINANCE OF THE CITY OF WESTFIELD AND WASHINGTON TOWNSHIP, HAMILTON COUNTY, INDIANA CONCERNING AMENDMENT TO THE UNIFIED DEVELOPMENT ORDINANCE AND THE TRAILS PLANNED UNIT DEVELOPMENT DISTRICT ORDINANCE

This is an Ordinance (this "Ordinance") to amend the Unified Development Ordinance of the City of Westfield and Washington Township, Hamilton County, Indiana (the "Unified Development Ordinance"), enacted by the City of Westfield pursuant to its authority under the laws of the State of Indiana, Ind. Code § 36-7-4 et seq., as amended.

WHEREAS, the City of Westfield, Indiana (the "City") and the Township of Washington, both of Hamilton County, Indiana are subject to the Unified Development Ordinance;

WHEREAS, the Common Council of the City of Westfield, Hamilton County, Indiana (the "Common Council") enacted Ordinance No. 15-27 (the "Original PUD Ordinance"), on ____, as amended and replaced by Ordinance No. 16-26 (the "Trails PUD Ordinance"), on November 14, 2016;

WHEREAS, the Westfield-Washington Advisory Plan Commission (the "Commission") considered a petition (**Petition No.** ____-PUD-____), requesting an amendment to the Trails PUD Ordinance with regard to the subject real estate more particularly described in **Exhibit A** attached hereto (the "Real Estate");

WHEREAS, the Commission forwarded **Petition No.** ____-PUD-____ to the Common Council with a _____ recommendation (____-__) in accordance with Indiana Code § 36-7-4-608, as required by Indiana Code § 36-7-4-1505;

WHEREAS, the Secretary of the Commission certified the action of the Commission to the Common Council on _____, 2017;

WHEREAS, the Common Council is subject to the provisions of the Indiana Code §36-7-4-1507 and Indiana Code § 36-7-4-1512 concerning any action on this request; and

NOW, THEREFORE, BE IT ORDAINED by the Common Council of the City of Westfield, Hamilton County, Indiana, meeting in regular session, that the Trails PUD Ordinance and Unified Development Ordinance are hereby amended as follows:

Section 1. Applicability of Ordinance.

- 1.1 This Ordinance shall amend the Trails PUD Ordinance, as applicable to the Real Estate, and generally described as District Area: Lot B of the District.
- 1.2 All other provisions of the Trails PUD Ordinance shall remain in effect with the adoption of this Ordinance.
- 1.3 Chapter (“Chapter”) and Article (“Article”) cross-references of this Ordinance shall hereafter refer to the section as specified and referenced in the Unified Development Ordinance.
- 1.4 All provisions and representations of the Unified Development Ordinance or the Trails PUD Ordinance that conflict with the provisions of this Ordinance are hereby made inapplicable to the Real Estate and shall be superseded by the terms of this Ordinance.

Section 2. General Regulations. Section 7 General Regulations of the Trails PUD Ordinance shall be amended to add a Section 7.2 as follows:

- 2.1 Lot B: Article 4.16 GB: General Business District shall apply to the development of the Real Estate, except as otherwise modified below:
 - A. Minimum Building Setback Lines; Side Yard: No minimum

Section 3. State Highway 32 Overlay District. Section 8.2 Building Size Requirements of the Trails PUD Ordinance shall be replaced and superseded with the following:

ORDINANCE NUMBER 17-XX

Chance PUD Ordinance

**AN ORDINANCE OF THE CITY OF WESTFIELD AND WASHINGTON TOWNSHIP,
HAMILTON COUNTY, INDIANA CONCERNING AMENDMENTS TO THE
UNIFIED DEVELOPMENT ORDINANCE**

This is a Planned Unit Development Ordinance (to be known as the “**CHANCE PUD DISTRICT**”) to amend the Unified Development Ordinance of the City of Westfield and Washington Township, Hamilton County, Indiana (the "Unified Development Ordinance"), enacted by the City of Westfield pursuant to its authority under the laws of the State of Indiana, Ind. Code § 36-7-4 et seq., as amended.

WHEREAS, the City of Westfield, Indiana (the "City") and the Township of Washington, both of Hamilton County, Indiana are subject to the Unified Development Ordinance.

WHEREAS, the Westfield-Washington Advisory Plan Commission (the "Commission") considered a petition (Petition No. 17XX-PUD-XX), requesting an amendment to the Unified Development Ordinance and to the Zoning Map with regard to the subject real estate more particularly described in **Exhibit A** attached hereto (the "Real Estate");

WHEREAS, the Commission forwarded **Petition No. 17XX-PUD-XX** to the Common Council of the City of Westfield, Hamilton County, Indiana (the "Common Council") with a _____ recommendation in accordance with Indiana Code § 36-7-4-608, as required by Indiana Code § 36-7-4-1505;

WHEREAS, the Secretary of the Commission certified the action of the Commission to the Common Council on _____, 2018;

WHEREAS, the Common Council is subject to the provisions of the Indiana Code §36-7-4-1507 and Indiana Code § 36-7-4-1512 concerning any action on this request; and

NOW, THEREFORE, BE IT ORDAINED by the Common Council of the City of Westfield, Hamilton County, Indiana, meeting in regular session, that the Unified Development Ordinance and Zoning Map are hereby amended as follows:

Section 1. Applicability of Ordinance.

- 1.1 The Unified Development Ordinance and Zoning Map are hereby changed to incorporate the Real Estate as a Planned Unit Development District to be known as the “**Chance PUD District**” (the “District”).

- 1.2 Development of the Real Estate shall be governed by (i) the provisions of this Ordinance and its exhibits, and (ii) the provisions of the Unified Development Ordinance, as amended and applicable to the Underlying Zoning District or a Planned Unit Development District, except as modified, revised, supplemented, or expressly made inapplicable by this Ordinance.
- 1.3 Chapter (“Chapter”) and Article (“Article”) cross-references of this Ordinance shall hereafter refer to the section as specified and referenced in the Unified Development Ordinance.
- 1.4 All provisions and representations of the Unified Development Ordinance that conflict with the provisions of this Ordinance are hereby made inapplicable to the Real Estate and shall be superseded by the terms of this Ordinance.

Section 2. **Definitions.** Capitalized terms not otherwise defined in this Ordinance shall have the meanings ascribed to them in the Unified Development Ordinance.

- 2.1 Underlying Zoning District. The Zoning District of the Unified Development Ordinance that shall govern the development of this District and its various subareas, as set forth in Section 4 of this Ordinance.
- 2.2 Trail. Any pedestrian or nature trail internal to the District this is used by pedestrians or pets. A trail may be paved or maintained in a natural state (e.g., gravel, rock, mulch or grass).

Section 3. **Concept Plan.** The Concept Plan, attached hereto as Exhibit B, is hereby incorporated in accordance with Article 10.9(F)(2) Planned Unit Development Districts; PUD District Ordinance Requirements: Concept Plan. The Real Estate shall be developed in substantial compliance with the Concept Plan.

Section 4. **Underlying Zoning District.** The Underlying Zoning District shall be the SF3 Single Family District. Except as modified, revised, supplemented or expressly made inapplicable by this Ordinance, the standards of the Underlying Zoning District, as set forth above, shall apply.

Section 5. **Permitted Uses.** The permitted uses shall be as set forth below.

- 5.1 All uses permitted in the Underlying Zoning District, as set forth in Chapter 4 and Chapter 13 of the UDO, shall be permitted.
- 5.2 Maximum Dwellings. The total number of Dwellings permitted in the District shall not exceed one-hundred seventeen (117).

Section 6. **General Regulations.** The standards of Chapter 4: Zoning Districts, as applicable to the Underlying Zoning District, shall apply to the development of the District, except as otherwise modified below.

Standard	Area A Lots	Area B Lots
Minimum Lot Area	11,200 SF	9,100 SF
Minimum Lot Width	80'	65'
Minimum Lot Frontage	50'	40'
Minimum Building Setback Lines		
Front Yard	20'	20'
Side Yard	5'	5'
Rear Yard	20'	20'
Maximum Building Height	2 stories	2 stories
Minimum Living Area (Total)		
One Story Dwellings	2,000 SF	1,800 SF
Two Story Dwellings	2,300 SF	2,200 SF

Section 7. **Development Standards.** The standards of Chapter 6: Development Standards shall apply to the development of the District, except as otherwise modified below.

7.1 **Article 6.3 Architectural Standards:** Shall apply, except as modified below:

- A. **Streetscape Diversity:** The Character Exhibits, as attached hereto as **Exhibit C** and **Exhibit D**, are hereby incorporated as a compilation of images designed to capture the intended architecture of structures to be constructed in the District. It is not the intent to limit the architecture shown in the Character Exhibits, but to encourage a diversity in architecture of Dwellings within the District. Additionally, Dwellings shall comply with the streetscape diversity standards in **Exhibit E**.
- B. **Additional Architectural Standards:** The following shall apply to all Dwellings:
 - i. **Minimum Overhang:** The roof overhang or eaves shall be a minimum of eleven (11) inches, as measured prior to the installation of Masonry Materials.
 - ii. **Garage Composition and Orientation:**
 - a) All Dwellings shall have a minimum two (2) car attached garage.
 - b) Front load garage elevations shall include a variety of design elements to vary the appearance of the garage façade. Design elements include the garage door, garage door windows and/or hardware, garage door header, roof gable brackets, multiple building materials, gable accent windows, and gable decorative louver. All homes with front load garages shall have decorative garage doors and be painted to match the dominant exterior material or a color to accent the dominant exterior material.

- iii. Building Materials: In addition to Article 6.3(C)(3) Building Materials, vinyl and aluminum siding shall be prohibited.
 - iv. Windows: All windows shall have either shutters and/or architectural treatment. For windows in a masonry façade, the treatment shall be of natural or masonry materials and be applied to the sill and header at a minimum. For windows in a non-masonry façade, the treatment shall be of natural materials and be applied to the sill, header, and jams. The width of the architectural treatment shall be a minimum of four (4) inches in width.
 - v. Front Building Façade Requirements: At a minimum each Dwelling shall utilize the following architectural elements on the Front Building Façade:
 - a) Wood, Fiber Cement Siding, or equivalent trim at corners, frieze boards, window and door wraps, and as a transitional material between two different exterior materials.
 - b) Architecturally enhanced/decorative trim or masonry detailing (i.e. arches, cornices, crossheads, ornate moldings, pediments, or shutters).
 - c) Roof design featuring a hip roof; dormers (a minimum of two (2) dormers); a reverse gable; a shed roof accent; or two (2) or more roof planes.
 - d) All one-story Dwellings shall have a minimum of two (2) windows on the Front Façade and all two-story Dwellings shall have a minimum of five (5) windows on the Front Façade.
 - vi. Side Building Façade Requirements: Each Dwelling shall have a minimum of two (2) windows on each Side Building Façade:
 - vii. Side Building Façade Requirements for Corner Lots: Side Building Façades that face Internal Streets shall contain the following architectural elements on the Side Building Façade.
 - a) A one-story Dwelling shall have a minimum of two (2) windows.
 - b) A two-story Dwelling shall have a minimum of three (3) windows.
 - c) Masonry Materials on a minimum of thirty-six (36) inches in height the entire length of the Side Building Façade.
- C. Perimeter Lots: In addition to Article 6.3(C)(1) Perimeter Lots, the rear façade of Lots 28, 29, and 35-50 as illustrated on the Concept Plan shall contain the following:

- i. Either a sunroom (minimum of sixty-four (64) square feet) or a covered porch (minimum of ninety (90) square feet in area).
- ii. Masonry materials a minimum of thirty-six (36) inches in height on the entire length of the Rear and Side Building Facades.

7.2 Article 6.8 Landscaping Standards: Shall apply, except as otherwise modified or enhanced below.

A. Lot Landscaping: Article 6.8(K) Minimum Lot Landscaping Requirements shall apply except as modified and enhanced below.

- i. All lots shall be landscaped with a minimum of two (2) shade trees, one (1) ornamental or evergreen tree, and ten (10) shrubs.
- ii. At a minimum, the Lot's Established Front Yard shall be sodded and the remainder of the Lot shall be seeded.

B. External Street Frontage Landscaping Requirements: Article 6.8(M) shall apply except that no mound or plantings shall be required along 166th Street where existing trees are being preserved.

Section 8. **Infrastructure Standards.** The District's infrastructure shall comply with the Unified Development Ordinance and the City's Construction Standards (see Chapter 7: Subdivision Regulations), unless otherwise approved by the Plan Commission or Department of Public Works. Article 8.7.D.1 shall apply except that no pedestrian pathway shall be required along 166th Street where existing trees are being preserved.

Section 9. **Design Standards.** The standards of Chapter 8: Design Standards shall apply to the development of the District, except as otherwise modified below.

9.1 Article 8.6 Open Space and Amenity Standards: Shall apply, except as modified below:

- A. Common Areas shall not be subject to the Minimum Lot Frontage provisions of the Underlying Zoning District; however, Article 8.6(C) shall apply.
- B. Amenities: Open space shall be provided for passive recreation opportunities, as generally depicted on the Concept Plan.

ORDINANCE NUMBER 17-XX

Davis PUD Ordinance

**AN ORDINANCE OF THE CITY OF WESTFIELD AND WASHINGTON TOWNSHIP,
HAMILTON COUNTY, INDIANA CONCERNING AMENDMENTS TO THE
UNIFIED DEVELOPMENT ORDINANCE**

This is a Planned Unit Development Ordinance (to be known as the “**DAVIS PUD DISTRICT**”) to amend the Unified Development Ordinance of the City of Westfield and Washington Township, Hamilton County, Indiana (the "Unified Development Ordinance"), enacted by the City of Westfield pursuant to its authority under the laws of the State of Indiana, Ind. Code § 36-7-4 et seq., as amended.

WHEREAS, the City of Westfield, Indiana (the "City") and the Township of Washington, both of Hamilton County, Indiana are subject to the Unified Development Ordinance.

WHEREAS, the Westfield-Washington Advisory Plan Commission (the "Commission") considered a petition (Petition No. 17XX-PUD-XX), requesting an amendment to the Unified Development Ordinance and to the Zoning Map with regard to the subject real estate more particularly described in **Exhibit A** attached hereto (the "Real Estate");

WHEREAS, the Commission forwarded **Petition No. 17XX-PUD-XX** to the Common Council of the City of Westfield, Hamilton County, Indiana (the "Common Council") with a _____ recommendation in accordance with Indiana Code § 36-7-4-608, as required by Indiana Code § 36-7-4-1505;

WHEREAS, the Secretary of the Commission certified the action of the Commission to the Common Council on _____, 2018;

WHEREAS, the Common Council is subject to the provisions of the Indiana Code §36-7-4-1507 and Indiana Code § 36-7-4-1512 concerning any action on this request; and

NOW, THEREFORE, BE IT ORDAINED by the Common Council of the City of Westfield, Hamilton County, Indiana, meeting in regular session, that the Unified Development Ordinance and Zoning Map are hereby amended as follows:

Section 1. Applicability of Ordinance.

- 1.1 The Unified Development Ordinance and Zoning Map are hereby changed to incorporate the Real Estate as a Planned Unit Development District to be known as the “**Davis PUD District**” (the “District”).

- 1.2 Development of the Real Estate shall be governed by (i) the provisions of this Ordinance and its exhibits, and (ii) the provisions of the Unified Development Ordinance, as amended and applicable to the Underlying Zoning District or a Planned Unit Development District, except as modified, revised, supplemented, or expressly made inapplicable by this Ordinance.
- 1.3 Chapter (“Chapter”) and Article (“Article”) cross-references of this Ordinance shall hereafter refer to the section as specified and referenced in the Unified Development Ordinance.
- 1.4 All provisions and representations of the Unified Development Ordinance that conflict with the provisions of this Ordinance are hereby made inapplicable to the Real Estate and shall be superseded by the terms of this Ordinance.

Section 2. **Definitions.** Capitalized terms not otherwise defined in this Ordinance shall have the meanings ascribed to them in the Unified Development Ordinance.

- 2.1 Underlying Zoning District. The Zoning District of the Unified Development Ordinance that shall govern the development of this District and its various subareas, as set forth in Section 4 of this Ordinance.
- 2.2 Trail. Any pedestrian or nature trail internal to the District this is used by pedestrians or pets. A trail may be paved or maintained in a natural state (e.g., gravel, rock, mulch or grass).

Section 3. **Concept Plan.** The Concept Plan, attached hereto as Exhibit B, is hereby incorporated in accordance with Article 10.9(F)(2) Planned Unit Development Districts; PUD District Ordinance Requirements: Concept Plan. The Real Estate shall be developed in substantial compliance with the Concept Plan.

Section 4. **Underlying Zoning District.** The Underlying Zoning District shall be the SF3 Single Family District. Except as modified, revised, supplemented or expressly made inapplicable by this Ordinance, the standards of the Underlying Zoning District, as set forth above, shall apply.

Section 5. **Permitted Uses.** The permitted uses shall be as set forth below.

- 5.1 All uses permitted in the Underlying Zoning District, as set forth in Chapter 4 and Chapter 13 of the UDO, shall be permitted.
- 5.2 Maximum Dwellings. The total number of Dwellings permitted in the District shall not exceed one hundred forty-five (145).

Section 6. **General Regulations.** The standards of Chapter 4: Zoning Districts, as applicable to the Underlying Zoning District, shall apply to the development of the District, except as otherwise modified below.

Standard	Area A Lots	Area B Lots
Minimum Lot Area	12,600 SF	9,800 SF
Minimum Lot Width	90'	70'
Minimum Lot Frontage	50'	40'
Minimum Building Setback Lines		
Front Yard	20'	20'
Side Yard	5'	5'
Rear Yard	20'	20'
Maximum Building Height	2 stories	2 stories
Minimum Living Area (Total)		
One Story Dwellings	2,000 SF	1,800 SF
Two Story Dwellings	2,300 SF	2,200 SF

Section 7. **Development Standards.** The standards of Chapter 6: Development Standards shall apply to the development of the District, except as otherwise modified below.

7.1 **Article 6.3 Architectural Standards:** Shall apply, except as modified below:

- A. **Streetscape Diversity:** The Architectural Character Exhibits, as attached hereto as **Exhibit C**, are hereby incorporated as a compilation of images designed to capture the intended architecture of structures to be constructed in the District. It is not the intent to limit the architecture shown in the Character Exhibits, but to encourage a diversity in architecture of Dwellings within the District.
- B. **Additional Architectural Standards:** The following shall apply to all Dwellings:
 - i. **Minimum Overhang:** The roof overhang or eaves shall be a minimum of eleven (11) inches, as measured prior to the installation of Masonry Materials.
 - ii. **Garage Composition and Orientation:**
 - a) All Dwellings shall have a minimum two (2) car attached garage.
 - b) Front load garage elevations shall include a variety of design elements to vary the appearance of the garage façade. Design elements include the garage door, garage door windows and/or hardware, garage door header, roof gable brackets, multiple building materials, gable accent windows, and gable decorative louver. All homes with front load garages shall have decorative garage doors and be painted to match the dominant exterior material or a color to accent the dominant exterior material.
 - iii. **Building Materials:** In addition to Article 6.3(C)(3) Building Materials, vinyl and aluminum siding shall be prohibited.

- iv. Windows: All windows shall have either shutters and/or architectural treatment. For windows in a masonry façade, the treatment shall be of natural or masonry materials and be applied to the sill and header at a minimum. For windows in a non-masonry façade, the treatment shall be of natural materials and be applied to the sill, header, and jams. The width of the architectural treatment shall be a minimum of four (4) inches in width.
 - v. Front Building Façade Requirements: At a minimum each Dwelling shall utilize the following architectural elements on the Front Building Façade:
 - a) Wood, Fiber Cement Siding, or equivalent trim at corners, frieze boards, window and door wraps, and as a transitional material between two different exterior materials.
 - b) Architecturally enhanced/decorative trim or masonry detailing (i.e. arches, cornices, crossheads, ornate moldings, pediments, or shutters).
 - c) Roof design featuring a hip roof; dormers (a minimum of two (2) dormers); a reverse gable; a shed roof accent; or two (2) or more roof planes.
 - d) All one-story Dwellings shall have a minimum of two (2) windows on the Front Façade and all two-story Dwellings shall have a minimum of five (5) windows on the Front Façade.
 - vi. Side Building Façade Requirements: Each Dwelling shall have a minimum of two (2) windows on each Side Building Façade:
 - vii. Side Building Façade Requirements for Corner Lots: Side Building Façades that face Internal Streets shall contain the following architectural elements on the Side Building Façade.
 - a) A one-story Dwelling shall have a minimum of two (2) windows.
 - b) A two-story Dwelling shall have a minimum of three (3) windows.
 - c) Masonry Materials on a minimum of thirty-six (36) inches in height the entire length of the Side Building Façade.
- C. Perimeter Lots: In addition to Article 6.3(C)(1) Perimeter Lots, the rear façade of Lots 1-20 and 91-105 as illustrated on the Concept Plan shall contain one of the following if the rear façade is within 200 feet of the ROW of the External Street:
- i. A sunroom (minimum of sixty-four (64) square feet);

- ii. A covered porch (minimum of ninety (90) square feet in area); or
- iii. Masonry materials a minimum of thirty-six (36) inches in height on the entire length of the Rear and Side Building Facades.

7.2 Article 6.8 Landscaping Standards: Shall apply, except as otherwise modified or enhanced below.

A. Lot Landscaping: Article 6.8(K) Minimum Lot Landscaping Requirements shall apply except as modified and enhanced below.

- i. All lots shall be landscaped with a minimum of two (2) shade trees, one (1) ornamental or evergreen tree, and ten (10) shrubs.
- ii. At a minimum, the Lot's Established Front Yard shall be sodded and the remainder of the Lot shall be seeded.

B. External Street Frontage Landscaping Requirements: Article 6.8(M) shall apply except that no mound shall be required along 161st Street where the elevation difference between the centerline of 161st Street and the finish grade 90 feet south of the centerline of 161st Street is ten (10) feet or greater.

Section 8. **Infrastructure Standards.** The District's infrastructure shall comply with the Unified Development Ordinance and the City's Construction Standards (see Chapter 7: Subdivision Regulations), unless otherwise approved by the Plan Commission or Department of Public Works. Article 8.7.D.1 shall apply except that no pedestrian pathway shall be required along 166th Street where existing trees are being preserved.

Section 9. **Design Standards.** The standards of Chapter 8: Design Standards shall apply to the development of the District, except as otherwise modified below.

9.1 Article 8.6 Open Space and Amenity Standards: Shall apply, except as modified below:

- A. Common Areas shall not be subject to the Minimum Lot Frontage provisions of the Underlying Zoning District; however, Article 8.6(C) shall apply.
- B. Passive Amenities: Open space shall be provided for passive recreation opportunities, as generally depicted on the Concept Plan.
- C. Recreation Center: A recreation center, as generally depicted on **Exhibit D** shall be provided within the area depicted on the Concept Plan. An alternative recreation center location within the Open Space area may be approved by the Director.

ELECTED OFFICIAL BENEFIT SUMMARIES
2018
Civilian Personnel (Mayor and Clerk Treasurer)

INSURANCE

HEALTH, LIFE, DENTAL, VISION, WORKERS COMPENSATION – As available for all employees

SOCIAL SECURITY/MEDICARE CONTRIBUTIONS – As provided for all employees

EMPLOYEE ASSISTANCE PROGRAM – As provided for all employees

RETIREMENT

Civilian PERF – 14.2% (2018) of the eligible employee's salary is contributed by the City for the PERF program (Public Employees Retirement Fund). Benefits for elected officials retired from PERF may differ. Please see the Clerk Treasurer's Office for more information.

1. 3% of the employee's salary is contributed on behalf of the employee (employee's contribution) and identified in a private PERF account for the employee. This money is available to the employee if they would resign from the City. Once the employee begins to draw a retirement check from PERF this fund may be used to supplement that monthly retirement or received in full at retirement.
2. 11.2% of the employee's salary is contributed for the employee (City's contribution) and is added to the general state retirement fund that supports all state employees through the PERF retirement program.

457 Plan (Supplemental Retirement Plan)

The City of Westfield offers one supplemental 457 retirement plan to all employees. Employees may contribute (pre-tax) a maximum amount authorized by law into the plan.

City Matching Contribution

To encourage employee participation in the 457 plans, the City makes a matching contribution of \$.667 for each \$1.00 contributed up to 6% of base pay for all civilian employees. This matching contribution is made in July and January of each year into a 401A account that requires vesting.

HOLIDAY PAY SCHEDULE

As approved by the City Council. Pay for actual days approved by Council coordinated with approval with supervision.

Westfield City Councilors:

Re: Ordinance 17-48

The following changes are presented for an amendment to the Traffic Regulation Ordinance:

- Stop control change at 151st Street and Towne Road
 - Changing the 2-way stop intersection to a 4-way stop intersection.
- Stop control change at 186th Street and Casey Road
 - Changing the 2-way stop intersection to a 4-way stop intersection.
- Stop control change at 196th Street and East Street
 - Changing the through street at this intersection to East Street. This intersection will still be a 2-way stop intersection, expect now 196th Street traffic will have to stop.
- Stop control change at Mill Street and Park Street
 - Changing the 1-way stop intersection to a 3-way stop intersection.
- No parking
 - Adding No Parking on Bridgewater Club Blvd south of 161th Street from their maintenance building to the first houses south of the pedestrian bridge.

November 27, 2017

Dear City Council Members,

Westfield Public Works has evaluated the intersections of 151st Street and Towne Road for potential traffic control modifications. This intersection is currently controlled with a two-way stop of 151st Street stopping for Towne Road. Per Westfield's Thoroughfare Plan, Towne Road is a Primary Arterial Roadway while 151st Street is a Collector Street.

Westfield Public Works has performed an engineering study on the intersection of 151th Street and Towne Road. Per the latest edition of the MUTCD Section 2B.04, engineering judgment should be used to establish intersection control. With new residential developments along both 151st Street and Towne Road in this vicinity, the traffic at this intersection is expected to grow significantly in the coming years. Additionally, the intersection of 151st Street & Ditch Road will be closed to accommodate the construction of a roundabout, likely in 2018, directing additional traffic from the east through this intersection. Based on the anticipated growth in the area and future traffic volumes, Westfield Public Works has plans to construct a roundabout at this intersection opening in 2022. The department has recently applied for federal funding through the Indianapolis MPO to construct the roundabout.

Due to the above factors and following the guidance the MUTCD section 2B.04, the City of Westfield recommends installing an all-way stop at the intersection of 151st Street and Towne Road. This should accommodate the anticipated future traffic volumes and improve the functionality of the intersection on an interim basis until such time that proposed roundabout is completed.

If you have any questions or need any additional information, please feel free to contact me.

TO: Brad Davis
Highway Director
Hamilton County Highway Department
1700 S. 10th Street
Noblesville, IN 46060

RE: 186th Street & Casey Road All-Way Stop Conversion
196th Street & East Street Two-Way Stop Modification

Dear Mr. Davis,

Westfield Public Works has evaluated the stop control at two intersections within the city for potential modifications. These intersections are 186th Street and Casey Road and 196th Street and East Street. 186th Street and 196th Street are under the jurisdiction of the Hamilton County Highway department, while Casey Road and East Street are both City of Westfield streets.

Westfield Public Works has performed an engineering study on the intersection of 186th Street and Casey Road. This intersection is currently controlled with a 2-way stop of Casey Road with 186th Street having free-flowing movement. Per Westfield's Thoroughfare Plan, both Casey Road and 186th Street are considered Secondary Arterial roadways.

Per the latest edition of the MUTCD Section 2B.04, engineering judgment should be used to establish intersection control. One of the factors to consider is sight distance available on each approach in addition to reported crash experience. Between September of 2015 and March of 2016, four crashes were reported at this intersection, with three crashes involving failure to yield the right-of-way.

With new residential developments along 186th Street and along Casey Road, the traffic at this intersection is expected to grow significantly. Per the latest traffic counts performed by A&F Engineering in 2017, the projected 10-year increase in peak-hour traffic is roughly 1280% (125 vehicles to 1599 vehicles). This additional traffic demand will only decrease safety at the intersection. As such, we are recommending modifying the intersection to a four-way stop. This will improve the safety today and proactively improve the intersection in anticipation for the future growth in this area.

At the intersection of 196th Street and East Street, East Street currently stops for 196th Street. Per Westfield's Thoroughfare Plan, 196th Street is a Collector roadway and East Street is a Secondary Arterial roadway. Westfield Public Works has plans in the near future to extend East Street to the north and connect to State Road 38. Several large commercial developments are planned in the area which will be served by the new roadway, significantly increase the traffic volumes along East

Street and making it the major street at this intersection. Additionally, with the improvements of US 31, cul-de-sacs were placed along 196th Street, significantly reducing traffic from the west approach of this intersection. Due to these factors and following the guidance the MUTCD section 2B.04, the City of Westfield recommends switching the two-way stop signage such that 196th Street will stop for East Street. This should accommodate the future traffic volumes and improve the functionality of the intersection.

If you have any questions or need any additional information, please feel free to contact me.

DATE: August 13, 2007

ROUTE: SR 32

CITY OR COUNTY: Westfield
Hamilton County

FILE #: 07-022-E

TO: WESTFIELD TOWN COUNCIL

The Indiana Department of Transportation proposes to make certain traffic improvements on SR 32 in Hamilton County.

In order to facilitate the movements of traffic over the route and conform with standards set up by the Indiana Department of Transportation, the following traffic controls must be established as determined by proper engineering investigation.

It is agreed by the undersigned on behalf of the Town that the following controls are satisfactory.

CONTROLS TO BE ESTABLISHED

Parking shall be controlled on SR 32 in the town of Westfield, Hamilton County as follows:

"No Parking 2 AM to 6 AM" shall be established on the north and south side of SR 32 for marked parking spaces between the east corners of Mill Street (Westlea Drive) on SR 32 to the west corners of Cherry Street on SR 32, a distance of approximately 2,150 feet.

"Two Hour Parking," notwithstanding the foregoing parking restricting, two hour parking shall be established on the north and south side of SR 32 for marked parking spaces between the east corners of Mill Street (Westlea Drive) on SR 32 to the west corners of Cherry Street on SR 32, from the hours of 6 AM to 2 AM, a distance of approximately 2,150 feet.

Sec. 58-355.3 Parking Zones Restrictions Penalties

Penalties for 2 Hour Parking Restriction Zones

A. Each violator of the restrictions and provisions of this traffic offense shall pay a fine and penalty to the City of Westfield, in the sum of ten dollars (\$10), if paid within seven (7) days of the date of the time of issuance of the traffic offense. Additional late fees shall be assessed based upon the following fine schedule:

1. Unpaid between eight and fourteen (8-14) days of the date of issuance: Twenty dollars (\$20)
2. Unpaid between fifteen and twenty-one (15-21) days of the date of issuance: Forty dollars (\$40)
3. Unpaid between twenty-two and twenty-eight (22-28) days of the date of issuance: Sixty dollars (\$60)
4. Unpaid between twenty-nine and thirty-five (29-35) days of the date of issuance: Eighty dollars (\$80)
5. Unpaid after thirty-six (36) days of the date of issuance: One Hundred dollars (\$100)

B. Any Vehicle having three (3) UNPAID parking violations in excess of sixty (60) days after the date of issuance that is found in a Parking Zone Restriction Area is subject to being restrained by having a wheel boot installed by employees of the City of Westfield, until such time as all outstanding fines and fees are paid in full. In addition, there will be a twenty-five dollar (\$25) fee for the removal of wheel boot. It is the discretion of the Chief of Police to have motorcycles and/or any other vehicles towed to safe storage in lieu of using the wheel boot. Said vehicle will be released only after payment of all fines and fees are paid and full, and any costs incurred by the city for the towing of the vehicle.

C. Any attempt to evade this ordinance by a motorist by moving their vehicle from one parking restriction zone parking spot to another parking restriction zone parking spot will be deemed in violation of this ordinance.

D. In the event that such a fine has not been paid within ninety (90) days of the date of the issuance, the violator may be docketed in the Hamilton County Courts and prosecuted as a Class C infraction. In such event, the violator shall be obligated to pay any costs imposed by reason of the docking with the Hamilton County Courts in addition to the fines prescribed herein.

FRAMEWORK

PURPOSE OF IMPACT FEES

Indiana Code 36-7-4-1300 et seq. (“Indiana Code”) enables communities to impose an impact fee on new development to defray or mitigate the capital costs of infrastructure that is required by, necessitated by, or needed to serve new development.

IC 36-7-4-1305 “Impact fee” and “capital costs” defined Sec. 1305. (a) As used in this series, “impact fee” means a monetary charge imposed on new development by a unit to defray or mitigate the capital costs of infrastructure that is required by, necessitated by, or needed to serve the new development.

(b) As used in this section, “capital costs” means the costs incurred to provide additional infrastructure to serve new development, including the following:

- (1) Directly related costs of construction or expansion of infrastructure that is necessary to serve the new development, including reasonable design, survey, engineering, environmental, and other professional fees that are directly related to the construction or expansion.
- (2) Directly related land acquisition costs, including costs incurred for the following:
 - (A) Purchases of interests in land.
 - (B) Court awards or settlements.
 - (C) Reasonable appraisal, relocation service, negotiation service, title insurance, expert witness, attorney, and other professional fees that are directly related to the land acquisition.
- (3) Directly related debt service, subject to section 1330 of this chapter.
- (4) Directly related expenses incurred in preparing or updating the comprehensive plan or zone improvement plan, including all administrative, consulting, attorney, and other professional fees, as limited by section 1330 of this chapter.

This document serves as a zone improvement plan specifically addressing capital improvements and infrastructure that comprise of park and recreational facilities owned for a public purpose by the City of Westfield, Hamilton County, Indiana (the “City”).

Impact fees defray the cost of maintaining the community’s level of service for park and recreational facilities. Impact fees for new development are assessed based on the proportionate share of the reasonable estimate of costs to be incurred by the City to provide park and recreational facilities for new development.

The amount of impact costs may not include costs needed to raise the current level of service in the

community that is existing at the time the impact fee is assessed (as further defined herein).

IC 36-7-4-1308 “Infrastructure” defined

Sec. 1308. As used in this series, “infrastructure” means the capital improvements that:

(1) comprise:

- (A) a sanitary sewer system or wastewater treatment facility;
- (B) a park or recreational facility;
- (C) a road or bridge;
- (D) a drainage or flood control facility; or
- (E) a water treatment, water storage, or water distribution facility;

(2) are:

(A) owned solely for a public purpose by:

(i) a unit; or

(ii) a corporation created by a unit; or

(B) leased by a unit solely for a public purpose; and

(3) are included in the zone improvement plan of the impact zone in which the capital improvements are located.

The term includes site improvements or interests in real property needed for a facility listed in subdivision (1).

In summary, impact fees assessed to new development allow the community to make capital improvements to park and recreational facilities without unnecessarily burdening existing residents.

IMPACT FEE UPDATE

The City’s current park and recreational impact fee ordinance was adopted on October 29, 2012, and became effective on June 10, 2013 (Ordinance No. 12-31) (the “2013 Impact Fee Ordinance”). Indiana Code provides that an impact fee ordinance is effective for five (5) years from its effective date (IC 36-7-4-1340(b)). The effective date of an impact fee ordinance may be no earlier than six (6) months after the date on which the ordinance was adopted (IC 36-7-4-1340(a)).

The 2013 Impact Fee Ordinance established a park and recreational impact fee of \$1,120.00 per dwelling unit from June 10, 2013, to June 10, 2014, and then \$1,309.00 per dwelling unit from June 11, 2014, to June 10, 2018.

Impact fees are assessed and collected at the time an improvement location permit (building permit) is obtained from the City for the new development (IC 36-7-1322).

As a result, this document serves as an updated zone improvement plan for the City’s adoption of a new park and recreational impact fee ordinance.

Figure 1: Existing Corporate Limits
IMPACT ZONE

Indiana Code requires the geographic area for the park and recreational infrastructure analyzed in the zone improvement plan to be defined (the “impact zone”).

IC 36-7-4-1316 Impact zones; geographical area Sec. 1316. A unit must include in an impact zone designated under section 1315 of this chapter the geographical area necessary to ensure that:

- (1) there is a functional relationship between the components of the infrastructure type in the impact zone;
- (2) the infrastructure type provides a reasonably uniform benefit throughout the impact zone; and
- (3) all areas included in the impact zone are contiguous.

The study area for this zone improvement plan is all of Washington Township, Hamilton County, Indiana, including land incorporated into the City of Westfield (see [Figure 1: Existing Corporate Limits](#)). Washington Township is the anticipated growth boundary of this zone improvement plan for the next ten (10) years.

This area coincides with the planning and zoning jurisdiction of the Westfield-Washington Township Advisory Plan Commission (the “Planning and Zoning Jurisdiction”). Accordingly, the Westfield-Washington Township Comprehensive Plan, as adopted and amended in accordance with IC 26-7-4-500 et seq. (see [Figure 6: Comprehensive Plan Land Use Plan Map](#)), includes all of the study area.

The City’s first park and recreational impact fee was established in 1997 (Ordinance No. 97-23), and defined a single impact zone coinciding with the boundaries of the corporate limits of the Town of Westfield, subject to expansion from time to time through annexation.

Year	1990	2000	2010	2017	2020
Corporate Limits Area (sq. mi.)	2.35	7.78	26.8	30.7	39.9*
Washington Township (sq. mi.)	49.7				

*As projected by the City’s Economic and Community Development Department.

Chart 1: Corporate Limits & Township Area

For purposes of this zone improvement plan, a single impact zone will be maintained. The impact zone’s boundary shall be co-terminus with the corporate boundaries of the City, as such boundaries may expand from time to time through annexations.

ZONE IMPROVEMENT PLAN

Indiana Code provides that a City may not adopt an impact fee ordinance unless it has prepared or substantially updated its zone improvement plan for the corresponding infrastructure during the immediately preceding one (1) year period.

IC 36-7-4-1318 Ordinance; zone improvement plan preparation; contents of plan

Sec. 1318. (b) Each zone improvement plan must contain the following information:

(1) A description of the nature and location of existing infrastructure in the impact zone.

(2) A determination of the current level of service.

(3) Establishment of a community level of service. A unit may provide that the unit’s current level of service is the unit’s community level of service in the zone improvement plan.

(4) An estimate of the nature and location of development that is expected to occur in the impact zone during the following ten (10) year period.

(5) An estimate of the nature, location, and cost of infrastructure that is necessary to provide the community level of service for the development described in subdivision.

(6) The plan must indicate the proposed timing and sequencing of infrastructure installation.

(7) A general description of the sources and amounts of money used to pay for infrastructure during the previous five (5) years.

A zone improvement plan becomes effective after its adoption as part of the City’s comprehensive plan or the City’s capital improvements program.

This document hereby serves as an updated zone improvement plan for the City’s adoption of a new park and recreational impact fee ordinance.

COMMUNITY PROFILE

COMMUNITY BACKGROUND

The City of Westfield is located in Washington Township, Hamilton County, Indiana, just north of Indianapolis (see [Figure 2: Regional Context Exhibit](#)). It is bordered by the City of Noblesville to the east, the Town of Sheridan to the north, the City of Carmel to the south, and the Town of Zionsville to the west (Boone County).

Figure 2: Regional Context Exhibit

Westfield was founded on May 6, 1834, by North Carolina Quakers Asa Bales, Ambrose Osborne and Simon Moon, and incorporated as a town in 1848. On January 1, 2008, Westfield was incorporated as a city.

U.S. Highway 31 is the primary highway leading north and south through the community. State Highway 32 leads east and west through downtown Westfield as Main Street (see [Figure 1: Existing Corporate Limits](#)).

The City has experienced record growth from residential development over the last five (5) years, culminating in a record number of single-family residential home starts in 2017 (on pace to issue 736).

736 single family starts
(2017)

Westfield housing starts have increased between **70% - 90%** every year since 2010.

Figure 3: Single-Family Starts

Figure 4: Rapid Population Growth

The City's population was 36,854, as of a January 2016 Special Census (see [Figure 4: Rapid Population Growth](#) and [Figure 5: Housing, Income + Education](#)). This represents an average annual increase of 1,357 people since a City population of 30,064 in 2010.

The total households in the City, according to the 2016 Special Census, was 13,111 (with an average household size of 2.78 people), an increase from 11,209 households in 2010.

An update to the impact fee will allow the City to further invest in park and recreational facilities to accommodate the impact on the infrastructure from the City's anticipated population growth.

The Westfield - Washington Township Comprehensive Plan was adopted in 2007 (the “Comprehensive Plan”). Major themes and implementation steps within the Comprehensive Plan relating to park and recreation include the following:

- Adopt a community-wide pedestrian and bicycle connectivity plan.
- Design of open space areas to form interconnected networks with linkages to existing and proposed open space.
- Maintain stream corridors and other natural and historic resources.
- Locate open space to maintain visual qualities of scenic roads.
- Require usable open space in all new developments.
- Preservation of natural features including woodlands, water bodies and wetlands.
- Provide passive and active recreation for community residents.
- Provide park and recreation facilities in new development to meet growth needs.

Figure 5: Housing, Income + Education

Figure 6: Comprehensive Plan Land Use Plan Map

Figure 7: Alternative Transportation Plan

The Westfield Thoroughfare Plan, a part of the Comprehensive Plan, includes an Alternative Transportation Plan (see [Figure 7: Alternative Transportation Plan](#)). The Alternative Transportation Plan is one resource that guides the implementation of trails throughout the impact zone.

The Comprehensive Plan provides guidance for the projected nature of the anticipated development within the impact zone. Furthermore, the Comprehensive Plan was consulted as part of the Parks and Recreation Master Plan update by Mader Designs in 2017, as further referenced herein.

GROWTH PROJECTIONS

New residents directly impact park and recreational facilities by increasing demand on that infrastructure. This impact can be quantitatively measured through the issuance of building permits for new dwelling units or households.

The City’s projected growth can be forecasted using a number of factors including, but not limited to: residential permits (single-family and multi-family); population benchmarks from the 2016 Special Census; availability of land for new development; anticipated regional growth patterns; regional mobility; housing trends; and job market trends.

For purposes of this zone improvement plan, a linear trend analysis was used to calculate the City’s baseline (2017) and projected growth potential. The projected annual growth rate over the next ten (10) years is between 3.4% to 4.8%, as illustrated in [Figure 8: Projected Growth Potential](#).

The anticipated location of development during the next ten (10) year period is identified in [Figure 9: Location of Anticipated Development](#) (as prepared by A&F Engineering in consultation with the City’s Economic and Community Development Department as part of the City’s adopted zone improvement plan for road infrastructure, 2017).

PARKS AND RECREATION DEPARTMENT

The City’s Parks and Recreation Department is responsible for acquiring, developing, providing and maintaining the City’s park and recreational facilities. The Department has offices and maintenance facilities located at the City Services Building.

Figure 8: Projected Growth Potential

Figure 9: Location of Anticipated Development

Other parks and recreation providers in the study area include Washington Township Parks and Recreation, Hamilton County Parks, and Westfield Washington Schools. Current programs and activities currently provided by each entity are complementary with very little overlap to those provided by the Department. The Department is a member of the Hamilton Parks Association, a consortium of park and recreation providers and tourism organizations in Hamilton County.

GOALS AND OBJECTIVES

The mission of the Department is to: stimulate recreation; respect the natural environment; preserve history; provide an avenue for people to reach their full potential through recreation, wellness, culture, education; and, grow by connecting people to the natural world, to each other, and to fun, physical and social opportunities.

The Department's goals include:

- Continue to provide high level recreational amenities and opportunities for residents.

- Continue to enhance connectivity between residential, commercial, and parks through an interconnected system of walks, paths and trails.
- Utilize parks as opportunities for community and economic development.
- Collaborate and coordinate with like-minded organizations and other recreation providers.
- Protect and enhance cultural resources important to the community.
- Prepare for capital and departmental improvements.

DEPARTMENT STRUCTURE

The Department's structure consists of administrative and maintenance personnel (see [Figure 10: Department Structure](#)).

The Department's functions requires collaboration with the City's other departments (e.g., Communications, Informatics, Customer Service, Police Department, Fire Department, Department of Public Works, Economic and Community Development Department) to coordinate the Department's responsibilities.

Figure 10: Department Structure

The Department's responsibilities generally include the following functions:

- Preparing operating and capital budgets, fundraising, and grant writing.
- Long-range planning, program design, special events, and volunteer management; public relations and marketing; manage sponsorships.
- Facility maintenance and safety issues oversight including, but not limited to: mowing, plantings, tree trimming and removal; snow removal; fertilization and herbicide applications; maintaining irrigation system, including watering downtown hanging flower baskets; traffic roundabout maintenance; playground inspections; ongoing repair of indoor and outdoor facilities; restroom maintenance; vandalism repairs and graffiti removal.
- Managing and overseeing all capital projects; assistance with capital improvements, playgrounds, park equipment, and landscaping; managing maintenance by skilled trades from outside contractors.
- Urban forestry, including tree assessments and inventories; specifying plant materials in parks.

DEPARTMENT BUDGET

The 2017 Department budget was \$1,226,195. The current capital budget represents an appropriated amount dependent on revenues from outside grants, donations, and impact fees. None of the budget is derived from tax revenues dedicated to parks and recreation. The Department's historical budget is depicted in Chart 2: Department Budget.

Year	Operating Budget	Capital Budget	Total Budget
2011	\$ 499,044	\$ 129,600	\$ 628,644

Chart 2: Department Budget

FUNDING SOURCES

The Department is reliant on a combination of outside grants, donations, proceeds from the existing impact fee revenues, and City budget allocations for Department funding. Additional considerations to enhance Department funding includes programming, user fees, potential separate park taxes, potential formation of a parks foundation, and tapping into additional outside fund sources.

Washington Township has a park tax levy that is utilized for Washington Township Parks operations and capital improvements; however, while City residents pay a portion of this tax levy, proceeds are not used for City park and recreational facilities.

Grants, donations and impact fees fund park and recreational capital improvements. The City has been successful in garnering outside grants to fund trails currently owned, maintained and operated by the City.

One source of non-local funds that have been used were through the Indianapolis Metropolitan Planning Organization (the "MPO"). The City is on the northern fringe of and a part of the MPO planning area. The MPO coordinates regional transportation and alternative transportation planning and distributes federal transportation funds.

In addition, land has been donated by residents and businesses for parkland and trail corridors, with land for future trail segments relying in large part on donations. Community support for park and recreational facilities has included partnerships with various civic organizations and has resulted in in-kind donations of volunteers and improvements.

Aggressively seeking outside grants is a priority and will minimize the need for local funding of capital improvements for park and recreational facilities.

EXISTING INFRASTRUCTURE

An analysis and inventory of existing park and recreational infrastructure will establish a basis of the community's current level of service for park and recreational facilities (as further defined herein). As such, this section includes a brief summary of the existing infrastructure in the impact zone. A detailed description of each facility, including existing and planned improvements, is included in the "Infrastructure Overview" section of this document.

EXISTING FACILITIES

The City currently provides 165 acres± of parkland throughout twelve (12) locations and 120 miles± of total trails, which includes 15 miles± of named trails and 10 miles± within the Grand Park trail network.

Existing park and recreational infrastructure primarily includes a combination of neighborhood parks (1/2-mile service area radius), community parks (2-mile service area radius), and trail corridors. Park and recreational facility locations are depicted in [Figure 11: Park + Recreational Facilities Map](#).

The City's existing park and recreation infrastructure has an estimated total value of \$21,334,697. A summary of those facilities and estimated values are listed in [Chart 3: Existing Infrastructure Summary](#).

Assumed land values are according to the Hamilton County Assessor's Office (2017) for parkland, and assumed land values for trail corridors is the average assessed value of the City's parkland (\$27,217/acre).

NEW INFRASTRUCTURE

TRENDS + COMMUNITY INPUT

As part of the Parks and Recreation Master Plan update by Mader Designs in 2017, community surveys were conducted in the summer of 2017. The information received was consistent with past surveys conducted by the City and identified needs and goals of the community. Most responses ranked park and recreational opportunities as "very good" or "good" in quality, condition and value. Specific items and consistent themes in the responses included:

- Trails & connectivity
- Safe trail crossings at streets
- Balanced view of maintenance of existing facilities, adding new elements to existing parks, and adding/developing parkland
- Need for parks and amenities in the southwestern areas of the City
- Combinations of funding sources should be used for park growth, including private investment and donations
- Completion of Grand Junction Plaza
- Increase opportunities for nature experiences and passive recreation
- Recreation and multipurpose green space and courts for youth sports
- Dog Park

As the City continues to experience new growth that expands the corporate limits, it also has experienced an increased focus on infill development. This has resulted in less new acreage for open space and recreational areas; however, this has allowed the City to focus on further developing and enhancing the infrastructure within existing parklands.

CAPITAL IMPROVEMENT PRIORITIES

This section identifies the nature, location, and estimated cost of improvements necessary to provide the community's level of service (as defined herein) for park and recreational infrastructure.

As part of the Parks and Recreation Master Plan update by Mader Designs in 2017, park and recreational facility needs were identified using input from the community, Department, City leadership, national standards, neighboring and overlapping park departments. The

needs focused primarily on specific improvements that will enhance existing facilities, meet increasing demands from a growing community, and provide new amenities throughout the park system for the overall benefit of the community.

A detailed list of potential expenses to address the community's needs over the next ten (10) years is included in Chart 5: Planned Capital Improvements. The chart assigns a priority of 1 through 4 to indicate the importance and sequencing of expenses, and the likely funding sources.

Identified improvements generally include: trail connectivity; improvements to undeveloped or underdeveloped park properties; development of new and unique amenities at the Lagoons at Simon Moon Park; build out Raymond Worth Park and Osborne Park.

Improvements to Osborne Park and Raymond Worth Park will begin to meet demands in the City's southwest quadrant as new development continues to occur in that area of the City.

The development of Grand Junction Plaza has been identified as a key driver for downtown recreation, trail connectivity and unique park features for the entire community; however, it is anticipated the majority of funding for the build out of the plaza will not include park and recreational impact fees.

Chart 5: Planned Capital Improvements

For purposes of this analysis, the expenses from Chart 5: Planned Capital Improvements were further prioritized to only identify capital improvement costs necessary to maintain the community's current level of service over the next ten (10) years. The majority of the planned capital improvements are focused on investing in existing parkland, rather than in the acquisition of new parkland.

Facility	Estimated Cost of Improvements
Armstrong Park	\$ 1,650,000
Asa Bales Park	\$ 1,190,000

Midland Trace Trail	\$ 860,000

Chart 6: Estimated Costs of Capital Improvements

As a result, Chart 5: Estimated Costs of Capital Improvements includes the estimated cost and location of infrastructure necessary to provide the community level of service for new development in the City. The estimated cost of this infrastructure is \$23,365,000.

OTHER RECREATION PROVIDERS

Within Washington Township, other public park and recreational facilities include Cool Creek Park and Nature Center (Hamilton County Parks), Bray Park (Hamilton County Parks), and MacGregor Park (Washington Township Parks and Recreation).

Cool Creek Park is Hamilton County Parks' most popular facility with over ninety (90) acres. The park includes administrative offices, a maintenance facility, and nature center. A variety of passive and active recreation elements are provided, including four (4) miles of nature trails, vehicular drives and parking, playgrounds, softball, soccer, basketball, wetland areas, prairies, and shelters.

MacGregor Park is the primary park facility operated by Washington Township Parks and Recreation, and currently consists of almost one hundred (100) acres. The park currently focuses on natural and passive activities and include a park drive, parking, approximately two (2) miles of nature trails, and restrooms. Areas of the park are located within conservation easements limiting recreational use; however, recreational use areas are provided within other areas of the park.

Washington Township's other park facility is Redbud Park. On less than one (1) acre of land, this is a passive park located at the Washington Township offices and consists of a gazebo and sitting area.

Westfield Washington Schools is a large provider of active recreation programming in the community. There are a number of playing fields and ball courts jointly used by local sports groups and the schools.

There are over 120 miles± of trails within the City. For purposes of this section, only the 15 miles± of “named” trails are specifically identified.

Existing Facility Inventory:

- Grassy Branch Trail: 0.35 miles; asphalt.
- Cool Creek Trail: 0.90 miles; asphalt.
- Midland Trace Trail: 3.93 miles encompassing 31 acres± of greenway (assuming average right-of-way width of 66 feet); asphalt; amenities and trailheads that include benches, restrooms, bike racks, drinking fountains, dog hydration and waste stations.
- Monon Trail: 4.86 miles encompassing 39 acres± of greenway (assuming average right-of-way width of 66 feet); asphalt; amenities and trailheads that include benches, restrooms, bike racks, drinking fountains, dog hydration and waste stations.
- Monon/Midland Loop: 2.2 miles; asphalt.
- Natalie Wheeler Trail: 2.1 miles; asphalt; amenities include dog waste stations.
- SR32 Linear Greenway: 0.6 miles encompassing 2.18 acres of greenway (assuming average trail corridor width of 30 feet); asphalt; landscaping that includes approximately three (3) shade trees and one (1) ornamental tree per one hundred (100) lineal feet.

Planned Improvements:

- Monon Trail: bike repair stations; 169th Street trailhead; interpretation stations; campground; trail lighting; safe crossing enhancements at vehicular intersections.
- Midland Trace Trail: Westfield Marketplace trailhead; trail lighting; safe crossing enhancements at vehicular intersections.
- Cool Creek Trail: Safe crossing to connect with Liberty Park.

ASA BALES PARK

Exhibit Source: City of Westfield Parks + Recreation Master Plan (2011)

Facility Photos:**ASA BALES PARK****Location:**

205 West Hoover Street (North Entrance); 200 Camilla Court (South Entrance); 211 North Union Street (Pedestrian Entrance)

Size:

13.05 acres±

Facility Description:

Established linear neighborhood park close to downtown core and adjacent to Westfield Washington Schools' campus that includes the High School, Middle School and Intermediate School.

Park is mostly developed with open lawn with scattered mature tree plantings; bisected by small stream. There is space available for smaller recreation elements such as playgrounds and shelters.

Existing Facility Inventory:

- 3 shelters
- 2 playgrounds; 1 swing bay
- 1 trail, paved
- 1 restroom building
- 1 natural area; 1 natural amphitheater
- 1 skate park
- 2 paved parking areas
- Anti-Slavery Cemetery (historic site)
- Amenities: benches, tables, grills, drinking fountain, dog waste station(s)

Planned Improvements:

- Replace both playgrounds; transition playground surface to safety surface; install playground shade
- Install electricity and water
- Widen paved trail to 12 feet
- Install fitness park feature
- Golf cart parking
- Cemetery restoration and preservation
- Plant new trees to replace aging trees
- Install bike racks

FREEDOM TRAIL PARK

Exhibit Source: City of Westfield Parks + Recreation Master Plan (2011)

Facility Photos:**FREEDOM TRAIL PARK****Location:**

500 Deer Walk Trace

Size:

29.95 acres±

Facility Description:

A community park that includes a mix of open lawn and sports playing fields, mature tree plantings and native plantings including low stature prairie.

Cool Creek extends along east park boundary, and park is adjacent to Washington Woods Elementary School with pedestrian access.

Existing Facility Inventory:

- Sports fields (2 football fields; 1 lacrosse field)
- 1 playground (all inclusive)
- 2 trails (1 paved; 1 gravel)
- 1 natural area (ongoing prairie restoration; Rotary Club Sensory Garden)
- 2 parking areas (1 paved; 1 gravel)
- Amenities include benches, tables, bike racks, interactive wind chime, sand table, dog waste station(s), portable restroom

Planned Improvements:

- Restroom building
- Install electricity
- Shelter with electricity
- Transition playground surface to safety surface
- Transform sports field to a dog park
- Update / install additional playground equipment
- Install additional shade structures
- Install splash pad / spray park

HADLEY PARK

Exhibit Source: City of Westfield Parks + Recreation Master Plan (2011)

Facility Photos:**HADLEY PARK****Location:**

100 West Main Street

Size:

0.15 acres±

Facility Description:

Historic neighborhood pocket park in downtown located on the northwest corner of the intersection of Union Street and Main Street (State Highway 32).

Existing Facility Inventory:

- 1 shelter, landscape structure
- 1 natural / garden area
- 1 brick path and sitting area
- Amenities include decorative lighting, benches

Planned Improvements:

- Install a community programming board
- Maintain and replace brick pavers
- Install and improve signage

LIBERTY PARK

Exhibit Source: City of Westfield Parks and Recreation Master Plan (2011)

Facility Photos:**LIBERTY PARK****Location:**

16001 Westfield Boulevard

Size:

14.79 acres±

Facility Description:

A passive neighborhood park adjacent to Cool Creek with emphasis on wetland interpretation with boardwalk accessibility.

Existing Inventory:

- 1 boardwalk with observation deck / gazebo and interpretive signs
- 1 natural area (wetland)
- 1 gravel parking area

Planned Improvements:

- Restore and extend boardwalk for connectivity
- Install and enhance pedestrian crossings across adjacent vehicular roads to connect with nearby trail systems

QUAKER PARK

Exhibit Source: City of Westfield Parks + Recreation Master Plan (2011)

Facility Photos:**QUAKER PARK****Location:**

17501 Dartown Road

Size:

6.89 acres±

Facility Description:

A neighborhood park adjacent to the City's Public Safety Building and Pine Ridge subdivision that includes a segment of the Midland Trace Trail and functions as an additional trail head. Park programming includes YMCA summer camp and programs, Westfield In Bloom site, and past site for Westfield Arbor Day event.

Existing Facility Inventory:

- 1 basketball court
- 4 shelters
- 1 playground
- 1 splash pad / spray park
- 1 trail, paved
- 1 restroom building
- 2 paved parking areas.
- Amenities include benches, tables, grills, drinking fountain, bike racks, dog hydration station, Learning Trail

Planned Improvements:

- Expand parking lot
- Update paved trail and install additional trails for connectivity
- Install tennis court

SIMON MOON PARK

Exhibit Source: Mader Design (2017)

Facility Photos:**SIMON MOON PARK****Location:**

2710 East 171st Street

Size:

24.37 acres±

Facility Description:

A neighborhood park adjacent to the City Service Building and Carey Commons subdivision. The park includes open lawn areas with park elements and small tree with path connectivity to the Midland Trace Trail.

Existing Facility Inventory:

- 1 shelter
- 1 restroom building
- 2 playgrounds
- 1 trail, paved
- 1 sledding hill
- 1 paved parking area
- Council Ring with fire pit
- Amenities include benches, tables, drinking fountain, grills, dog wash and hydration stations

Planned Improvements:

Build out and expansion of the park (depicted in exhibit), including:

- Transition playground surface to safety surface
- Install two (2) bay swings
- Expand parking lot(s)
- Restore and realign Midland Trace Trail connection
- Lagoon improvements to include: expand parking lot; enhance meadow / woodland; install water filters and eco-region zone; install trails for accessibility and connectivity; install boardwalks around wetlands and lagoon.

ARMSTRONG PARK

Exhibit Source: City of Westfield Parks + Recreation Master Plan (2011)

ARMSTRONG PARK**Location:**

16200 Countryside Boulevard

Size:

15.62 acres±

Facility Description:

A neighborhood park internal to Countryside subdivision with two (2) adjacent retention ponds.

The park is currently undeveloped with open lawn and a few small tree plantings.

Existing Facility Inventory:

- 1 trail, paved
- 1 natural area (open lawn; prairie / wetland)

Planned Improvements:

Build out of the park (depicted below) including:

- Native plantings; natural vegetation
- Splash pad / spray park
- Playground
- Parking lot
- Volleyball courts
- Boardwalk
- Frisbee golf course
- Restroom building with flexible use and rental space
- Shelter
- Fishing access to adjacent ponds
- Tennis court(s)

WOODS AT MAPLES PARK

Exhibit Source: City of Westfield Parks + Recreation Master Plan (2011)

WOODS AT MAPLES PARK

Location:

201 Spring Lake Drive

Size:

6.03 acres±

Facility Description:

A neighborhood park located internally to the Maple Knoll subdivision with frontage on Spring Lake Drive. The site is entirely wooded with a small retention pond adjacent to the property.

Existing Facility Inventory:

- 1 natural area (woodland)

Planned Improvements:

Remove dead ash trees and maintain park in its natural conditions.

Previous timbering has caused considerable damage to existing trees. As such, forestry recommendations are to limit park access for 20 years to allow for the natural restoration of woodland.

OLD FRIENDS CEMETERY PARK

Exhibit Source: City of Westfield Parks + Recreation Master Plan (2011)

Facility Photos:**OLD FRIENDS CEMETERY PARK****Location:**

302 South Union Street

Size:

0.79 acres±

Facility Description:

A neighborhood park located in original town area on South Union Street, adjacent to the Grand Junction Plaza and the Midland Trace Trail.

The site includes an existing Quaker cemetery and the Martha Doan Memorial Garden.

Existing Facility Inventory:

- Existing 1800s Quaker (Friends) Cemetery
- 1 open frame gazebo
- 1 natural area (Martha Doan Memorial Garden)
- 1 trail (gravel)
- 1 paved trail connection to Midland Trace Trail
- Amenities include benches, bike racks, drinking fountain

Planned Improvements:

- Extend trailhead across Union Street
- Restoration of cemetery stones

GRAND JUNCTION PLAZA

Exhibit + Renderings Source: Land Collective (2016)

Illustrative Renderings:

GRAND JUNCTION PLAZA

Location:

Grand Junction Plaza is located in the heart of the City’s downtown and bound by Union Street, Jersey Street, and Mill Street.

Size:

6.5 acres±

Facility Description:

The plaza not only represents the geographic center of downtown, but also the activity center of downtown. The plaza provides key connections with intersecting trail systems and is designed to engage within the plaza while also embracing its surroundings.

The plaza will be a focal point of the community for both local residents, as well as out of town visitors to the community. Surrounding pedestrian-friendly streets will invite visitors and residents to explore the plaza, area restaurants and shops.

Existing Facility Inventory:

The park has been cleared of structures and the boundaries of the park are now defined by the newly upgraded and extended Mill Street to the west and south, Union Street to the east, and Jersey Street to the north.

The park is currently undeveloped with the exception of the recent improvement and restoration of the riparian corridor through the plaza from Union Street to the newly extended Mill Street. These improvements included a tunnel and culvert under Mill Street for pedestrian connectivity of the Midland Trace Trail and plaza.

Planned Improvements:

The design by Land Collective (commissioned by the City to design the plaza) was unveiled in 2016. The build out of the plaza (as depicted herein) includes: several pavilion and overlook structures; amphitheater + lawn gathering place for festivals, concerts + special events; interactive water feature; an arts garden; a full size ice skating rink in the winter months; a hardscape festival boulevard; riparian corridor enhancements and boardwalk; and, a play in nature area for programmable space throughout all seasons.

LEVEL OF SERVICE

CURRENT LEVEL OF SERVICE

A determination of the “current level of service” for park and recreational facilities within the City is required in order to determine the desired target for the “community level of service” (as defined herein).

IC 36-7-4-1302 “Current level of service” defined Sec. 1302. As used in this series, “current level of service” means a quantitative measure of service provided by existing infrastructure to support existing development.

The most practical quantitative measurement to calculate the current level of service is to divide the current value of existing park and recreational infrastructure by the users of that infrastructure (e.g., residential population, number of households).

As detailed in the “Existing Infrastructure” section of this document, the total estimated value of existing infrastructure is \$21,334,697. As detailed in the “Community Profile” section of this document, the estimated number current (2017) households in the impact zone is 14,814.

As a result, and for purposes of this zone improvement plan, the “current level of service” is calculated as \$21,334,697 (infrastructure value) divided by 14,814 (2017 households) = \$1,440 per household.

COMMUNITY LEVEL OF SERVICE

Conversely, the “community level of service” is the community’s desired or target level of service for park and recreational infrastructure, which may or may not be the same as the “current level of service”.

IC 36-7-4-1301 “Community level of service” defined Sec. 1301. As used in this series, “community level of service” means a quantitative measure of the service provided by the infrastructure that is determined by a unit to be appropriate.

If a zone improvement plan provides for raising the community level of service to a level of service greater than the current level of service, then the zone improvement plan shall: (i) provide for completion of the infrastructure that is necessary to raise the current level of service to the community level of service within the following ten (10) year period; (ii) indicate the nature, location, and cost of infrastructure that is necessary to raise the current level of service to the community

level of service; and, (iii) identify the revenue sources and estimate the amount of the revenue sources that the City intends to use to raise the current level of service to the community level of service for existing development (IC 36-7-4-1318(c)).

The City’s capital improvement priorities for parks and recreational infrastructure needed to maintain the current level of service is summarized in the “New Infrastructure” section of this document. Additionally, the analysis detailed in the “Community Profile” section of this document includes the projected residential growth within the City. Based upon this information and analysis, this zone improvement plan proposes to maintain the City’s current level of service as the community’s level of service.

IMPACT FEE

COUNTY + STATE COMPARABLE FEES

For reference purposes only, below are adopted park and recreational impact fees of other communities in Hamilton County and Indiana (as of November 2017).

Community	Impact Fee Rate (per Single-Family Dwelling)
Carmel (2015 Ord.)	\$2,031 (2015); \$2,234 (2016); \$2,457 (2017); \$2,702 (2018); \$2,972 (2019)
Noblesville (2015 Ord.)	\$1,546
Fishers (2016 Ord.)	\$1,070
Brownsburg (2014 Ord.)	\$1,058 (2015); \$1,090 (2016); \$1,123 (2017); \$1,156 (2018); \$1,191 (2019)
Greenwood (2015 Ord.)	\$1,206 (with annual increases tbd)
Valparaiso (2015 Ord.)	\$1,288
Greenfield (2014 Ord.)	\$1,153
Avon (2012 Ord.)	\$987
Plainfield (2012 Ord.)	\$730
Zionsville (2011 Ord.)	\$1,221

Chart 6: Other Park and Recreational Impact Fees

INFLATION VARIABLE

The estimated costs and values used in this plan are based on current (2017) costs and values. Construction and land costs vary annually, as adjusted for construction and consumer price inflation.

Cost indices generally rely on adjusted gross domestic product (GDP) correlating to a specific region and industry as a benchmark. One resource to consider for regional-specific adjustments in inflation is the The Bureau of Economic Analysis: U.S. Department of Commerce’s [“Gross Domestic Product by Metropolitan Area, 2016”](#) (the “GDP Report”). The GDP Report lists the following changes in real GDP for the Indianapolis-Carmel-Anderson, IN Metropolitan Area:

2012	2013	2014	2015	2016
0.0%	4.3%	1.1%	-0.5%	2.1%

Chart 7: Metropolitan Area GDP Changes

These changes do not include, however, adjustments for increases in local land acquisition costs.

CALCULATIONS

Indiana Code does not require a particular methodology in preparing the impact fee schedule or formula; however, it does provide that an impact fee on new development may not exceed “impact costs” minus the sum of nonlocal revenues and impact deductions.

The impact costs needed to meet future needs (see “New Infrastructure” section of this document) are estimated at \$23,365,000.

The City has received “non-local revenues” of \$2,515,590 over the last five (5) years. The City aggressively pursues in-kind donations and grants. As such and for purposes of this analysis, the City anticipates receiving non-local revenues over the next ten (10) years generally consistent with those non-local revenues received over the last five (5) years.

The City does not currently have nor does it anticipate a park tax levy within the time frame of this analysis. As a result, no impact deductions are anticipated to be used to cover to defray the capital costs.

The projected growth within the impact zone (see “Growth Projections” section of this document), is 12,845 new households over the next ten (10) years.

IC 36-7-4-1321 Fee schedule or formula; requirements; limitations

Sec. 1321. (b) As used in this section, “impact costs” means a reasonable estimate, made at the time the impact fee is assessed, of the proportionate share of the costs incurred or to be incurred by the unit in providing infrastructure of the applicable type in the impact zone that are necessary to provide the community level of service for the development. The amount of impact costs may not include the costs of infrastructure of the applicable type needed to raise the current level of service in the impact zone to the community level of service in the impact zone for development that is existing at the time the impact fee is assessed.

(c) As used in this section, “nonlocal revenue” means a reasonable estimate, made at the time the impact fee is assessed, of revenue that:

(1) will be received from any source (including but not limited to state or federal grants) other than a local government source; and

(2) is to be used within the impact zone to defray the capital costs of providing infrastructure of the applicable type.

(d) As used in this section, “impact deductions” means a reasonable estimate, made at the time the impact fee is assessed, of the amounts from the following sources that will be paid during the ten (10) year period after assessment of the impact fee to defray the capital costs of providing infrastructure of the applicable types to serve a development:

(1) Taxes levied by the unit or on behalf of the unit by an applicable infrastructure agency that the fee payer and future owners of the development will pay for use within the geographic area of the unit.

(2) Charges and fees, other than fees paid by the fee payer under this chapter, that are imposed by any of the following for use within the geographic area of the unit:

(A) An applicable infrastructure agency.

(B) A governmental entity.

(C) A not-for-profit corporation created for governmental purposes.

As a result, the formula for impact fees is as follows:

Impact Costs	\$ 23,365,000
Minus Non-Local Revenues	\$ 5,031,180
Minus Impact Deductions	\$ 0
Divided by Projected New Households	12,845
Impact Fee per New Household	\$ 1,427

Chart 8: Impact Fee Formula

RECOMMENDATION

The impact fee is not expected to be the sole source of revenue over the next ten (10) years. However, given the rapid pace of projected growth in the City, this zone improvement plan recognizes that impact fees will be the primary source of revenue for capital improvements needed to maintain the community’s level of service for park and recreational infrastructure.

Much like the delay in the collection of property taxes, there is typically a delay when capital improvements for parks and recreation are made following the realized impact of new development. This results in a delay of time from when new development impacts the park and recreational facilities to when improvements are made to return the level of service back to the community’s level of service.

The City prioritizes park and recreational facilities as an important public infrastructure investment that positively contributes to the quality of life and sustainability of the community.

As a result, based upon the analysis herein, the recommended park and recreational impact fee as calculated herein is \$1,427.00 per dwelling unit, with a recommended annual increase adjustment of two percent (2.0%), resulting in a schedule as follows:

Year	Rate per Dwelling Unit
Year 1	\$ 1,427.00
Year 2	\$ 1,455.00
Year 3	\$ 1,485.00
Year 4	\$ 1,515.00
Year 5	\$ 1,545.00

APPENDIX

INDIANA CODE 36-7-4-1300

As added by Acts 1981, P.L.309, SEC.23.

IC 36-7-4-1300 1300 Series—Impact Fees

Sec. 1300. This series (sections 1300 through 1399 of this chapter) may be cited as follows: 1300 SERIES — IMPACT FEES.

As added by P.L.221-1991, SEC.1.

IC 36-7-4-1301 "Community level of service" defined

Sec. 1301. As used in this series, "community level of service" means a quantitative measure of the service provided by the infrastructure that is determined by a unit to be appropriate.

As added by P.L.221-1991, SEC.2.

IC 36-7-4-1302 "Current level of service" defined

Sec. 1302. As used in this series, "current level of service" means a quantitative measure of service provided by existing infrastructure to support existing development.

As added by P.L.221-1991, SEC.3.

IC 36-7-4-1303 "Development" defined

Sec. 1303. As used in this series, "development" means an improvement of any kind on land.

As added by P.L.221-1991, SEC.4.

IC 36-7-4-1304 "Fee payer" and "person" defined

Sec. 1304. (a) As used in this series, "fee payer" means the following:

- (1) A person who has paid an impact fee.
- (2) A person to whom a person who paid an impact fee has made a written assignment of rights concerning the impact fee.
- (3) A person who has assumed by operation of law the rights concerning an impact fee.

(b) As used in this series, "person" means an individual, a sole proprietorship, a partnership, an association, a corporation, a fiduciary, or any other entity.

As added by P.L.221-1991, SEC.5.

IC 36-7-4-1305 "Impact fee" and "capital costs" defined

Sec. 1305. (a) As used in this series, "impact fee" means a monetary charge imposed on new development by a unit to defray or mitigate the capital costs of infrastructure that is required by, necessitated by, or needed to serve the new development.

(b) As used in this section, "capital costs" means the costs incurred to provide additional infrastructure to serve new development, including the following:

- (1) Directly related costs of construction or expansion of infrastructure that is necessary to serve the new development, including reasonable design, survey, engineering, environmental, and other professional fees that are directly related to the construction or expansion.
- (2) Directly related land acquisition costs, including costs incurred for the following:
 - (A) Purchases of interests in land.
 - (B) Court awards or settlements.
 - (C) Reasonable appraisal, relocation service, negotiation service, title insurance, expert witness, attorney, and other professional fees that are directly related to the land acquisition.
- (3) Directly related debt service, subject to section 1330 of this chapter.
- (4) Directly related expenses incurred in preparing or updating the comprehensive plan or zone improvement plan, including all administrative, consulting, attorney, and other professional fees, as limited by section 1330 of this chapter.

As added by P.L.221-1991, SEC.6.

IC 36-7-4-1306 "Impact fee ordinance" defined

Sec. 1306. As used in this series, "impact fee ordinance" means an ordinance adopted under section 1311 of this chapter.

As added by P.L.221-1991, SEC.7.

IC 36-7-4-1307 "Impact zone" defined

Sec. 1307. As used in this series, "impact zone" means a geographic area designated under section 1315 of this chapter.

As added by P.L.221-1991, SEC.8.

IC 36-7-4-1308 "Infrastructure" defined

Sec. 1308. As used in this series, "infrastructure" means the capital improvements that:

- (1) comprise:
 - (A) a sanitary sewer system or wastewater treatment facility;
 - (B) a park or recreational facility;
 - (C) a road or bridge;
 - (D) a drainage or flood control facility; or
 - (E) a water treatment, water storage, or water distribution facility;
- (2) are:
 - (A) owned solely for a public purpose by:
 - (i) a unit; or
 - (ii) a corporation created by a unit; or
 - (B) leased by a unit solely for a public purpose; and
- (3) are included in the zone improvement plan of the impact zone in which the capital improvements are located.

The term includes site improvements or interests in real property needed for a facility listed in subdivision (1).

As added by P.L.221-1991, SEC.9.

IC 36-7-4-1309 "Infrastructure type" defined

Sec. 1309. As used in this series, "infrastructure type" means any of the following types of infrastructure covered by an impact fee ordinance:

- (1) Sewer, which includes sanitary sewerage and wastewater treatment facilities.
- (2) Recreation, which includes parks and other recreational facilities.
- (3) Road, which includes public ways and bridges.
- (4) Drainage, which includes drains and flood control facilities.
- (5) Water, which includes water treatment, water storage, and water distribution facilities.

As added by P.L.221-1991, SEC.10.

IC 36-7-4-1310 "Infrastructure agency" defined

Sec. 1310. As used in this series, "infrastructure agency" means a political subdivision or an agency of a political subdivision responsible for acquiring, constructing, or providing a particular infrastructure type.

As added by P.L.221-1991, SEC.11.

IC 36-7-4-1311 Ordinance; jurisdiction to adopt; impact fees and other charges

Sec. 1311. (a) The legislative body of a unit may adopt an ordinance imposing an impact fee on new development in the geographic area over which the unit exercises planning and zoning jurisdiction. The ordinance must aggregate the portions of the impact fee attributable

to the infrastructure types covered by the ordinance so that a single and unified impact fee is imposed on each new development.

(b) If the legislative body of a unit has planning and zoning jurisdiction over the entire geographic area covered by the impact fee ordinance, an ordinance adopted under this section shall be adopted in the same manner that zoning ordinances are adopted under the 600 SERIES of this chapter.

(c) If the legislative body of a unit does not have planning and zoning jurisdiction over the entire geographic area covered by the impact fee ordinance but does have jurisdiction over one (1) or more infrastructure types in the area, the legislative body shall establish the portion of the impact fee schedule or formula for the infrastructure types over which the legislative body has jurisdiction. The legislative body of the unit having planning and zoning jurisdiction shall adopt an impact fee ordinance containing that portion of the impact fee schedule or formula if:

- (1) a public hearing has been held before the legislative body having planning and zoning jurisdiction; and
- (2) each plan commission that has planning jurisdiction over any part of the geographic area in which the impact fee is to be imposed has approved the proposed impact fee ordinance by resolution.

(d) An ordinance adopted under this section is the exclusive means for a unit to impose an impact fee. An impact fee imposed on new development to pay for infrastructure may not be collected after January 1, 1992, unless the impact fee is imposed under an impact fee ordinance adopted under this chapter.

(e) Notwithstanding any other provision of this chapter, the following charges are not impact fees and may continue to be imposed by units:

- (1) Fees, charges, or assessments imposed for infrastructure services under statutes in existence on January 1, 1991, if:
 - (A) the fee, charge, or assessment is imposed upon all users whether they are new users or users requiring additional capacity or services;
 - (B) the fee, charge, or assessment is not used to fund construction of new infrastructure unless the new infrastructure is of the same type for which the fee, charge, or assessment is imposed and will serve the payer; and
 - (C) the fee, charge, or assessment constitutes a reasonable charge for the services provided in accordance with IC 36-1-3-8(a)(6) or other governing statutes requiring that any fees, charges, or assessments bear a reasonable relationship to the infrastructure provided.
- (2) Fees, charges, and assessments agreed upon under a contractual agreement entered into before April 1, 1991, or fees, charges, and assessments agreed upon under a contractual agreement, if the fees, charges, and assessments are treated as impact deductions under section 1321(d) of this chapter if an impact fee ordinance is in effect.

As added by P.L.221-1991, SEC.12. Amended by P.L.149-2016, SEC.97.

IC 36-7-4-1312 Ordinance; prerequisites to adoption

Sec. 1312. (a) A unit may not adopt an impact fee ordinance under section 1311 of this series unless the unit has adopted a comprehensive plan under the 500 SERIES of this chapter for the geographic area over which the unit exercises planning and zoning jurisdiction.

(b) Before the adoption of an impact fee ordinance under section 1311 of this chapter, a unit shall establish an impact fee advisory committee. The advisory committee shall:

- (1) be appointed by the executive of the unit;
- (2) be composed of not less than five (5) and not more than ten (10) members with at least forty percent (40%) of the membership representing the development, building, or real estate industries; and
- (3) serve in an advisory capacity to assist and advise the unit with regard to the

adoption of an impact fee ordinance under section 1311 of this chapter.

(c) A planning commission or other committee in existence before the adoption of an impact fee ordinance that meets the membership requirements of subsection (b) may serve as the advisory committee that subsection (b) requires.

(d) Action of an advisory committee established under subsection (b) is not required as a prerequisite for the unit in adopting an impact fee ordinance under section 1311 of this chapter.

As added by P.L.221-1991, SEC.13.

IC 36-7-4-1313 Other permissible fees and charges of adopting unit

Sec. 1313. This series does not prohibit a unit from doing any of the following:

- (1) Imposing a charge to pay the administrative, plan review, or inspection costs associated with a permit for development.
- (2) Imposing, pursuant to a written commitment or agreement and as a condition or requirement attached to a development approval or authorization (including permitting or zoning decisions), an obligation to dedicate, construct, or contribute goods, services, land or interests in land, or infrastructure to a unit or to an infrastructure agency. However, if the unit adopts or has already adopted an impact fee ordinance under section 1311 of this chapter the following apply:

(A) The person dedicating, contributing, or providing an improvement under this subsection is entitled to a credit for the improvement under section 1335 of this chapter.

(B) The cost of complying with the condition or requirement imposed by the unit under this subdivision may not exceed the impact fee that could have been imposed by the unit under section 1321 of this chapter for the same infrastructure.

- (3) Imposing new permit fees, charges, or assessments or amending existing permit fees, charges, or assessments. However, the permit fees, charges, or assessments must meet the requirements of section 1311(e)(1)(A), 1311(e)(1)(B), and 1311(e)(1)(C) of this chapter.

As added by P.L.221-1991, SEC.14.

IC 36-7-4-1314 Ordinance; application

Sec. 1314. (a) Except as provided in subsections (b) and (c), an impact fee ordinance must apply to any development:

- (1) that is in an impact zone; and
- (2) for which a unit may require a structural building permit.

(b) An impact fee ordinance may not apply to an improvement that does not create a need for additional infrastructure, including the erection of a sign, the construction of a fence, or the interior renovation of a building not resulting in a change in use.

(c) As used in this section, "qualified property" has the meaning set forth in IC 36-1-8-18. Except as provided in subsection (d), an impact fee ordinance may not apply to qualified property, and an impact fee may not be imposed on qualified property.

(d) Upon the request of the owner of qualified property, an impact fee may be imposed on the qualified property.

As added by P.L.221-1991, SEC.15. Amended by P.L.200-2016, SEC.2.

IC 36-7-4-1315 Ordinance; establishment of impact zones

Sec. 1315. (a) An impact fee ordinance must establish an impact zone, or a set of impact zones, for each infrastructure type covered by the ordinance. An impact zone established for a particular infrastructure type is not required to be congruent with an impact zone established for a different infrastructure type.

(b) An impact zone may not extend beyond the jurisdictional boundary of an infrastructure agency responsible for the infrastructure type for which the impact zone was

established, unless an agreement under IC 36-1-7 is entered into by the infrastructure agencies.

(c) If an impact zone, or a set of impact zones, includes a geographic area containing territory from more than one (1) planning and zoning jurisdiction, the applicable legislative bodies and infrastructure agencies shall enter into an agreement under IC 36-1-7 concerning the collection, division, and distribution of the fees collected under the impact fee ordinance.

As added by P.L.221-1991, SEC.16.

IC 36-7-4-1316 Impact zones; geographical area

Sec. 1316. A unit must include in an impact zone designated under section 1315 of this chapter the geographical area necessary to ensure that:

- (1) there is a functional relationship between the components of the infrastructure type in the impact zone;
- (2) the infrastructure type provides a reasonably uniform benefit throughout the impact zone; and
- (3) all areas included in the impact zone are contiguous.

As added by P.L.221-1991, SEC.17.

IC 36-7-4-1317 Ordinance; identification of responsible infrastructure agency

Sec. 1317. A unit must identify in the unit's impact fee ordinance the infrastructure agency that is responsible for acquiring, constructing, or providing each infrastructure type included in the impact fee ordinance.

As added by P.L.221-1991, SEC.18.

IC 36-7-4-1318 Ordinance; zone improvement plan preparation; contents of plan

Sec. 1318. (a) A unit may not adopt an impact fee ordinance under section 1311 of this chapter unless the unit has prepared or substantially updated a zone improvement plan for each impact zone during the immediately preceding one (1) year period. A single zone improvement plan may be used for two (2) or more infrastructure types if the impact zones for the infrastructure types are congruent.

(b) Each zone improvement plan must contain the following information:

- (1) A description of the nature and location of existing infrastructure in the impact zone.
- (2) A determination of the current level of service.
- (3) Establishment of a community level of service. A unit may provide that the unit's current level of service is the unit's community level of service in the zone improvement plan.
- (4) An estimate of the nature and location of development that is expected to occur in the impact zone during the following ten (10) year period.
- (5) An estimate of the nature, location, and cost of infrastructure that is necessary to provide the community level of service for the development described in subdivision (4). The plan must indicate the proposed timing and sequencing of infrastructure installation.
- (6) A general description of the sources and amounts of money used to pay for infrastructure during the previous five (5) years.

(c) If a zone improvement plan provides for raising the current level of service to a higher community level of service, the plan must:

- (1) provide for completion of the infrastructure that is necessary to raise the current level of service to the community level of service within the following ten (10) year period;
- (2) indicate the nature, location, and cost of infrastructure that is necessary to raise the current level of service to the community level of service; and

(3) identify the revenue sources and estimate the amount of the revenue sources that the unit intends to use to raise the current level of service to the community level of service for existing development. Revenue sources include, without limitation, any increase in revenues available from one (1) or more of the following:

(A) Adopting or increasing the following:

- (i) The local income tax (IC 6-3.6-6).
- (ii) The county vehicle excise tax or the municipal vehicle excise tax, as applicable.
- (iii) The county wheel tax or the municipal wheel tax, as applicable.

(B) Imposing the property tax rate per one hundred dollars (\$100) of assessed valuation that the unit may impose to create a cumulative capital improvement fund under IC 36-9-14.5 or IC 36-9-15.5.

(C) Transferring and reserving for infrastructure purposes other general revenues that are currently not being used to pay for capital costs of infrastructure.

(D) Dedicating and reserving for infrastructure purposes any newly available revenues, whether from federal or state revenue sharing programs or from the adoption of newly authorized taxes.

(d) A unit must consult with a qualified engineer licensed to perform engineering services in Indiana when the unit is preparing the portions of the zone improvement plan described in subsections (b)(1), (b)(2), (b)(5), and (c)(2).

(e) A zone improvement plan and amendments and modifications to the zone improvement plan become effective after adoption as part of the comprehensive plan under the 500 SERIES of this chapter or adoption as part of the capital improvements program under section 503(5) of this chapter. If the unit establishing the impact fee schedule or formula and establishing the zone improvement plan is different from the unit having planning and zoning jurisdiction, the unit having planning and zoning jurisdiction shall incorporate the zone improvement plan as part of the unit's comprehensive plan and capital improvement plan.

(f) If a unit's zone improvement plan identifies revenue sources for raising the current level of service to the community level of service, impact fees may not be assessed or collected by the unit unless:

- (1) before the effective date of the impact fee ordinance the unit has available or has adopted the revenue sources that the zone improvement plan specifies will be in effect before the impact fee ordinance becomes effective; and
- (2) after the effective date of the impact fee ordinance the unit continues to provide adequate funds to defray the cost of raising the current level of service to the community level of service, using revenue sources specified in the zone improvement plan or revenue sources other than impact fees.

As added by P.L.221-1991, SEC.19. Amended by P.L.197-2016, SEC.123; P.L.256-2017, SEC.191.

IC 36-7-4-1319 Amendment to ordinance or zone improvement plan

Sec. 1319. (a) A unit shall amend a zone improvement plan to make adjustments in the nature, location, and cost of infrastructure and the timing or sequencing of infrastructure installations to respond to the nature and location of development occurring in the impact zone. Appropriate planning and analysis shall be carried out before an amendment is made to a zone improvement plan.

(b) A unit may not amend an impact fee ordinance if the amendment makes a significant change in an impact fee schedule or formula or if the amendment designates an impact zone or alters the boundary of a zone, unless a new or substantially updated zone improvement plan has been approved within the immediately preceding one (1) year period.

As added by P.L.221-1991, SEC.20.

IC 36-7-4-1320 Ordinance; fee schedule and formula

Sec. 1320. (a) An impact fee ordinance must include:

- (1) a schedule prescribing for each impact zone the amount of the impact fee that is to be imposed for each infrastructure type covered by the ordinance; or
- (2) a formula for each impact zone by which the amount of the impact fee that is to be imposed for each infrastructure type covered by the ordinance may be derived.

(b) A schedule or formula included in an impact fee ordinance must provide an objective and uniform standard for calculating impact fees that allows fee payers to accurately predict the impact fees that will be imposed on new development.

As added by P.L.221-1991, SEC.21.

IC 36-7-4-1321 Fee schedule or formula; requirements; limitations

Sec. 1321. (a) An impact fee schedule or formula described in section 1320 of this chapter shall be prepared so that the impact fee resulting from the application of the schedule or formula to a development meets the requirements of this section. However, this section does not require that a particular methodology be used in preparing the schedule or formula.

(b) As used in this section, "impact costs" means a reasonable estimate, made at the time the impact fee is assessed, of the proportionate share of the costs incurred or to be incurred by the unit in providing infrastructure of the applicable type in the impact zone that are necessary to provide the community level of service for the development. The amount of impact costs may not include the costs of infrastructure of the applicable type needed to raise the current level of service in the impact zone to the community level of service in the impact zone for development that is existing at the time the impact fee is assessed.

(c) As used in this section, "nonlocal revenue" means a reasonable estimate, made at the time the impact fee is assessed, of revenue that:

- (1) will be received from any source (including but not limited to state or federal grants) other than a local government source; and
- (2) is to be used within the impact zone to defray the capital costs of providing infrastructure of the applicable type.

(d) As used in this section, "impact deductions" means a reasonable estimate, made at the time the impact fee is assessed, of the amounts from the following sources that will be paid during the ten (10) year period after assessment of the impact fee to defray the capital costs of providing infrastructure of the applicable types to serve a development:

- (1) Taxes levied by the unit or on behalf of the unit by an applicable infrastructure agency that the fee payer and future owners of the development will pay for use within the geographic area of the unit.
- (2) Charges and fees, other than fees paid by the fee payer under this chapter, that are imposed by any of the following for use within the geographic area of the unit:
 - (A) An applicable infrastructure agency.
 - (B) A governmental entity.
 - (C) A not-for-profit corporation created for governmental purposes.

Charges and fees covered by this subdivision include tap and availability charges paid for extension of services or the provision of infrastructure to the development.

(e) An impact fee on a development may not exceed:

- (1) impact costs; minus
- (2) the sum of nonlocal revenues and impact deductions.

As added by P.L.221-1991, SEC.22.

IC 36-7-4-1322 Fee assessment date; increase or decrease in fees; developments against which fees may not be assessed; existing contracts

Sec. 1322. (a) Except as provided in subsection (b), an impact fee ordinance must require that, if the fee payer requests, an impact fee on a development must be assessed not later than thirty (30) days after the earlier of:

- (1) the date the fee payer obtains an improvement location permit for the development; or
- (2) the date that the fee payer voluntarily submits to the unit a development plan for the development and evidence that the property is properly zoned for the proposed development. The plan shall be in the form prescribed by the unit's zoning ordinance and shall contain reasonably sufficient detail for the unit to calculate the impact fee.

(b) An impact fee ordinance may provide that if a proposed development is of a magnitude that will require revision of the zone improvement plan in order to appropriately serve the new development, the unit shall revise the unit's zone improvement plan and shall assess an impact fee on a development not later than one hundred eighty (180) days after the earlier of the following:

- (1) The date on which the fee payer obtains an improvement location permit for the development.
- (2) The date on which the fee payer submits to the unit a development plan for a development and evidence that the property is properly zoned for the proposed development. The development plan must be in the form prescribed by the unit's zoning ordinance and must contain reasonably sufficient detail for the unit to calculate the impact fee.

(c) An impact fee assessed under subsections (a) or (b) may be increased only if the structural building permit has not been issued for the development and the requirements of subsection (d) are satisfied. In the case of a phased development, only a portion of an impact fee assessed under subsection (a) or (b) that is attributable to the portion of the development for which a permit has not been issued may be increased if the requirements of subsection (d) are satisfied.

(d) Unless the improvement location permit or development plan originally submitted for the development is changed so that the amount of impact on infrastructure the development creates in the impact zone is significantly increased, an impact fee assessed under:

- (1) subsection (a)(1) or (b)(1) may not be increased for the period of the improvement location permit's validity; and
- (2) subsection (a)(2) or (b)(2) may not be increased for three (3) years.

(e) An impact fee assessed under subsection (a) or (b) shall be decreased if the improvement location permit or development plan originally submitted for the development is changed so that the amount of impact on infrastructure that the development creates in the impact zone is significantly decreased. If a change occurs in the permit or plan that results in a decrease in the amount of the impact fee after the fee has been paid, the unit that collected the fee shall immediately refund the amount of the overpayment to the fee payer.

(f) If the unit fails to assess an impact fee within the period required by subsection (a) or (b), the unit may not assess an impact fee on the development unless the development plan originally submitted for the development is materially and substantially changed.

(g) Notwithstanding other provisions in this chapter, a unit may not assess an impact fee against a development if:

- (1) an improvement location permit has been issued for all or a part of a development before adoption of an impact fee ordinance that is in compliance with this chapter; and
- (2) the development satisfies all of the following criteria:
 - (A) The development is zoned for commercial or industrial use before January 1, 1991.
 - (B) The development will consist primarily of new buildings or structures. As used in this clause, the term "new buildings or structures" does not include additions or expansions of existing buildings or structures.
 - (C) The parts of the development for which a structural building permit has not been issued are owned or controlled by the person that owned or controlled the development on January 1, 1991.
 - (D) A structural building permit is issued for the development not more than four (4)

years after the effective date of the impact fee ordinance.

(E) The development is part of a common scheme of development that:

- (i) involves land that is contiguous;
- (ii) involves a plan for development that includes a survey of the land, engineering drawings, and a site plan showing the anticipated size, location, and use of buildings and the anticipated location of streets, sewers, and drainage;
- (iii) if plan approval is required, resulted in an application being filed with an appropriate office, commission, or official of the unit before January 1, 1991, that resulted or may result in approval of any phase of the development plan referred to in item (ii);
- (iv) has been diligently pursued since January 1, 1991;
- (v) resulted before January 1, 1991, in a substantial investment in creating, publicizing, or implementing the common scheme of development; and
- (vi) involved the expenditure of significant funds before January 1, 1991, for the provision of improvements, such as roads, sewers, water treatment facilities, water storage facilities, water distribution facilities, drainage systems, or parks, that are on public lands or are available for other development in the area.

(h) Notwithstanding any other provision of this chapter, this chapter does not impair the validity of any contract between a unit and a fee payer that was:

- (1) entered into before January 1, 1991; and
- (2) executed in consideration of zoning amendments or annexations requested by the fee payer.

As added by P.L.221-1991, SEC.23.

IC 36-7-4-1323 Fee due date; proration; repeal or lapse of ordinance

Sec. 1323. (a) Except as provided in section 1324 of this chapter, an impact fee assessed in compliance with section 1322 of this chapter is due and payable on the date of issuance of the structural building permit for the new development on which the impact fee is imposed.

(b) For a phased development, an impact fee shall be prorated for purposes of payment according to the impact of the parcel for which a structural building permit is issued in relation to the total impact of the development. In accordance with section 1324 of this chapter, only the prorated portion of the assessed impact fee is due and payable on the issuance of the permit.

(c) If an impact fee ordinance is repealed, lapses, or becomes ineffective after the assessment of an impact fee on a development but before the issuance of the structural building permit for part or all of the development:

- (1) any part of the impact fee attributable to the part of the development for which a structural building permit has not been issued is void and is not due and payable, in the case of a phased development; and
- (2) the entire impact fee is void and is not due and payable, in the case of a development other than a phased development.

As added by P.L.221-1991, SEC.24.

IC 36-7-4-1324 Ordinance; installment payment plan; fee upon permit issuance; interest; penalty for late payment

Sec. 1324. (a) An impact fee ordinance must include an installment payment plan. The installment payment plan must at least offer a fee payer the option of paying part of an impact fee in equal installment payments if the impact fee is greater than five thousand dollars (\$5,000). In an installment plan under this section:

- (1) a maximum of five thousand dollars (\$5,000) or five percent (5%) of the impact fee, whichever is greater, may become payable on the date the structural building permit is issued for the development on which the fee is imposed;

(2) the first installment may not become due and payable less than one (1) year after the date the structural building permit is issued for the development on which the fee is imposed; and

(3) the last installment may not be due and payable less than two (2) years after the date the structural building permit is issued for the development on which the fee is imposed.

(b) An impact fee ordinance may require an impact fee of five thousand dollars (\$5,000) or less to be paid in full on the date the structural building permit is issued for the development on which the impact fee is imposed.

(c) An impact fee ordinance may provide that a reasonable rate of interest, not to exceed the prejudgment rate of interest in effect at the time the interest accrues, may be charged if the fee payer elects to pay in installments. If interest is charged, the ordinance must provide that interest accrues only on the portion of the impact fee that is outstanding and does not begin to accrue until the date the structural building permit is issued for the development or the part of the development on which the impact fee is imposed.

(d) An impact fee ordinance may provide that if all or part of an installment is not paid when due and payable, the amount of the installment shall be increased on the first day after the installment is due and payable by a penalty amount equal to ten percent (10%) of the installment amount that is overdue. If interest is charged under subsection (c), the interest shall be charged on the penalty amount.

As added by P.L.221-1991, SEC.25.

IC 36-7-4-1325 Collection of unpaid fees; lien; receipt for payments

Sec. 1325. (a) A unit may use any legal remedy to collect an impact fee imposed by the unit. A unit must bring an action to collect an impact fee and all penalties, costs, and collection expenses associated with a fee not later than ten (10) years after the fee or the prorated portion of the impact fee first becomes due and payable.

(b) On the date a structural building permit is issued for the development of property on which the impact fee is assessed, the unit acquires a lien on the real property for which the permit is issued. For a phased development, the amount of the lien may not exceed the prorated portion of the impact fee due and payable in one (1) or more installments at the time the structural building permit is issued.

(c) A lien acquired by a unit under this section is not affected by a sale or transfer of the real property subject to the lien, including the sale, exchange, or lease of the real property under IC 36-1-11.

(d) A lien acquired by a unit under this section continues for ten (10) years after the impact fee or the prorated portion of the impact fee becomes due and payable. However, if an action to enforce the lien is filed within the ten (10) year period, the lien continues until the termination of the proceeding.

(e) A holder of a lien of record on any real property on which an impact fee is delinquent may pay the delinquent impact fee and any penalties and costs. The amount paid by the lien holder is an additional lien on the real property in favor of the lien holder and is collectible in the same manner as the original lien.

(f) If a person pays an impact fee assessed against any real property, the person is entitled to a receipt for the payment that is:

- (1) on a form prescribed by the impact fee ordinance; and
- (2) issued by a person designated in the impact fee ordinance.

As added by P.L.221-1991, SEC.26.

IC 36-7-4-1326 Ordinance; special reduced rates for affordable housing development

Sec. 1326. (a) An impact fee ordinance may provide for a reduction in an impact fee for housing development that provides sale or rental housing, or both, at a price that is affordable

to an individual or a family earning less than eighty percent (80%) of the median income for the county in which the housing development is located. If the housing development comprises more than one (1) residential unit, the impact fee reduction shall apply only to the residential units that are affordable to an individual or a family earning less than eighty percent (80%) of the median income of the county.

(b) If the impact fee ordinance provides for a reduction in an impact fee under subsection (a), the ordinance must:

- (1) contain a schedule or formula that sets forth the amount of the fee reduction for various types of housing development specified in subsection (a);
- (2) require that, as a condition of receiving the fee reduction, the owner execute an agreement that:
 - (A) is binding for a period of at least five (5) years on the owner and subsequent owners; and
 - (B) limits the tenancy of residential units receiving the fee reduction to individuals or families who at the time the tenancy is initiated are earning less than eighty percent (80%) of the median income of the county;
- (3) contain standards to be used in determining if a particular housing development specified in subsection (a) will receive a fee reduction; and
- (4) designate a board or an official of the unit to conduct the hearing required by subsection (c).

(c) A fee reduction authorized by this section must be approved by a board or official of the unit at a public hearing.

As added by P.L.221-1991, SEC.27.

IC 36-7-4-1327 Fee reduction; appeal procedures

Sec. 1327. An impact fee ordinance must provide a procedure through which the fee reduction decision made under section 1326 of this chapter may be appealed by the following persons:

- (1) The person requesting the fee reduction.
- (2) An infrastructure agency responsible for infrastructure of the applicable type for the impact zone in which the impact fee reduction is granted.

As added by P.L.221-1991, SEC.28.

IC 36-7-4-1328 Fee reduction; complementary payment by granting unit

Sec. 1328. A unit that provides a fee reduction under section 1326 of this chapter shall pay into the account or accounts established for the impact zone in which the fee was reduced an amount equal to the amount of the fee reduction.

As added by P.L.221-1991, SEC.29.

IC 36-7-4-1329 Fund for impact fee collections; establishment; management; reports

Sec. 1329. (a) A unit imposing an impact fee shall establish a fund to receive amounts collected under this series.

(b) Money in a fund established under subsection (a) at the end of the unit's fiscal year remains in the fund. Interest earned by the fund shall be deposited in the fund.

(c) The fiscal officer of the unit shall manage the fund according to the provisions of this series. The fiscal officer shall annually report to the unit's plan commission and to each infrastructure agency responsible for infrastructure in an impact zone. The report must include the following:

- (1) The amount of money in accounts established for the impact zone.
- (2) The total receipts and disbursements of the accounts established for the impact zone.
- (d) A separate account shall be established in the fund for each impact zone established

by the unit and for each infrastructure type within each zone. Interest earned by an account shall be deposited in that account.

As added by P.L.221-1991, SEC.30.

IC 36-7-4-1330 Use of fees

Sec. 1330. An impact fee collected under this series shall be used for the following purposes:

- (1) Providing funds to an infrastructure agency for the provision of new infrastructure that:
 - (A) is necessary to serve the new development in the impact zone from which the fee was collected; and
 - (B) is identified in the zone improvement plan.
- (2) In an amount not to exceed five percent (5%) of the annual collections of an impact fee, for expenses incurred by the unit that paid for the consulting services that were used to establish the impact fee ordinance.
- (3) Payment of a refund under section 1332 of this chapter.
- (4) Payment of debt service on an obligation issued to provide infrastructure described in subdivision (1).

As added by P.L.221-1991, SEC.31.

IC 36-7-4-1331 Infrastructure construction

Sec. 1331. (a) An infrastructure agency shall, within the time described in the zone improvement plan, construct infrastructure for which:

- (1) a zone improvement plan has been adopted;
- (2) an impact zone has been established; and
- (3) an impact fee has been collected.

(b) A unit may amend the unit's zone improvement plan, including the time provided in the plan for construction of infrastructure, only if the amount of expenditures provided for the construction of infrastructure in the original plan does not decrease in any year and the benefit to the overall impact zone does not decrease because of the amendment.

As added by P.L.221-1991, SEC.32.

IC 36-7-4-1332 Impact fee refunds

Sec. 1332. (a) A fee payer is entitled to a refund of an impact fee if an infrastructure agency:

- (1) has failed to complete a part of the infrastructure for which the impact fee was imposed not later than:
 - (A) twenty-four (24) months after the time described in section 1331 of this chapter; or
 - (B) a longer time as is reasonably necessary to complete the infrastructure if unforeseeable and extraordinary circumstances that are not in whole or in part caused by the unit have delayed the construction;
- (2) has unreasonably denied the fee payer the use and benefit of the infrastructure during the useful life of the infrastructure; or
- (3) has failed within the earlier of:

- (A) six (6) years after issuance of the structural building permit; or
 - (B) the anticipated infrastructure completion date as specified in the zone improvement plan existing on the date the impact fee was collected;
- to make reasonable progress toward completion of the specific infrastructure for which the impact fee was imposed or thereafter fails to make reasonable progress toward completion.

(b) An application for a refund under subsection (a) must be filed with the unit that imposed the impact fee not later than two (2) years after the right to a refund accrues. A unit

shall issue a refund in part or in full or shall reject the application for refund not later than thirty (30) days after receiving an application for a refund.

(c) If a unit approves a refund in whole or in part, the unit shall pay the amount approved, plus interest from the date on which the impact fee was paid to the date the refund is issued. The interest rate shall be the same rate as the rate that the unit's impact fee ordinance provides for impact fee payments paid in installments.

(d) If a unit rejects an application for refund or approves only a partial refund, the fee payer may appeal not later than sixty (60) days after the rejection or partial approval to the unit's impact fee review board established under section 1338 of this chapter by filing with the board an appeal on a form prescribed by the board. The board shall issue instructions for completion of the form. The form and the instructions must be clear, simple, and understandable to a lay person.

(e) An impact fee ordinance shall designate the employee or official of the unit who is responsible for accepting, rejecting, and paying a refund and interest.

(f) A unit's impact fee review board shall hold a hearing on all appeals for a refund under this section. The hearing shall be held not later than forty-five (45) days after the application for appeal is filed with the board. A unit's impact fee review board shall provide notice of the application for refund to the infrastructure agency responsible for the infrastructure for which the impact fee was imposed.

(g) An impact fee review board holding a hearing under subsection (f) shall determine the amount of a refund that shall be made to the fee payer from the account established for the infrastructure for which the fee was imposed. A refund ordered by the board must include interest from the date the impact fee was paid to the date the refund is issued at the same rate the ordinance provides for impact fee payments paid in installments.

(h) A party aggrieved by a final decision of an impact fee review board in a hearing under subsection (f) may appeal to the circuit or superior court of the county in which the unit is located and is entitled to a trial de novo.

As added by P.L.221-1991, SEC.33.

IC 36-7-4-1333 Impact fees; appeal of amount before impact review board; judicial review; effect on pending fee payments

Sec. 1333. (a) A person against whom an impact fee has been assessed may appeal the amount of the impact fee. A unit may not deny issuance of a structural building permit on the basis that an impact fee has not been paid or condition issuance of the permit on the payment of an impact fee. However, in the case of an impact fee of one thousand dollars (\$1,000) or less a unit may require a fee payer to:

- (1) pay the impact fee; or
- (2) bring an appeal under this section;

before the unit issues a structural building permit for the development for which the impact fee was assessed.

(b) A person must file a petition for a review of the amount of an impact fee with the unit's impact fee review board not later than thirty (30) days after issuance of the structural building permit for the development for which the impact fee was assessed. An impact fee ordinance may require a petition to be accompanied by payment of a reasonable fee not to exceed one hundred dollars (\$100). A fee payer shall receive a full refund of the filing fee if:

- (1) the fee payer prevails;
- (2) the amount of the impact fee or the reductions or credits against the fee is adjusted by the unit, the board, or a court; and
- (3) the body ordering the adjustment finds that the amount of the fee, reductions, or credits were arbitrary or capricious.

(c) A unit's impact fee review board shall prescribe the form of the petition for review of an impact fee under subsection (b). The board shall issue instructions for completion of the form. The form and the instructions must be clear, simple, and understandable to a lay

person. The form must require the petitioner to specify:

- (1) a description of the new development on which the impact fee has been assessed;
- (2) all facts related to the assessment of the impact fee; and
- (3) the reasons the petitioner believes that the amount of the impact fee assessed is erroneous or is greater than the amount allowed by the fee limitations set forth in this series.

(d) A unit's impact fee review board shall prescribe a form for a response by a unit to a petition for review under this section. The board shall issue instructions for completion of the form. The form must require the unit to indicate:

- (1) agreement or disagreement with each item indicated on the petition for review under subsection (c); and
- (2) the reasons the unit believes that the amount of the fee assessed is correct.

(e) Immediately upon the receipt of a timely filed petition on the form prescribed under subsection (c), a unit's impact fee review board shall provide a copy of the petition to the unit assessing the impact fee. The unit shall not later than thirty (30) days after the receipt of the petition provide to the board a completed response to the petition on the form prescribed under subsection (d). The board shall immediately forward a copy of the response form to the petitioner.

(f) An impact fee review board shall:

- (1) review the petition and the response submitted under this section; and
- (2) determine the appropriate amount of the impact fee not later than thirty (30) days after submission of both petitions.

(g) A fee payer aggrieved by a final determination of an impact fee review board may appeal to the circuit or superior court of the county in which the unit is located and is entitled to a trial de novo. If the assessment of a fee is vacated by judgment of the court, the assessment of the impact fee shall be remanded to the board for correction of the impact fee assessment and further proceedings in accordance with law.

(h) If a petition for a review or an appeal of an impact fee assessment is pending, the impact fee is not due and payable until after the petition or appeal is finally adjudicated and the amount of the fee is determined.

IC 36-7-4-1334 Ordinance; appeal provision for amount of fees

Sec. 1334. An impact fee ordinance must set forth the reasons for which an appeal of the amount of an impact fee may be made. The impact fee ordinance must provide that an appeal of the amount of an impact fee may be made for the following reasons:

- (1) A fact assumption used in determining the amount of an impact fee is incorrect.
- (2) The amount of the impact fee is greater than the amount allowed under sections 1320, 1321, and 1322 of this chapter.

As added by P.L.221-1991, SEC.35.

IC 36-7-4-1335 Fee payer credits; infrastructure or improvements; amount of credit

Sec. 1335. (a) As used in this section, "improvement" means an improvement under section 1313(2) of this chapter or a site improvement, land, or real property interest as follows:

- (1) That is to be used for at least one (1) of the infrastructure purposes specified in section 1309 of this chapter.
- (2) That is included in or intended to be used relative to an infrastructure type for which the unit has imposed an impact fee in the impact zone.
- (3) That is not a type of improvement that is uniformly required by law or rule for the type of development on which the impact fee has been imposed.
- (4) That is or will be:

(A) public property; or
 (B) furnished or constructed under requirements of the unit and is or will be available for use by other development in the area.

(5) That is beneficial to existing development and future development in the impact zone and is not beneficial to only one (1) development.

(6) That either:
 (A) allows the removal of a component of infrastructure planned for the impact zone;
 (B) is a useful addition to the zone improvement plan; or
 (C) is reasonably likely to be included in a future zone improvement plan for the impact zone.

(7) That is:
 (A) constructed, furnished, or guaranteed by a bond or letter of credit under a request by an authorized official of the:
 (i) applicable infrastructure agency; or
 (ii) unit that imposed the impact fee; or
 (B) required to be constructed or furnished under a written commitment that:
 (i) is requested by an authorized official of the applicable infrastructure agency or the unit that imposed the impact fee;
 (ii) concerns the use or developing of the development against which the impact fee is imposed; and
 (iii) is made under section 1015 of this chapter.

(b) A fee payer is entitled to a credit against an impact fee if the owner or developer of the development constructs or provides:
 (1) infrastructure that is an infrastructure type for which the unit imposed an impact fee in the impact zone; or
 (2) an improvement.

(c) A fee payer is entitled to a credit under this section for infrastructure or an improvement that:
 (1) is constructed or furnished relative to a development after January 1, 1989; and
 (2) meets the requirements of this section.

(d) The amount of a credit allowed under this section shall be determined at the date the impact fee is assessed. However, if an assessment is not requested, the amount of the credit shall be determined at the time the structural building permit is issued. The amount of the credit shall be:
 (1) determined by the:
 (A) person constructing or providing the infrastructure or improvement; and
 (B) applicable infrastructure agency; and
 (2) equal to the sum of the following:
 (A) The cost of constructing or providing the infrastructure or improvement.
 (B) The fair market value of land, real property interests, and site improvements provided.

(e) The amount of a credit may be increased or decreased after the date the impact fee is assessed if, between the date the impact fee is assessed and the date the structural building permit is issued, there is a substantial and material change in the cost or value of the infrastructure or improvement that is constructed or furnished from the cost or value determined under subsection (d). However, at the time the amount of a credit is determined under subsection (d), the person providing the infrastructure or improvement and the applicable infrastructure agency may agree that the amount of the credit may not be changed. The person providing the infrastructure or improvement may waive the person's right to a credit under this section.

IC 36-7-4-1336 Fee payer credits; petition to determine amount; proceeding

before impact review board

Sec. 1336. (a) If the parties cannot agree on the cost or fair market value under section 1335(d) of this chapter, the fee payer or the person constructing or providing the infrastructure or improvement may file a petition for determination of the amount of the credit with the unit's impact fee review board not later than thirty (30) days after the structural building permit is issued for the development on which the impact fee is imposed. A petition under this subsection may be made as part of an appeal proceeding under section 1334 of this chapter or may be made under this section.

(b) An impact fee review board shall prescribe the form of the petition for determination of the amount of a credit under this section. The board shall issue instructions for completion of the form. The form and the instructions must be clear, simple, and understandable to a lay person.

(c) An impact fee review board shall prescribe a form for a response by the applicable infrastructure agency to a petition under this section for determination of a credit amount. The board shall issue instructions for completion of the form.

(d) Immediately after receiving a timely filed petition under this section for determination of a credit amount, an impact fee review board shall provide a copy of the petition to the applicable infrastructure agency. Not later than thirty (30) days after receiving a copy of the petition, the infrastructure agency shall provide to the board a response on the form prescribed under subsection (c). The board shall immediately provide the petitioner with a copy of the infrastructure agency's response.

(e) The impact fee review board shall:

- (1) review a petition and response filed under this section; and
- (2) determine the amount of the credit not later than thirty (30) days after the response is filed.

(f) A fee payer aggrieved by a final determination of an impact fee review board under this section:

- (1) may appeal to the circuit or superior court of the county in which the unit is located; and
- (2) is entitled to a trial de novo.

As added by P.L.221-1991, SEC.37.

IC 36-7-4-1337 Ordinance; allocation of credits to fee payer provisions

Sec. 1337. An impact fee ordinance shall do the following:

- (1) Establish a method for reasonably allocating credits to fee payers in situations in which the person providing infrastructure or an improvement is not the fee payer.
- (2) Allow the person providing infrastructure or an improvement to designate in writing a reasonable and administratively feasible method of allocating credits to future fee payers.

As added by P.L.221-1991, SEC.38.

IC 36-7-4-1338 Impact fee review board; membership; powers and duties

Sec. 1338. (a) Each unit that adopts an impact fee ordinance shall establish an impact fee review board consisting of three (3) citizen members appointed by the executive of the unit. A member of the board may not be a member of the plan commission. An impact fee ordinance must do the following:

- (1) Set the terms the members shall serve on the board.
- (2) Establish a procedure through which the unit's executive shall appoint a temporary replacement member meeting the qualifications of the member being replaced in the case of conflict of interest.

(b) An impact fee review board must consist of the following members:

- (1) One (1) member who is a real estate broker licensed in Indiana.
- (2) One (1) member who is an engineer licensed in Indiana.

(3) One (1) member who is a certified public accountant.

(c) An impact fee review board shall review the amount of an impact fee assessed, the amount of a refund, and the amount of a credit using the following procedures:

- (1) The board shall fix a reasonable time for the hearing of appeals.
- (2) At a hearing, each party may appear and present evidence in person, by agent, or by attorney.
- (3) A person may not communicate with a member of the board before the hearing with intent to influence the member's action on a matter pending before the board.
- (4) The board may reverse, affirm, modify, or otherwise establish the amount of an impact fee, a credit, a refund, or any combination of fees, credits, or refunds. For purposes of this subdivision, the board has all the powers of the official of the unit from which the appeal is taken.
- (5) The board shall decide a matter that the board is required to hear:
 - (A) at the hearing at which the matter is first presented; or
 - (B) at the conclusion of the hearing on the matter, if the matter is continued.
- (6) Within five (5) days after making a decision, the board shall provide a copy of the decision to the unit and the fee payer involved in the appeal.
- (7) The board shall make written findings of fact to support the board's decision.

As added by P.L.221-1991, SEC.39.

IC 36-7-4-1339 Declaratory relief; challenge of ordinance

Sec. 1339. (a) This section applies to a person having an interest in real property that may be subject to an impact fee ordinance if the development occurs on the property.

(b) A person may seek to:

- (1) have a court determine under IC 34-26-1 any question of construction or validity arising under the impact fee ordinance; and
- (2) obtain a declaration of rights, status, or other legal relations under the ordinance.

(c) The validity of an impact fee ordinance adopted by a unit or the validity of the application of the ordinance in a specific impact zone may be challenged under this section on any of the following grounds:

- (1) The unit has not provided for a zone improvement plan in the unit's comprehensive plan.
- (2) The unit did not prepare or substantially update the unit's zone improvement plan in the year preceding the adoption of the impact fee ordinance.
- (3) The unit has not identified the revenue sources the unit intends to use to implement the zone improvement plan, if identification of the revenue sources is required under section 1318(c) of this chapter.
- (4) The unit has not complied with the requirements of section 1318(f) of this chapter.
- (5) The unit has not made adequate revenue available to complete infrastructure improvements identified in the unit's zone improvement plan.
- (6) The impact fee ordinance imposes fees on new development that will not create a need for additional infrastructure.
- (7) The impact fee ordinance imposes on new development fees that are excessive in relation to the infrastructure needs created by the new development.
- (8) The impact fee ordinance does not allow for reasonable credits to fee payers.
- (9) The unit imposed a prohibition or delay on new development to enable the unit to complete the adoption of an impact fee ordinance.
- (10) The unit otherwise fails to comply with this series in the adoption of an impact fee ordinance.

As added by P.L.221-1991, SEC.40. Amended by P.L.1-1998, SEC.206.

IC 36-7-4-1340 Ordinance; effective date; duration; replacement

Sec. 1340. (a) An impact fee ordinance may take effect not earlier than six (6) months

after the date on which the impact fee ordinance is adopted by a legislative body.

(b) An impact fee may not be collected under an impact fee ordinance more than five (5) years after the effective date of the ordinance. However, a unit may adopt a replacement impact fee ordinance if the replacement impact fee ordinance complies with the provisions of this series.

As added by P.L.221-1991, SEC.41.

IC 36-7-4-1341 Delay of new development pending fee process

Sec. 1341. A unit may not prohibit or delay new development to wait for the completion of all or a part of the process necessary for the development, adoption, or updating of an impact fee.

As added by P.L.221-1991, SEC.42.

IC 36-7-4-1342 Application of 1300 Series to certain towns; expiration of provision

Sec. 1342. The general assembly finds that the powers of a local governmental unit to permit and provide for infrastructure are not limited by the provisions of this chapter except as expressly provided in this chapter.

As added by P.L.221-1991, SEC.43.

IC 36-7-4-1400 1400 Series—Development Plans; application of certain amendments to chapter

Sec. 1400. (a) This section and sections 1401, 1401.5, 1402, 1403, 1404, 1405, and 1406 of this chapter apply only to development plans initially submitted after December 31, 1995.

(b) This series (sections 1400 through 1499 of this chapter) may be cited as follows: 1400 SERIES—DEVELOPMENT PLANS.

As added by P.L.320-1995, SEC.22. Amended by P.L.220-2011, SEC.662.

IC 36-7-4-1401 "Development requirement" defined

Sec. 1401. As used in this series, "development requirement" means a requirement:

- (1) for development of real property in a zoning district for which a development plan is required; and
- (2) that conforms to section 1403 of this chapter.

As added by P.L.320-1995, SEC.23.

IC 36-7-4-1401.5 Power of legislative body to designate zoning districts where plan required

Sec. 1401.5. (a) A legislative body may, in a zoning ordinance, designate zoning districts in which a development plan is required. If a zoning district is designated under this section, the plan commission must approve or disapprove a development plan under this series for real property within the zoning district.

(b) The plan commission has exclusive authority to approve or disapprove a development plan for real property located within the plan commission's jurisdiction.

As added by P.L.320-1995, SEC.24. Amended by P.L.126-2011, SEC.44.

IC 36-7-4-1402 Designation by zoning ordinance

Sec. 1402. (a) This section applies if a zoning district is designated in a zoning ordinance under section 1401.5(a) of this chapter.

(b) In the zoning ordinance, the legislative body adopting the ordinance must specify the following:

- (1) Development requirements that must be satisfied before the plan commission may approve a development plan.
- (2) Plan documentation and supporting information that must be supplied to the plan

Indiana Code 2017

STAKEHOLDERS SUMMARY

Three separate meetings were held with groups that are directly influence and are influenced by the City of Westfield Parks and Recreation Department.

The first meeting was held with the Washington Township Trustee related to their Parks & Recreation Department. The township's focus is on MacGregor Park, just north of the City limits. They discussed potential future land acquisition opportunities for connections throughout Westfield and Washington Township to continue to provide passive recreation and 'nature' space for residents. The City and Township both expressed mutual desire to work together and avoid duplicating efforts through programs, parks, and events.

The second meeting invited the School Superintendent to discuss long-term goals and priorities for the School District which has a large interaction and adjacency with many parks. Many of the schools have trails or amenities that are or could be used by the public, and there is a mutual desire to work together in providing opportunities for the community. Some shared amenities and agreements will continue to be closely monitored in order to find more opportunities to collaborate efforts between the Schools and the City.

The final stakeholder meeting was with Hamilton County Parks and Recreation Department. With Cool Creek Park within the City limits, and Bray Park just northeast, there are many collaborative efforts and amenities provided to the community. The group discussed trail connectivity between parks and future trail extensions planned to connect with Cool Creek Park. Both departments host events throughout the year, and plan to continue to collaborate on schedules while trying to avoid direct duplication and competition between events.

1	Waiting to see if YMCA coming/what amenities will be available to determine what future needs will be	8/4/2017 12:48 PM
2	Thanks for all your hard work! :)	8/3/2017 9:55 PM
3	The splash pad and playground at Quaker park is very disappointing. It looks like a cheap version of the Monon center playground and park. We would love to have a Rec Center in Westfield too!	8/3/2017 6:56 PM
4	We moved from westfield to Noblesville about a year ago. The connections of trails and community space is nice. Dillon Park is a great example of the connections and trails/sidewalks reaching many neighborhood. We love walking to the park for concerts and walking the dog. I run a lot and most trails lead me into Carmel if I run there. I can run from the library area back all on trails.	8/1/2017 9:21 PM
5	keep up the great work.... Its hard to please everyone and Westfield has great safe places to play! Thanks!!!	8/1/2017 8:29 PM
6	My family and I love our Westfield parks. There is a wonderful variety of amenities and attractions at each park we frequent.	7/30/2017 11:56 PM
7	Build a trail bridge over 161st street before someone is killed!	7/29/2017 6:10 PM
8	We really need a community center with an indoor/outdoor pool and fitness equipment, something like the Monon Center in Carmel but without the extravagant water park. I'd love to see a YMCA or something similar. We live in a rural area and have no where nearby to join that we can have access to a pool and workout classes/equipment. We're definitely lacking in this aspect!	7/28/2017 7:53 PM
9	Keep up all the hard work! You all need more \$\$\$	7/28/2017 9:39 AM
10	When hosting the Rock the 4th, please set the event in a location that either facilitates the use of multiple parking lots or uses a larger one, as it was extremely difficult to find a parking space within a reasonable walking distance this year.	7/27/2017 9:22 AM

13	We could use another splash pad! Also- some changes to Touch a Truck. In 2016, the event was amazing and perfect for kids of all ages. The 2017 event was AWFUL. I can't imagine I would take my children again. Because of the increased marketing a hoopla and overall excitement for the event, it was actually OVER attended. I can deformity appreciate that Westfield is growing and is a desirable place for people to visit, but by growing our events (and city) so fast, we are in effect losing the best parts of our town! The crowds were massive, lines were insane, kids were easily lost from parents, and it defeated the purpose of being able to 'touch' the trucks bc it was just so so crowded!	7/26/2017 1:36 PM

16	Some parks, somewhere should have edgier equipment (more advanced obstacle course/climbing) to challenge older kids. There are plenty of places for the very young, elderly and at least one skate park. Build a natural climbing wall--not higher than six or seven feet but long and challenging. A bouldering wall really. Perhaps a six foot high ropes course???	7/26/2017 11:01 AM
17	Overall...very good department - well managed!	7/26/2017 10:32 AM
18	Thanks for listening! :)	7/22/2017 11:44 PM
19	The Monon trail has put Carmel on the map in many ways but Westfield is lagging behind. We have so many new communities popping up yet no access to this great trail system for all of the communities west of Springfield. Keeneland Park, Maple Knoll, Derby Ridge, a huge area is underserved, only with a coming soon Midland Trace crossing sign at 169th that has been there, "coming soon", for many years. We would like to connect through the incomplete Midland Trace trail and also connect to downtown via 169th but there isn't even a sidewalk between the Monon and Union St.	7/21/2017 10:06 PM
20	I'm hopeful you'll take a survey to determine need for a waterpark similar to Carmel's and indoor pool. We don't know of anyplace to swim in the winter. I would give a donation if you would proceed with a waterpark and indoor pool. I would like to see a plan to improve the timing of Grand Junction Plaza completion.	7/20/2017 9:38 PM
21	We live near Cool Creek and love it so much that we don't venture out to other parks much. It's the best.	7/20/2017 1:29 AM
22	Please put in a real bathroom facility at Freedom Trail Park! Bathrooms at every park with playgrounds, and get rid of all mulch! Add swings at Simon Moon Park and fix slide at Asa Bales.	7/19/2017 10:18 PM
23	Better utilization of existing parks - Armstrong and Freedom - improve amenities.	7/19/2017 3:26 PM
24	We need a dog park!	7/19/2017 10:33 AM
25	Need wider and continuous sidewalks for biking and walking to safely reach the parks.	7/19/2017 9:34 AM
26	More trees should be planted in the parks. A pedestrian bridge needs to be built on the Monon trail over 161st street.	7/19/2017 2:46 AM
27	expand simon moon park into the wetlands area being reclaimed behind city services. Also, you left out Macgregor Park.	7/18/2017 4:17 PM
28	Anyway, we could have better use of Grand Park for those of us who have paid for it?? Our activities get kicked out for other tournaments!	7/18/2017 3:33 PM
29	Please purchase the Wood Winds Golf course and facilities. Keep it public and also make it a public park.	7/18/2017 12:34 PM

30	More joint partnerships like putting on Fireside Tales. Low cost/effort and high value to the families. Giving options like that throughout the year would be great. Smaller events are less stressful for families as well.	7/18/2017 11:05 AM
31	We need a well-maintained, off-leash dog park. Not a tiny mud hole like the one in Clay Terrace. This is an awesome dog park: http://www.meadowrunpark.com	7/18/2017 9:34 AM
32	Too much is being done too fast and for too much money. Focus on making sure we can maintain what we have, not be wasteful but putting in more.	7/17/2017 5:04 PM
33	It would be great if the monon trail at 156th street connected to the trail at cool creek. There is no shoulder on the road there or sidewalk to get from one to the next. Also, in winter the trails along the main roads that connect to the monon are never plowed, forcing me to run on the street to get to the Monon.	7/17/2017 12:15 PM
34	The new turf at Quaker park is too bright.	7/17/2017 11:42 AM
35	161st and the monon needs the tunnel that is under the road connected. That intersection is dangerous and will get more so when the condos are done.	7/17/2017 9:34 AM
36	Its great that we have Grand Park but can't use it and that downtown Westfield is getting a trendy makeover, but the community has no pool, no dog park, and inadequate parks/ recreation facilities in the southwest quadrant.	7/16/2017 10:07 AM
37	I would really like to see Raymond Worth Park developed further with a playground.	7/14/2017 10:48 PM
38	Please considering serving the southwest! We do have Raymond worth. Maybe that could expand?	7/14/2017 9:40 AM
39	Please put a regular bathroom at Freedom Trails Park! We love that park but don't frequent it as much because of my children not wanting to use the port-o-potty	7/11/2017 8:41 PM
40	I love our parks and trails!	7/11/2017 9:17 AM
41	1. Please bridge busy sections of Monon (161st) 2. Please build Grand Junction Plaza	7/10/2017 5:01 PM
42	I wish there was a way to connect the existing trails, through a trail extension or sidewalks, to the Monon Trail either along 161st Street or 169th Street. It would be great to have the ability to ride our bikes to Grand Park. I think Grand Park and Grand Junction should be the focal point of our Parks and Recreation for Westfield!	7/10/2017 4:08 PM
43	I think having places for the kids to play is important, especially since Grand Park has ironically robbed many of the local youth of a place to participate in sports since the youth leagues are continually moved off those fields in favor of tournaments. Soccer for example, we used to have lots of places for the leagues to play and now we compete with high dollar tournaments and play on the worst fields in Grand Park instead of the large land we previously had, all because the city decided to zone that for apartments.	7/10/2017 9:53 AM
44	I hear about Westfield events in print via current or the Ownn publication. Print was not an option to choose from.	7/7/2017 4:03 PM
45	More needs to be done to preserve history and nature. There have been too many large trees and woods removed and not replaced in the name of progress.	7/7/2017 2:18 PM
46	Please leave Armstrong park alone as an open green space. It is frequented by lots of model rocket users - Boy Scouts and families like ours. The name seems to be very appropriate for a perfect open space for rocketry. I am sure Neil Armstrong (even though the park isn't named after him) would be proud to see kids being inspired and sharing in the hobby with friends and family.	7/6/2017 9:25 PM
47	People Build/Move to Westfield for Schools & Lifestyle. Recommend charging an Impact fee per development (\$3m/dev) to be put into a fund to draw from to maintain the parks.	7/6/2017 6:47 PM
48	Connect all the neighborhoods and trails for biking and walking friendly community	7/6/2017 5:38 PM
49	You all are wonderful. The parks add so much to our lives. Thank you!!! Keep fighting for more money!! Parks bring in so much value to an area. I would encourage you to work on connecting neighborhoods to existing parks so that more people could walk or ride to the parks and feel more connected.	7/6/2017 5:12 PM
50	Compared to neighboring communities, the parks in Westfield lack significant natural areas. Many in the community would like to see official efforts to save large open spaces and preserve their natural aspects.	7/6/2017 4:25 PM
51	We are lucky to be surrounded by Washington Township parks (Cool Creek/ McGregor) so no need to build redundant things that are already there. Grand junction and connecting all trails would be my 2 priorities.	7/6/2017 4:16 PM
52	Keep up the GREAT work!	7/6/2017 3:56 PM
53	Keep doing what you've been doing. So much better than say 10 years ago.	7/6/2017 2:39 PM
54	The trail system is Westfield's "beach". This is what helps active, young people to a city. anything to fill in the gaps and interconnections should be a priority. Westfield could also ask individuals to donate memorial trees and benches and art work to the park system. I would also like to see dedicated rugby and lacrosse fields.	7/6/2017 2:08 PM
55	Westfield needs to get out more information about their parks. There are several I've never heard of and have no idea where they are located. Until Grand Park begins to pay off, we don't need any more debt	7/6/2017 1:29 PM
56	You are doing a great job but there isn't anything that makes a Westfield park a 'must do' destination. Need some thing new and different to create excitement. I have suggested summer sledding at Simon Moon before, like the slides with potato sacks at theme parks.	7/6/2017 1:19 PM
57	Pool	7/6/2017 1:18 PM
58	Another aspect of park planning not considered in this survey is public art. Check out Loveland Colorado's public art program. Can be a good investment and helps differentiate the city from other cities nearby.	7/6/2017 12:40 PM
59	Relocate 32 by all means. If this is kept as a 'highway' thru the center of the town, it will prevent anything good from taking place. Have a seat in Hadley Park on any afternoon, and try to have a conversation with someone. Too loud from the trucks, too dirty, too disruptive. The only reason Cook wants 32 in town is to build it up to a Kokomo type bottleneck with development everywhere, and then relocate 32 in a Grand Gesture and sell all new land all over again. A Developer's Friend. Keeping 32 in town is anti citizen.	7/6/2017 11:57 AM

60	If budget is limited, the best choice IMO, is to meticulously maintain what is existing. Also it is glaringly obvious more land needs to be set aside for nature(preserves) to offset some of the sprawl.	7/6/2017 11:56 AM
61	We spend the majority of our time at Cool Creek park because it has lots to offer and is close to our home. Would love to see the path completed along 156th street to the trail going into park from Westfield Blvd. It is very dangerous to ride bikes or walk with children on the blind hill near the 31 overpass.	7/6/2017 11:22 AM
62	I feel that more can be done to development community within Westfield - parade, all day festival, etc	7/6/2017 11:12 AM
63	Work with Public Works & Safety (or whoever oversees construction projects) about a potential roundabout at union and mill st. If Grand Junction becomes a true success like Westfield is planning then the current traffic configuration will not work at all	7/6/2017 11:12 AM
64	Quarker and Simon Moon park redesign are geared to small kids. I would like to see these park include activities (Monkey bars, swings) for older kids like what used to be there. Due to the redesign now going to other parks outside of Westfield.	7/6/2017 10:47 AM
65	The lack of local restaurants and business at events like Rocks the 4th, is interesting. I believe there needs to be better effort to include local business. Making the process easy and inviting, (not intimidating) would make local business more willing to participate as well. Local businesses have seen outside vendors at many events and it has rubbed them the wrong way. Comments like "well the didn't even ask us" has been over heard. Your local business are the driving force in your community. The individual reach of those businesses could grow the parks events greatly as well through their social media and word of mouth. But if they are not included, they won't be inclined to help. Food for thought :) thanks for the work you guys do!	7/6/2017 10:03 AM
66	Top Priority is complete GJ and have funds available for ongoing operations. Get Community involved in Raising Money.	7/6/2017 9:53 AM
67	Great job!! Very anxious to have Grand Junction Plaza be done!!! Will be a huge asset for the city and residents will enjoy it so much!!	7/6/2017 8:49 AM
68	Innovative Playgrounds for a variety of ages with adequate shade structures and benches get used the most. The more creative the equipment, the more it is utilized by the public.	7/6/2017 8:24 AM
69	Look at other communities for ideas and developments. I really like the trail system. It would be nice to have more trees on the Monon and other trail system. I am happy what has been done. Keep up the great work.	7/6/2017 7:33 AM
70	Keep up the good work.	7/6/2017 7:24 AM
71	Would like updated information of what businesses are coming to the area, and when the trails are going to be developed especially, Little Eagle Creek Trail.	7/5/2017 11:42 PM
72	Spend less on events and more on growing substantive parks throughout the City.	7/5/2017 8:51 PM
73	You guys rock	7/5/2017 7:38 PM
74	We don't need a amphitheater or ice rink, keep it basic with walking paths and green spaces	7/5/2017 7:30 PM
75	The playground renovations at Quaker Park are awesome! We'd like to see the splash pad renovated as well or at the very least fixed so that every feature works well. Another park/playground with a water feature for kids would be great!	7/5/2017 7:07 PM
76	Grand Junction Plaza needs to be completed at this point, but you could make it an exceptional gathering place without some of the extra fluff. Be realistic with what you're asking for in sponsorships for things like a performance venue and make smart decisions within reasonable gifts expected from there. Armstrong Park continues to be a complete waste of space. I run by it often and think of how much it serves no current purpose, and it never gets used. Put in a disc golf and a boardwalk, and voila, it would get used. Westfield needs a dog park, but it needs to be away from a neighborhood, thus ruling out Armstrong, but a location kind of like a Raymond Worth. Armstrong is perfect for it, except for the increased traffic. etc., on an already busy thoroughfare through a neighborhood. Overall, we REALLY DO LIKE the parks in Westfield (we have 2 kids under 5 and use them frequently), but the thought of 27 Million unaccounted for dollars paying for Grand Junction with "goofy" (yes, the thought of the Indianapolis Symphony coming to this smaller venue seems like a pipe dream, and the ice skating building, etc., seems like something Arctic Zone could bring in and operate themselves seasonally - see Marion, IN at Christmas time for that) and impractical ideas, scares the bejesus out of me as a resident! I feel like that is a project that the city really needs to listen to its residents a bit more, and this is a step in the right direction for that, but the money already spent to bring in a "top of the line" designer just illustrates disregard for the local taxpayer. It's disrespectful. (and yes, I voted for Mayor Cook... every time) There are great parks littered through Carmel and Fishers without that irresponsible spending! ...and oh by the way, that doesn't even begin to cover the parking nightmare that is quickly becoming Grand Junction Plaza, and one can only imagine will get way worse, driving up more cost to adequately address it later. Many of the parks are fantastic! Keep building on those, make Grand Junction a reality, but do it responsibly and in the model that's been laid out in our own parks, and in Hamilton County Parks. We can be "Grand", but god, you guys are scaring me with Grand Junction Plaza!	7/5/2017 6:15 PM
77	I appreciate the vision of the city leadership but am truly concerned about the decision-making and financial commitment to Grand Park, ignoring amenities that all of westfield residents can use. Also, we need to complete the Monon Trail and build a tunnel under 161st street before someone is seriously injured. I drive and cycle through there daily and it's very unsafe for all.	7/5/2017 6:13 PM
78	Stop the money grab!	7/5/2017 6:03 PM
79	Try not to completely tear down green areas just to landscape them later. Try to preserve as much as you can. Thank you!	7/5/2017 4:36 PM
80	Need a public pool and more playground equipment. Quaker park update is nice but removed the large jungle gym, I think they should have added to existing rather than what they did.	7/5/2017 4:03 PM
81	Need a safe trail connecting west side to downtown. Especially when Grand a junction opens	7/5/2017 3:53 PM
82	How many cities of Westfield's size have no public pool? How many have neither a public pool or a golf course open to the public? We are very close to being the latter and in rare company.	7/5/2017 3:52 PM
83	More greenery, less building! We're a farm community.	7/5/2017 3:45 PM
84	Westfield Rocks The 4th has become bland and soulless at Grand Park. The attraction were very over hyped and many had next to no patrons for the yawn factor. From the time it opens to the time of fireworks, there is a lot of nothing time to bake in the hot sun. Many were leaving early as per the aforementioned. GP is a sports field park period! Stop trying to make it function beyond its intended design.	7/5/2017 3:35 PM
85	Keep up the good work! Proud of Westfield!	7/5/2017 3:28 PM
86	The completion of Grand Junction is crucial to the development of downtown, which seems to be stalled.	7/5/2017 3:23 PM
87	Need more equipment for older kids.	7/5/2017 3:22 PM
88	Please no campgrounds in westfield	7/5/2017 3:06 PM
89	Close to verge of a great CONTINOUSE trail and walk system. Buy many many gaps in connectivity prevent use. Street crossings particularly along springmill, greyhound pass, Oakridge, 156th and 161st	7/5/2017 1:18 PM
