PETITION HISTORY

This petition was introduced at the November 14, 2016 City Council meeting. The petition received a public hearing at the November 21, 2016 Advisory Plan Commission (the "APC") meeting. The APC forwarded this petition with a favorable recommendation (Vote: 9-0) at its November 21, 2016 meeting. This petition is eligible for adoption consideration at the November 28, 2016 Council meeting.

PROCEDURAL

Public Hearing: Changes in zoning are required to be considered at a public hearing by the APC. The public hearing for this petition was held at the November 21, 2016 meeting. Notice of the public hearing was provided in accordance with Indiana law and the APC's Rules of Procedure.

Statutory Considerations:

Indiana Code 36-7-4-603 states that in the consideration of zoning ordinance amendments and zone map changes that reasonable regard shall be paid to:

1. The Comprehensive Plan.
2. Current conditions and the character of current structures and uses.
3. The most desirable use for which the land is adapted.
4. The conservation of property values throughout the jurisdiction.
5. Responsible growth and development.

PROJECT OVERVIEW

Project Location: The 181st Street PUD is located on the south side of 181st Street, between U.S. 31 and Wheeler Road. The subject site is located within Parcel A of the 181st Street PUD, located at the southeast corner of 181st Street and Sun Park Drive.

Project History: The 181st Street PUD District ordinance (Ord. 14-03; APC Docket No. 1311-PUD-10) was approved by the City Council at its January 27, 2014 meeting. The 181st Street PUD District was designed to allow industrial uses for a limited time, but eventually convert to general business uses. The 181st Street PUD Ordinance does not allow industrial uses on the real estate after December 31, 2023. It also requires all buildings/building materials to be brought up to the standard at that time.

ZONING REQUEST

The petitioner requests this modification to the 181st Street PUD Ordinance to allow a brewery production facility and tasting room, as well as allow mobile food service vending on the site. State law (IC 7.1-3-20-9 & 905 IAC 1-20-1) requires places that sell alcohol by the “drink” are required to have food service available at all times. One of the ways to accomplish this is through mobile food service vending. This would essentially serve as a mobile kitchen for the brewery, and potentially offer a variety of food choices to patrons. The petitioner has included a concept plan and character exhibits. All site improvements regarding mobile food vending on this site would have to be substantially similar to those depicted in these exhibits.

RECOMMENDATIONS / ACTIONS

APC Recommendation

At its November 21, 2016, meeting, the APC forwarded a favorable recommendation of this change in zoning request to the Council (Vote of: 9 in favor, 0 opposed).

2. State Highway 32 Overlay Zone Modifications

- a. The Landscape and Amenity Requirement of the Overlay Zone (WC 16.04.065, 9) shall not be applicable; the streetscape along 181st Street and Wheeler Road shall be provided with a landscaping area adjacent to the right-of-way a minimum of ten (10) feet in width, which shall be limited to landscaping materials (a minimum of three (3) shade trees and 1 ornamental tree every one hundred (100) feet of frontage including five (5) shrubs per every thirty (30) feet of frontage). This ten (10) foot landscape area shall be unoccupied except for plant material, steps, pedestrian walkways, terraces, bike paths, utilities, driveways, lighting standards, signs or other similar structures (excluding parking).
- b. Pedestrian Pathways shall be installed within the future right-of-way of Wheeler Road (East Side) and 181st Street (South Side). They shall be a minimum of eight (8) feet in width and shall be constructed in compliance with the City of Westfield's Construction Standards and Specifications. The Pedestrian Pathway installation requirements that would normally apply at the Secondary platting stage shall apply, unless an agreement with the Westfield Public Works Department states otherwise.
- c. The number of loading berths shall be as is required under the Zoning Ordinance; except loading docks and other service areas shall be placed to the rear and/or side of the buildings.
- d. The Access Control requirements of the Overlay Zone (WC 16.04.065, 5) shall not be applicable, except for Parcels "B" through "E" shall have cross access easements to ensure interconnectivity between adjoining parcels, with restrictions on the use of any cross-access easements that may be of concern during the time of platting.
- e. Standards in the Overlay Zone that apply to the "State Highway 32 right-of-way line" shall be applied to the Wheeler Road and 181st Street right-of-way lines adjacent to the Real Estate.
- f. Fencing shall not be allowed in the front yard except for security purposes, as approved by the Director, or as otherwise allowed by the 181st Street PUD Ordinance.

B. Architectural Design Requirements – The design of the buildings shall be in accordance with the General Business (GB) District and State Highway 32 Overlay Zone standards in the Zoning Ordinance, except as modified below by the addition or modification of the provisions and text thereof:

1. State Highway 32 Overlay Zone

- a. Buildings with drive-thru windows on Parcels adjacent to 181st Street and Wheeler Road rights-of-ways shall not have the drive-thru window facing these rights-of-way.
- b. The State Highway 32 Overlay Zone's Architectural Design requirements (WC 16.04.065, 8) shall apply to building elevations of principal and accessory buildings, as defined by the City of Westfield and Washington Township Zoning Ordinance that have visibility from a Public Way. The State Highway 32 Overlay Zone's Architectural Design requirements shall not be required for building elevations that are not visible from a Public Way.
- c. There shall be no vinyl or aluminum siding allowed on any building, unless it exists at the time of the adoption of this Ordinance (the "Existing Siding"). The Existing Siding shall be removed if 1) on each building on a Parcel at the time development or redevelopment of each Parcel requires the Development Plan Review process, or 2) on each building at the time each building requires an Improvement Location Permit for a building exterior renovation or modification, whichever occurs first. At the time the Existing Siding is removed, the building elevations shall comply with the Architectural Design Requirements of this Ordinance. If a renovation or modification of a building exterior, (i.e. replacing the exterior façade) does not require an Improvement Location Permit, then the building elevation is not required to comply with the Architectural Design Requirements of this Ordinance. If a renovation or modification of a building exterior does require an Improvement Location Permit, then the building elevation shall comply with the Architectural Design requirements of this Ordinance.
- d. Standards in the Overlay Zone that apply to the "State Highway 32 right-of-way line" shall be applied to the Wheeler Road and 181st Street right-of-way lines adjacent to the Real Estate.
