Memorandum

To: Westfield Board of Public Works & Safety

Date: May 27, 2015

Re: Public Works Project Report

Memo to Board Members

Dear Board Members, I would like to take this opportunity to update you regarding the current status of our Public Works Departments.

Westfield Public Works Executive Summary Progress Report

Street Maintenance

Our current focus is on the installation of crack seal to maintain pavement integrity and help preserve our streets. FE Harding has applied infrared repair treatment on Oak Road and have started on 161st Street. We have also started the process of grading and installation of stone shoulders, as well as, continued efforts to address pothole situations and assist with projects at Grand Park.

Park Maintenance

Maintenance crews have been addressing irrigation repairs, tree trimming, and other miscellaneous park maintenance repairs. Most notably efforts have been performed on the irrigation at Quaker Park. The installation of the new trail connector through the park required the irrigation main to be moved and two zones to be reconfigured.

Notable changes since 3/25/15

1. 2015 Resurfacing and Maintenance Improvement Project (MIP)
169th Street from Gray to Carey has been resurfaced as a joint effort with Langston Development. Resurfacing on 169th from Oak Ridge to Birdseye will start early next week or soon if weather allows. Union will start once school is out followed by Springmill once the RAB and 32 are open to traffic.

2. 156th and Spring Mill Roundabout
Construction is almost complete and we expect this intersection to reopen on or around June 12th. If this week's forecast changes the goal will remain to open it to traffic on June 8th.
3. 161st and Oakridge RAB
Demolition is complete and utilities have begun relocation. The closure of this intersection is anticipated in late August.
4. Tomlinson and 191st Roundabout
Utility work continues and the project continues to progress. Because on the 31/32 ramp closures, this route will be the primary access to Grand Park, from US31, which will delay the partial closure.
5. Grand Park Blvd Extension
Construction of this new road is well under way. The new storm sewer infrastructure has been mostly installed and fill is currently being hauled in to elevate the roadway to the proposed grade. We anticipate this to be open to traffic on toward the end of August.

Construction Projects

1. 161st Street & Carey Road Roundabout
City Project Manager: Gary Pence
Designer: DLZ
Funding: 100% locally funded (Utility Proceeds)
Contractor: E&B Paving

Roundabout is currently open to traffic. The surface layer, signage, sidewalks, and other punch list items will be finished in the spring, as weather permits.
2. IMMI Way (Union Street Extension to East St.)
City Project Manager: Gary Pence
Designer: A & F Engineering
Funding: 100% Federal supported construction & inspection
INDOT Bid Date: August 2014

This is a new 3 lane section of roadway that connects N. Union St, to East St. The roadway is open to traffic and has signage, seeding, and other punch list items to complete this spring.

3. 191st and Tomlinson Roundabout

City Project Manager: Gary Pence

Designer: USI Consulting

Funding: Utility Proceeds

Utility work continues and the project continues to progress. Because on the 31/32 ramp closures, this route will be the primary access to Grand Park, from US31, which will delay the partial closure.

Other Notable Projects

City Project Manager: Gary Pence

1. 156th and Spring Mill Roundabout

The project is to put in new 2 lane roundabout replacing a 4 way stop controlled intersection. The project was let on January 14th, but unbalanced bids will require it to bid again. Most utilities are relocated and construction is anticipated this spring. Construction and inspection 100 percent reimbursable, by INDOT

2. 161st and Oakridge RAB

This project is to build a new 2 lane Roundabout in place of the current 4-way stop intersection. This project will be let on Feb 4th through INDOT. Demolition and utilities relocations are expected to start this spring with closure and construction anticipated when the 156th and Springmill RAB opens. Construction and inspection is 100 percent reimbursable, by INDOT.

3. Grand Park Blvd Extension

This project is a new boulevard roadway connection and roundabout from Wheeler Road north to the existing at 186th street RAB. This project is currently in construction with mostly earthmoving and storm drains work presently. Expected open to traffic near the end of June.

This project is a new boulevard roadway section, expending from SR 32 north and connect to a new roundabout at Casey Road. The roadway plans are 99 percent complete and right of way is clear. Utilities are still in need of relocations. The current plan is to split the project into two phases. The first contract would deal with fixing the drainage issues on Ditch Road south of SR 32 and new pipe under SR 32. There is currently no timeline for work, and will proceed when vertical construction plans are presented by the developer.

5. Towne Road for 156th street to 166th street

This project is for sight distance improvements, roadway widening and 3 culvert replacement project on Towne Road from 156th to 166th street. This project is INDOT funded project (all phases are 70/30 split). Currently waiting for design contract to be approved by INDOT. Plan to have consultant start survey and design work this spring. Let expected July 2017.
